Be Sure Of Your Heart. By Courtesy of SMITH-KIMBLEY DRUG CO. People who suffer from indigestion or complain of "gas" stomach should explain these symptoms to a doctor.

Such discomfort could indicate serious heart disturbance. Panacea for so called indigestion may only aggravate the real condition. The doctor will detect the underlying cause and prescribe treatment. Relief is both possible and probable. Certainly it is gratifying to know exactly what causes the distress.

Often a change in diet, needed rest, a little medication is all that is required. The doctor's advice is available, costs much less than the loss in efficiency which discomfort produces. A capable druggist will accurately compound any prescription ordered by the doctor. This is the sixth of a series of editorial advertisements appearing in this paper each week. Copyright.
