The nation's attitude to the groat family has changed dramatically during the two intervening years. Prince Claus, the ex-West German diplomat whose marriage to Crown Princess Beatrix two years ago was received with hostility, has now won considerable admirtation for his interest in Dutch language and culture. NICKLOW SAID those vegetables that can still be planed include: green beans, beets, broccoil, cauliflower, cabes, beroccoil, cauliflower, cabes, carrots, cucumbers, lettuce, calishes, and early varieties of sweet corn (with 70-to 72-day maturity).

Shallow-rooted crops -- like cucumbers, muskmelons and radishes--are more likely to aurvive during flooding because the soil around their roots dries out more quickly. But deep-rooted vegetables--like carrots, tomatoes and corn--can be in trouble, Nicklow and ANICKLOW EXPLANED that damage to wegetables can occur fallen lately—if conditions are right. He recalled a period several summers ago when a 2-inch rain fall during the night was followed by a hot, sumy day.

SCHOOL'S OUT so be careful of children in the streets. Shown above is the National Safety the streets. Shown above is the varional salest Council's driver reaction and vehicle stopping formulas transformed into simple, visual arith-metic. Driving at 30 m.p.h. the normal stopping distance is 69-78 feet. At 40 m.p.h. the stop-ping distance is 108-124 feet, 50 m.p.h. is 160186 feet, and at 60 m.p.h. between 228 and 268 feet are needed to bring the car to a straight-line stop on dry, level pavement. Remember - school is out. Children often run from behind parked cars in residential sections. Drive de-fensively and keep the speed-stopping figures firmly in mind.
