

Quack Grass
Quack grass is one of the most destructive of all weeds. The roots are tough and wiry and the plant takes possession of the area that they occupy. The points of the roots are very sharp, sufficiently so to penetrate potatoes or other roots that may come in their way. Like Canada thistle, quack grass is found in patches, spreading from lateral root growth as well as being carried to other parts of the field by cultural machinery. It is a member of the grass family and rather difficult to identify by its vegetative growth.

Fresh Parsley
Fresh parsley will keep its color and its pungence for a week, at least. If after washing it well you pop the wet leaves and stalks into a tall glass jar. Screw on the cap, place in the refrigerator, by when you need crisp parsley for seasoning or garnishes—it's yours at the turn of a wrist!

Bathroom Towels
Small cuts appearing in bathroom towels may be traced to the man who wipes his razor on any towel that is handy.

Service Notes

Gerald L. Peckinpough, A-20 aerial gunner with 312th Bombardment Group of Fifth Air Force in the Philippines, has been promoted to Sergeant. He is the son of Mr. and Mrs. E. L. Peckinpough of 23090 Maple.

Overseas five months and credited with 11 combat missions in the Pacific Theatre, Sergeant Peckinpough is a graduate of Dearborn High School, and was associated with the Chicago Pneumatic Tool Company before entering the Army in September, 1942. He received his wings at Buckingham Field, Florida, in August, 1944.

Sergeant Peckinpough has served with the 312th in the liberation of the Philippines. The 312th, known as the "Roarin' 20's", Day and has been commended for the first low-level attack on Clark Field as well as its air support of the historic paratroop landing on Corregidor. The "Roarin' 20's" played an important part in helping the ground force crack the famed Yamashiro line in Luzon and was the first A-20 Group to conduct low-level attacks on Formosa.

T/Sgt. Edward A. Fink has arrived in Los Angeles, California, back in the States from the European Theatre.

George E. Dewey, PC 1/c, writes that he is being discharged from the Navy, and will soon be home, completing his service in the Pacific Theatre of Operations.

LeRoy Taggart is en route home, having served 41 months in the European Theatre. He is credited with 114 points, having several battle and bronze stars, and the Purple Heart.

This week's graduation ceremonies at the Naval Training School on the campus of the Wisconsin University, Madison, Wisconsin, qualified Bluejacket Clifford E. Strelling, 15, son of Mr. and Mrs. Edmund Strelling, 23200 11 Mile Road, as a radio operator with the fleet. Selection to attend the specialty school was made on the basis of recruit training aptitude tests.

Stift Tepl, Czechoslovakia June 16, 1945

The Enterprise has followed me through the states and all over Europe, and I dare say that I'm ashamed to admit that in all this time I've neglected to thank you for your well appreciated paper. Through the Enterprise I feel as though I've made a lot of friends. The close to home write-ups and activities are well carried by your paper.

Even in a far away land, such as I am in now, a fellow likes to

know the every day things back home. There were times, in our travels, a chance glance at the paper have drawn the frayed ends together and brought back those memories we hold so close to our hearts.

My Unit has traveled through France, Germany, Belgium and at present is in a little town in Czechoslovakia. In this town, is one of the oldest Monasteries in the old world. It is 748 years old and a beautiful sight to see. It's church and buildings are a tourist's delight. And the surrounding country with its many lakes is a fisherman's dream. Being a fisherman myself you can well guess my spare moments are well occupied.

We took part in the liberation of Plzen and are now looking after the prisoner of war camp located here at Tepl. And at the same time "sweating it out" as to what comes next.

Again, I want to thank you for the Enterprise and to say hello to those I feel I know through reading your paper. Many thanks and good luck to you all.

Sincerely yours,
Cpl. Alton L. Sizeland.

Calvin Hopkins has returned to the States, after serving in the European Theatre of Operations, and is at present, hospitalized in the Eastern section, though he soon expects to be transferred closer home.

Tec5 Arthur H. Ryan, 21163 Osmus, has been awarded the Combat Infantry Badge for outstanding performance of duty with the 163rd Infantry Division in ground combat against the enemy. He is serving with the 110th Regiment of the Cactus Division.

Mytkyina, North Burma June 20, 1945

Dear Sir:
I would like to thank you again for the Enterprise. You have no idea how much I look forward to receiving it. It's great to read about the old home town and where all the fellows are, in the service.

During my stay in Chittagong, India, I met a fellow from Farmington, Frank Brady. We had a good reunion, talking of Farmington and the local area.

Here's to a speedy victory, and may all the boys be home in the near future.

Sincerely yours,
Jim Maloney.

Corporal Reuben W. Tilley writes his family that he is one of two from his company who picked for a trip to Paris. The names of all the boys were placed in a hat, and two drawn to receive the trip. Bud being one of them. Bud also attended the wedding of a friend of his, who left the States at the same time he did, who married a Wren in London, on June 25.

First Sergeant Deuzil S. Jennings of Ada, Oklahoma, of the 84th Armored Medical Battalion, was recently promoted from technical sergeant to his present grade.

Jennings has been in the army since February, 1941, and went overseas in October, 1944. Prior to entering the army, he was employed as a machine operator by the Double Cola Bottling Company at Ponca City, Oklahoma.

His wife, Lucille, lives at 28918 Orchard Lake Road, Farmington.

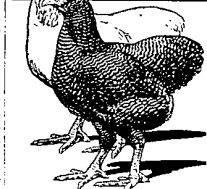

The names of Michigan soldiers released from prison camps inside Germany were made public recently as they passed through a Recovered Allied Military Personnel camp near a French port on

their way home. After a 60-day furlough in the United States the men will report to an Army distribution center for either reassignment or discharge from the service. Most of them will be returned to the European Theatre. Many of the men have told stories of German atrocities, starvation diets and forced marches of hundreds of miles from one camp to another. Each has received any medical care, food, new uniforms and been given an opportunity to purchase souvenirs. Included in this group is Private Forest Hupert, 27908 Orchard Lake Road.

First 36th "Texas" Division troops on German soil were doughboys of the 141st Infantry Regiment who, in ten days, battered the Wehrmacht from strong positions along the Moser River through the Siegfried Line. Engaged in bitter house-to-house fighting in the town of Haguenau, these U.S. Seventh Army infantrymen broke out from a snarled bridgehead across the Moser, clashed with German rearguards and finally knocked out 35 pillboxes and forts in cutting through the Siegfried Line. The doughboys have left landmarks to a defeated Reich from Salerno, Italy, to the Rhine in Germany in 353 days of conflict with the enemy. They captured more than 6,000 Germans in France alone, and added several Nazi leaders to the list. Now in Asia, Members of the Regiment include Pfc Donald M. Dewar, 28104 Greening, and Cpl. Henry L. Chavez, 28310 Macfield.

Corporal Technician Charles G. Miller, and Corporal Technician Roger A. Kreibich, both of Farmington, overseas 35 months with the 15th Engineer Aviation Battalion building airfields for the Allied aerial night in the Mediterranean Theatre of Operations, will soon return to the United States.

with their veteran unit. "First all the way" has been the slogan of the 815th Engineers ever since June, 1942, when they landed in England, the first American AAF unit on British soil. With almost three years of airfield building experience in England, North Africa, Sicily, Corsica and Italy behind them, these veterans are returning to the United States, having contributed approximately 70 airfields worked on to the Mediterranean air war. The battered equipment which they operated during 36 months is no longer serviceable, but their spirit has emerged as strong as ever, the same spirit which will repeat itself in an overwhelming victory in the air above Japan.
