

MAGAZINE URGES HELP FOR "JOE" TO GET A JOB

Men in service are giving a lot of thought to their postwar job, more than the folks back home realize, says "Elks" Magazine recently in telling the story of the Armed Forces Institute.

Lots of boys don't intend to take orders from anyone and plan to go into business for themselves. Over 100,000 of them are studying courses through the Armed Forces Institute with International Correspondence Schools. These courses will help them in such fields as radio servicing, accounting, advertising, building construction, sheet metal work, diesel operation, plumbing and air conditioning.

In contrast to World War I, this time both the Army and the Navy are helping discharged servicemen through separation centers and

Civil Readjustment bureaus. The trained counselors discuss post-war plans and employment with them, the article states.

Veterans of World War II will never have to sell apples on the street corners if Americans can prevent it. Between 80 and 85 per cent of servicemen plan to live in their old home town. Folks back home have responsibility to help them get the type of jobs they want, and in many instances they have prepared themselves.

Coke By-Product

A colorless liquid with a peculiar gassy odor is another product processed from the steel industry's by-product coke even which has great importance currently. It is styrene. In synthetic rubber approximately one-third of the Buna S type consists of styrene, a derivative of benzene. In the manufacture of neoprene, another type of synthetic rubber, benzene also plays an important part.

COUNTY'S PAPER GOES INTO 'SUITS OF ARMOR'

Residents of Oakland County can supply enough waste paper for 321,583 "suits of armor" for 105 mm. shells. If they will buckle down and save an average of 10 pounds of newspapers, wrapping paper and boxes a month. The 105's are the big ones that have been helping American forces in their advance toward Tokyo.

Last year Americans saved 106 1/2 pounds of waste paper per capita, or enough for about 35 containers each for the 105 mm. shells.

For each ammunition container or "paper suit of armor" used to protect the shells from salt water, acids and corrosive dirt, approximately three pounds of waste paper are required, according to W. J. Wardell, vice president of the American Can Company, which is manufacturing millions of the containers. Ammunition container bodies, one of the principal materials used in making the "suits of armor," is made from mixed paper and old corrugated boxes, Mr. Wardell said. Another material used is called "tube and can stock" which is made from all types of waste paper.

Long Hours

On the day the sun works the longest hours in the United States, he puts in more than 15 hours at Minneapolis and Chicago; at Chattanooga and New Orleans, more than 14 hours. His shining time at the equator is limited to 12 hours plus a few minutes.

LETTER TO THE EDITOR . . .

May 9, 1945
To The Farmington Enterprise:
Early Monday morning some one stole 35 of our loveliest toilet plumes. This was not the work of a child because they were carefully chosen, and cut, not broken off.

This, in our estimation, is a very cheap and despicable piece of work, and I assure them if they are caught, they will be punished to the full extent of the law. If they had been big enough to ask for them, we would have been glad to oblige.

Will you please print this? Maybe it will save someone else who is a flower lover, from the same disgusting discovery.

A Reader.

WEST FARMINGTON

By Mrs. Sarah Knapp
(May 10, 1945)
The WCTU had a combined meeting at the Walled Lake Baptist Church last Tuesday.

A baby girl, Judith Ann, was born at Sessions Hospital, Northville, to Mr. and Mrs. Clair Button of Twelve Mile Road and Hagerly Highway.

Mrs. Button is made a business trip to Howell last Thursday.

Mr. and Mrs. Lawrence Giegler, Mr. and Mrs. Lee Giegler and son, Danny, were calling on relatives in this vicinity Sunday.

Mrs. Barbara Button Warren left for Washington, D.C., to be with her husband, who is in service and is stationed there for a period of time.

"You want an Elgin, dear? Well, just wait till Victory's won!"

That swing shift at the war plant is not easy for a girl like you, darling. I realize that. And today's your 21st birthday. I'd like to give you just exactly what you want. But, you see, daughter, the Elgin people, just like you, are busy making the things that will help bring your brother . . . and the other boys . . . home sooner.

Yes, even before Pearl Harbor the Elgin Watch Company was devoted to the production of timing instruments our husbands, sons and brothers need, whether they fight on land, on sea or in the skies!

Indeed, it is likely that Elgin has supplied as many precision instruments and timing devices to our country's fighting men as have all other watch manufacturers combined.

That's why, when you scan our display cases, you don't see the Elgin watch that your heart is set on. But, remember this: After Elgin's assigned war tasks are finished, we're going to have a grand array of these fine American-made watches for you . . . and for your most thoughtful giving.

Beautiful new Elgin Watches . . . watches of dependable accuracy . . . timed to the stars!

50 ALARM CLOCKS

- Nothing For You To Buy
- Nothing For You To Sell
- No Obligation of Any Kind

Here's All You
Have to Do!

WRITE US A BRIEF LETTER
STATING YOUR REASONS FOR NEEDING
AN ALARM CLOCK

We were fortunate in obtaining a limited supply of these Alarm Clocks. But instead of selling them, we're going to give them away to the 50 most deserving people in the judges' opinion. If you need an alarm clock, write and tell us why. You may be one of the lucky winners. No strings attached.

Here Are The Simple Rules

1. Any person is eligible to send in a letter except employees of De Roy, and members of their families.
2. This is not a literary contest—just write a few simple words why you believe you really need an alarm clock.
3. Only one alarm clock price to a family.
4. All entries can be mailed or brought to any of the 3 De Roy Jewelry Company stores. Entries must be postmarked not later than Saturday midnight, June 9, 1945. All entries become property of De Roy Jewelry Company.
5. The judges will consist of Ralph S. Deane, Advertising Manager, Detroit Suburban Newspapers, and Joe Morrison, Account Executive of Simon-Michelson Advertising Company.

NOTICE! All entries must be postmarked not later than midnight Saturday, June 9, 1945.

Minutes of the regular meeting held April 11th and the Special Meeting held April 25th, 1945 were read and approved.

Motion made by Conroy and supported by Nacker that the bills presented to the Commission for the month of April, 1945 be paid. Roll Call: Nacker, Bagnall, Hinger, Hutton, Conroy and Jones. Carried, all years.

Motion made by Bagnall and supported by Conroy that the following amendment to the Ordinance C-18, known as the Zoning Ordinance, be advertised and go through the required number of readings as required by law, and that this reading on May 9th, 1945 be considered the first and second reading. Final reading to be read at our regular meeting on June 13th, 1945, as follows:

In pursuance of and in accordance with authority granted by Act 207 of the Public Acts of Michigan for 1921 and amendments thereto, THE CITY OF FARMINGTON ORDAINS: That part of Ordinance No. C-18 (known as the Zoning Ordinance) which is referred to in Section 2 therein as the Zoning Map of the City of Farmington shall be amended as follows: That the following described area now shown on the said Zoning Map to be a part of a Residence B District is hereby changed to, and shall henceforth be known as, a Commercial B District, and shall be subject to all the provisions and regulations, either express or implied, relative to Commercial B Districts as are contained in the said Zoning Ordinance No. C-18:

Beginning at the center of Grand River Avenue at a point crossed by an imaginary extension of the west lot line of Lot 11 of Fred M. Warner's Grand River Avenue Subdivision, running thence in a southerly direction, and coinciding exactly with the said west lot line of Lot 11 of the said Fred M. Warner's Grand River Avenue Subdivision, and extending for a distance of 230 feet from the point of origin; thence in a southerly direction parallel to the center of Grand River Avenue as far as the center of Powers Avenue; thence north on the center of Powers Avenue to the center of Grand River Avenue; thence in a northwesterly direction on the center of Grand River Avenue to the point of origin.

Carried, all years.

Motion made by Nacker and supported by Conroy that Maurice Graham be appointed dog pound master for the City of Farmington. Fee to be ninety cents a pickup on each unlicensed stray dog, and a dollar a day board for each suspected rabid dog. Also, he will have authority to act as collector of all delinquent dog licenses. Carried, all years.

Motion made by Hutton and supported by Jones that the plat of Hillcrest Subdivision Unit No. 1 located on the north side of Shawansee Road and West of Farmington Road which was submitted to the City Commission at its regular meeting December 13th, 1944 for approval be accepted. Carried, all years.

Motion made by Conroy and supported by Jones that the City Clerk send out one cent double post cards to the users of water within the City of Farmington, so that a survey can be made to determine the number of citizens who are interested in the collection and disposal of sewage. Carried, all years.

Motion made by Nacker and supported by Hinger to adjourn. City Clerk, Harry W. Moore, City Clerk.

DELOS HAMILIN, Mayor

HARRY W. MOORE, City Clerk
