Is There "A Nigger" in the Fence?"

The electric road company still hold off from accepting the franchise granted by the town council some time ago. They now wait the franchise amended so as to include a right of way over any road that may be opened north along the section line from the Stoughton farm, on the gravel road, to the Ed Stevens road. It is reported that a petition has already been signed by a number of property owners asking that such a road be opened up, and it is believed that the petition was circulated at the instigation of the electric road company. Should the amendment be granted, the company would be saved the expense of buying the right of way should the petition prevail. It looks as if there was a good sized "nigger in the fence" somewhere. Wednesday evening the above report was verified when Mr. Randall, of the electric road company, came out from Detroit and presented the petition to the highway commissioner, for him to take action in the matter.
It has been estimated that it would cost the township \$3,000 to open this road, and for what benefit? Here are the names of those who signed the petition: Eugene Cley, Mario M.

"They say," said the prosy boarder, "that there is a newspaper in China that was started a thousand years ago." "They must have been the original yellow journalists," said the joker.

Mrs. Boarder—How do you find the chicken soup, Mr. Boarder? Mr. Boarder—I have no difficulty in finding the soup, madam, but I am inclined to think the chicken will prove an aid.

Clergyman—You want to be separated from your husband? Don't you know that marriages are made in heaven? She—I know that, sir, but ours was not. I got my husband through an advertisement in the papers.

Neighbor No. 1—Does the noise of a child disturb your neighbor? Neighbor No. 2—Oh, I like it. "Do you, really? Yes, indeed. My wife's relatives are rather nervous people, and they never stay longer than a day or two now."

"Oh, you needn't talk," said the in-laws. "What would you do if you were to get married, I'd like to know?" "I really don't know, my dear," calmly replied the heartless wretch, "but I'm inclined to think I could be a bachelor."

Mrs. Dix—Don't you think your husband is rather headstrong for an invalid? Mrs. Hix—Yes, and the doctor's to blame for it, too. Mrs. Dix—Indeed! And why, pray? Mrs. Hix—He refuses to allow him to take any nourishment but goat's milk.

"I suppose, Henry," said the old gentleman to the new son-in-law, "that you are aware the check for \$50.00 I put among your wedding presents was purely for effect." "Oh, yes, sir," responded the cheerful Henry, "and the effect was excellent. The bank cashed it this morning without a word."
