Eau de Cologne
Eau de Cologne was first made in the Rhine city more than two centuries ago by the Farins family, following an Italian formula. The original formula has been altered from time to time. More than a century ago young ladies in the United States could brew their own cologne.

Farm Fatalities
More farm people were killed by accidents in the first two years America was in the war than there were Americans killed in the war itself.

Michigan Mirror

(Continued from Page Two)
The bond owners the balance of \$22,000,000 plus.
Recommendations of how the \$51,000,000 fund might be used to benefit Michigan veterans are to be submitted to Governor Harry F.A. Kelly by the Office of Veterans Affairs sometime between Thanksgiving and Christmas. Col. Philip C. Pack, director, says the report will not be made public as it will be for the personal use of the governor.

At present the OVA is a service agency created by the legislature and a model for other state governments, which is likely to continue for some years if the \$51,000,000 fund is used for veterans' service and not doled out immediately in dribbling sums.

The OVA cooperates with the State Board of Vocational Control in operating a veterans' vocational training center at Pine Lake, north of Kalamazoo. The state administration board appropriation of \$1,000,000 and the vocational board charge of \$118,000 a year from its federal aid kitty.

Another veteran service is likely to be a neurolis center operated by the University of Michigan, Ann Arbor.

Michigan veterans are returning home at the rate now of 30,000 a month. The 1945 peak will come in June when 50,000 are due back. At least 250,000 veterans will be back home in Michigan by next summer — a fact politicians are already weighing.

The Kelly administration, faced with the possibility of labor unrest and widespread unemployment one year from today, is going to give careful and thoughtful consideration to all veterans' needs. Governor Kelly, a disabled veteran of World War I, has a personal interest in this field that transcends political ambitions. Lieutenant Governor Vernon J. Brown has personal interests also in war veterans. Two sons served in World War I; five grandchild-

CLARENCEVILLE

By Mrs. Axel Rutilla
(October 11, 1945)
The Parent-Teacher Reception was a lovely affair last Friday evening when the Band Boosters Club and the Clarenceville Mothers Club served as joint hostesses for the evening. The former on the program and the latter on the presents; Katherine and Bob Barnes sang, as did Joan Bracken and Jacqueline Grenville while Jim Mackey played a cornet solo and Clara Kaitus entertained on her accordion. Mrs. Brennan gave a reading and Gloria Brennan and a girl friend sang a duet. Mr. Mann and Miss Kearley led the community sing. A better turnout of parents was expected, but the teachers were there almost

— four boys and one girl — are serving in World War II.

Moving the Michigan State Fair from Detroit to an upstate city has been proposed by livestock breed associations and farm leaders, but the idea is already being snaggled on opposition from friends of county fairs. The ace objector is the Ionia Free Fair at Ionia. Lansing boosters have been reminded that the fair was established permanently at the state capital city in 1869 but after running in the red for several years it was returned to Detroit.

Echoes of the labor movement to get 30 per cent more pay. Directors of the Michigan State Farm Bureau desire farm prices must be boosted 30 per cent, if organized labor gets a similar boost in pay.

Quiting the bureau statement: "Some wage adjustments undoubtedly are called for but a general increase will surely force generally higher commodity prices and a degree of inflation that might become disastrous."

White House analysts insist that overtime elimination has cut manufacturing costs 5.5 per cent on the average, while an end of upgrading and fringe increases has cut costs another 4.5 per cent. Thus 11 per cent wage increases could be absorbed by most industries without need for price increase, they say.

However, a 30 per cent pay jump would lead, the analysts add, to a 22 per cent rise in war material prices, and a 12 1/2 per cent rise in finished-goods prices. Thus, an inflation spiral resulting in higher prices for everyone.

Ranking Peck, executive director of the Retail Groceries Dealers' Association, has notified the OPA that if the government grants a relief to distributors in wholesale prices, the local dealers should have a similar boost in retail prices. "The dealers cannot operate if the margin is reduced further in any way," cautioned Peck.

100 per cent.
Mr. and Mrs. Harvey Barnes and Mrs. William Sonnenburg, Sr. are attending Grand Chapter Eastern Star Convention in Grand Rapids this week.

The Parents Club held their annual luncheon and installation of officers at Mrs. Clifford's home on Hugo, with Mrs. Davey and Mrs. Laehn assisting. Mrs. Ed Sponenburgh is the new president, and other officers are Mrs. Larry Davey, vice-president; Mrs. O. B. Curtright, secretary and Mrs. Don Sinclair, treasurer. The next meeting of the group will be held on November 7 at the home of Mrs. Charles Diddams on Sunny-side.

Scouts Brumbaugh and Geygan proved their worth a week ago Sunday when they helped a farmer who had been hospitalized, cut his field of corn.

The Girl Scout training classes being held at the high school under Mrs. Ruslander are well attended and give the leaders just what is needed. Those interested may call Mrs. Carrouthers at Farmington 1075. There is plenty of room for everyone.

Another thank you to the LaSalle Winery for a bench at Eight Mile and Grand River. Just what was needed.

Grand River is fast changing its appearance with new buildings springing up, something different almost every week. Dr. Vos' new offices are fast nearing completion and the good architecture adds much to our community.

At this writing we are all about nervous wrecks from listening to the World Series.

Enthusiasm runs high among the followers, young and old, of our football team. As we go to press on Wednesday, they are meeting Northville having trounced Brighton 28 to 6 last Friday. The band and cheer leaders at that game lent much to the pic-

ture, and the band will make a prettier one when they receive their new uniforms which are on order. Growups are advised to come out to these games. They are more than worth the effort.

CL 2 is planning an encampment at Camp Howell the week end of October 21.

Mrs. McFarland of Randall entertained the leaders and Boy Scouts of CL 2 at a weller roast on Monday evening. After the eats the boys played a multitude of games. This correspondent lists this outing as an example of first class parent cooperation.

The Edgewood Mothers Club held their October meeting at the home of Mrs. Minniehick on Ingle last Wednesday with Mrs. Harnes, Mrs. Goers and Mrs. Lawson assisting.

Fatality Causes
Gasoline, kerosene and other petroleum products are among the main causes of loss of life on farms and rank high among causes of property loss in farm fires.
