

## AVIATION RECOGNIZED AS A POSTWAR "MUST"

People are thinking of aviation not as one of the better things of the postwar world, but as a postwar "must."

Fruit and milk will be flown to market. More of the weekend-end will be spent at the shore rather than on trains. People will be able to travel to more remote and exotic spots during vacation. Needed industrial supplies and repair parts will be flown and man hours saved.

Thousands of young men who have known the speed and convenience of air travel will be unwilling to depend on cars, buses and trains to carry on their necessities. They will fly their families with them on trips. They

will think of Rio and London as being no further than we consider New York and Chicago.

Airports will dot this and every foreign country. The rehabilitation of the war torn countries, the international nature of our postwar business, with being about an upsurge in aviation far beyond our present expectation.

Even our national security and the peace of the world will hinge on an extension of aviation, to weld the interests of all people in development rather than in destruction.

**Road Maintenance**  
As more state highways become improved, maintenance costs increase. In 1925 the cost of maintaining state-administered highways was \$110,300,000. In 1930 such costs were \$181,633,000, and in 1940 were \$215,993,000.

## Debaters To Appear At Pierson School

Four F.H.S. debaters will attend the Pierson School P.T.A. meeting on April 26. They will debate the question, "Resolved: Religion is the strongest weapon to prevent a civil war among races."

Lorraine Miner and Bernice Calkins of the affixes will be opposed by Tom Roseberry and Pauline Early. These are the same teams that first represented Farmington High in the University of Michigan Forensic tournaments last semester. —P.M.E.

**Darning Yarns**  
Best darning yarns are ravelings from a scrap you have saved or from the seams or hem in the garment. If possible, use lengthwise yarns for darning lengthwise and crosswise yarns for darning crosswise.

## Nancy Holmes SUGGESTS

THERE are more ways than sulphur in molasses to take a Spring tonic—even though it is supposed to be a tried and true favorite of our grandmothers. And one of the best pick-uppers is a change of diet. When warm weather begins, lighter foods immediately take on a greater importance in our menus.

Nancy Holmes of the Best Foods kitchens has a suggestion in the Spring tonic line and that's a Rosy Beet Salad. It's as pretty and fresh as those first jonquils and tastes just as good as it looks.

For a luncheon or supper menu, Nancy suggests that you start off with a Fruit Nectar-cocktail. With the Rosy Beet Salad serve Cold Cuts a la King and hot biscuits. For dessert, treat the sweet tooth to Chocolate Fluff Cake with your favorite beverage.

**Rosy Beet Salad**  
2 tablespoons 1/4 teaspoon pepper  
1/2 cup gelatin 1/4 teaspoon  
1 cup cold water 1/4 cup thinly  
1 cup boiling sliced celery  
5 tablespoons 1/2 cup grated  
1/2 cup vinegar new beets  
2 teaspoons can chopped  
chopped onion lettuce  
2 teaspoons sugar  
1 1/2 teaspoons salt Real mayonnaise  
Soak gelatin in cold water. Dissolve in boiling water. Add vinegar, onion, sugar and seasonings. Chill until slightly thickened. Fold in vegetables. Line a salad bowl with lettuce leaves, saving heart for center of salad. Pour gelatin mixture gently into salad bowl. Press lettuce heart into center of mixture. Chill until firm. Open lettuce heart gently and fill with real mayonnaise. Yield: 6 servings.

## MYSTERY OF SHOULDER DRAPES IS DISCLOSED

Thursday morning brought some surprises to the students of F.H.S. as eleven seniors walked through the halls wearing shoulder drapes of blue and plaques with the letters SCSU displayed on them.

The mystery was disclosed fifth hour in an assembly which named the members of the Charter Chapter of the National Honor Society. These seniors are Joyce Samuelson, Pat Young, Lois Goers, Fred Hamlin, Bud Aschenbrenner, Bernice Calkins, Bud Locker, Marion Vanderburg, Pauline Early, Sue Goodrich and Jean Power.

The awards were given to those who were outstanding in Character, Service, Leadership and Scholarship during their three and a half years in High School. —L.M.

## Busy Needles Create New Clothes

The sewing machine needle and thread have taken over the entire Home Economic classes with a bang.

In the classes of 1, 2 and 3, the most popular articles being made are broom-stick skirts, pinaflores, and shorty pajamas. Bright colored material is seen in every corner of the room.

The fourth year class is making the white ballet costumes for the twirlers, which they will wear in the Spring Concert. The girls are doing the usual fine job. —C.Y.

## Five Spellers Go To District Bee

On April 20 Miss Craig took the winners of the grade and school district spelling bee. The grade winners are Ann Louys, Michael Ferrante, Anne Plumton, Barbara Putman, and the school winner is Bertha Hipp. —E.S.

# The BLUE and WHITE

## SECOND STEP TAKEN TOWARD "TEEN CANTEN"

The latest developments concerning the "Teen Canteen" took place in a meeting April 18, at the Lutheran Church.

It was decided that each organization and church interested in the Canteen is to send one representative to a meeting, to be held May 16 in the high school cafeteria at 3 p.m. From these representatives three will be elected to form a committee, one to represent the religious groups, one the fraternal groups, and one civic interests. It will be this committee's responsibility to select two managers, one man and one woman, to be employed at the Canteen to keep things running smoothly.

The managers will be responsible to the committee, the committee to a specially appointed P.T.A. committee for the Canteen. Thus the P.T.A. (mothers, fathers, and friends of the high schoolers) will accept the main sponsorship of the "Teen Canteen." However, all other clubs and churches will be represented in the three-member committee.

The teenagers will take care of the actual running of their own Canteen. —P.M.E.

## WE DID IT AGAIN

On Friday last, as the sun shone brightly and the wind caressed about the green field of F.H.S., the sluggers of Farmington knocked out their second diamond victory of the season. Overpowering the Northville nine at the last of the second, the Falcons uphold the lead to the end of the game.

Dave Carley, the slinger of the day, eased the tension by knocking in the first run and starting the ball rolling as far as the Falcons were concerned. The final tabulation rated a Falcon victory, 5-1.

	AB	R	H	P	E
McLean	3	1	0	333	0
Cartee	2	0	0	000	0
Chapman	1	0	0	000	0
Bacon	3	0	0	000	0
Miller	3	0	0	000	0
Aschenbrenner	2	1	2	332	0
Tyler	2	2	2	557	0
Van Hulle	3	1	1	333	0
Carley	3	1	0	333	0

## APOLOGY

Through no fault of your staff the School Calendar, appearing in the April 12 issue, contained a few errors concerning athletic events. The corrections follow—

April 27: Baseball at Walled Lake.  
May 1: Baseball, Clarkston here.  
May 2: Track at Milford.  
May 4: Baseball, Brighton here.  
May 11: Baseball at Clareville.  
May 18: Baseball, Milford here.  
May 22: Baseball at Keego.  
May 23: Baseball, Plymouth here.  
Uncertain: League track meet.

## Variety Exhibited In Shop Projects

Things of interest certainly can be found in Farmington High School's shop. On a recent tour your reporter saw such examples of good handicraft as a record cabinet for the juke-box in the gym, a picnic table, and many attractive bookcases.

Deve Holmes and Arthur Orfino have to their credit a beautiful table made of cedar, gumwood, and white fir. The workmanship is to be commended.

The picnic table mentioned above soon can be seen in the yard of Mr. Snell (shop instructor). This table was made by Don McKean and Robert Lee. —C.Y.

## BOOKWORM BUZZ

Members of the Library Club spent a very social evening last Friday when they went to a theater party. First they had dinner at the Fox to see "A Tree Grows in Brooklyn" in order to make a comparison between the book and the movie. They found that the picture follows the book very well and recommend it as worth seeing. —D.C.

## YOUNG STIRS

The first six grades are going to have an illustrated lecture on Victory gardening.

The third graders are having a hobby show and exhibiting their various collections in their room. Among the collections are dolls from many lands, different types of airplanes, match boxes, soap, shells, butterflies bottle tops and postal cards.

The fourth grade class is having a science exhibit and Robert Hawkins brought his pet rabbit to school. Two little turtles occupied a part of Miss Tanber's desk. All of the kids wrote very nice letters to Gordon Moats, who left for St. Clair. Some of the girls are planning a surprise for Miss Tanber on Friday—it's a secret.

The "Big Six", the sixth grade paper, was somewhat delayed but will soon appear. —E.S.

## Scholarship Awards Are Given

At an assembly Thursday afternoon the ten top ranking students were named in order of their scholarship.

Joyce Samuelson is valedictorian of the Class of '45 and Lois Goers is salutatorian. The others came in the order of their standing: Bernice Calkins, Jean Power, Joyce Lussenden, Bud Locker, Gloria Smith, Marion Vanderburg, Pat Young and Sue Goodrich. —L.M.

"We've just moved into a new home, and have no telephone. We asked for one, but they say it may take a long time to fill our order."

"Of course, we know why we can't have one. The boys overseas need nearly every bit of telephone equipment that can be made, and they're mighty welcome to ours."

We in Michigan Bell can add that we're installing some telephones every day as present users give them up. These are few, indeed. But telephones alone wouldn't solve this problem. To give everyone service who wants it would mean erecting more build-

ings, making more switchboards, stringing more wire, and so on. And that's impossible now.

As soon as war permits, we plan to launch an expansion program costing \$120,000,000 in the first five years, so we can fill waiting and new orders... extend rural service... and adopt wartime improvements developed by Bell Laboratories. But even with that big program, it may take two years or longer before service can be installed generally without delay.

We appreciate the patience of the 100,000 Michigan families that are waiting for telephones.

MICHIGAN BELL TELEPHONE COMPANY  
The \$120,000,000 post-war program means jobs for our 3,000 returning veterans and many others as well.
