Save Soap Fasteners
When ripping snap fasteners from clothing to be discarded, keep matching pairs together by punching a hole in a small card and snapping the fasteners in this.

Use Suds
Don't use too much soap. Suds about two inches thick have proven best for washing clothes clean.

charges of holding up a Pontiac gambling joint are Pete Mahoney, Harry Fleischer and other Detroit hoodlums convicted by jury of conspiracy to murder the late Senator Warren G. Hoover, Albion. Following a day's session, Kim Sigler, the special prosecutor, decided to pay a surprise visit to the defendants' places of business in Detroit. Accompanied by four state policemen, all armed to the teeth, Sigler made the rounds. Hearing that one of Michigan's most prominent gamblers was at a night club, he wound up the night at the Detroit hot spot.

A photograph was taken of Sigler at the night club, surrounded by the three Dining Sisters. Taken supposedly for lobby publicity, the snapshot is being circulated widely by the club's press agent, all in the spirit of free advertising. But it's also free advertising for Sigler — or a kind he doesn't appreciate.

LETTERS JOIN NATIONAL GUERNSEY CLUB

The American Guernsey Cattle Club announces the election of F. D. and R. W. Etter, Floren Farms, Haggerty Road, Walled Lake, Michigan, to membership. Mr. F. D. and R. W. Etter have a herd of registered Guernseys on their farm.

The American Guernsey Cattle Club is a national organization of 25,000 breeders of purebred Guernseys which trace to the Island of Guernsey, the original home of the breed, in the English Channel. It also supervises tests of production and through Golden Guernsey, Inc., supervises the marketing of Golden Guernsey Milk.

MILK PRODUCERS'
ASSOCIATION
RE-CHARTERED

Delegates representing the 15,000 members of the Michigan Milk Producers' Association meeting in East Lansing for their twenty-ninth annual and final convention under the original charter. Instructed officers and directors to extend the term of the organization for another thirty years and to expand both the quality of product and merchandising programs of the dairy industry.

Resolutions were adopted endorsing government control to prevent inflation and insure balanced distribution of income but asking that retail selling prices of milk and dairy commodities be permitted to rise in unison with the removal of Federal production subsidies as has just been done in the price of butter, from which the roll-back has been eliminated.

Directors elected for three year terms were Martin D. Lynch, Mayville; Fred W. Meyer, Fair Haven; Jack Harvey, Uteka and C. L. Parsons, Powersville. Ted Lausen of Marquette was elected for one year to fill a vacancy.

L. K. Maystead, president of the association, in his annual message told of the wonderful production record achieved by the dairymen during war times but warned them of the problems which lie ahead as a result of their efforts. He outlined a five point program for their consideration which included improving the quality of their products, advertising, education, work, continual research and exploration of export markets for disposing of surplus dairy products.

The delegates were welcomed to Michigan State College, where the meeting was held in Fairchild theater, by Prof. R. J. Baldwin, director of agricultural extension work. N. P. Hull, one of the founders and for twenty years president of the Milk Producers Association, told of the early days in Michigan dairying and pictured the tremendous growth of the business of the association which last year amounted to more than 11 million dollars. Dr. Clifford Hardin, extension specialist of the College discussed market trends in the milk industry and a report on the activities of the American Dairy Association was made by Charles E. Stone, secretary-manager for Michigan.

NEW FLIGHTS WILL IMPROVE AIR SERVICE

Additional non-stop flights from Detroit to Chicago, Milwaukee, and Youngstown, in addition to commuter service to Baltimore, will be provided Detroit air travelers when new flight schedules are inaugurated by PCA (Pennsylvania-Central Airlines) on Thursday, Nov. 15. It is announced by T. A. Kerr, PCA regional traffic manager.

Faster service to New York also will be provided by PCA's augmented service which is a part of a system-wide streamlining of flight schedules offering increased air travel opportunities to key PCA cities, Mr. Kerr said. The expanded service has been made possible through PCA's recent acquisition of additional aircraft.

The addition of another non-

stop flight between Detroit and Chicago brings the total PCA express flights between these two cities to ten daily. (The new Baltimore commuter service will permit Detroit passengers to leave at 6:35 a.m., spend six hours in Baltimore, and return to Detroit at 7:22 p.m.)

Additional service over the PCA system will be provided in November with the reactivation of one route and addition of new terminal cities on another. On Nov. 15 PCA will reactivate its Norfolk-Knoxville route, with intermediate stops at New York, Columbia, and Elizabeth City, Rocky Mount, Raleigh-Durham, Greensboro-High Point, and Asheville-Heanderstonville. On Nov. 20 PCA will inaugurate daily flights to Elmira-Corning and Rochester, N.Y., which has been North Carolina's (Elizabethton) route. On this route service also will be resumed to Williamsport, Pa.

BOWLING LEAGUE STANDINGS ARE ANNOUNCED

The Farmington-Civic Bowling League standings as of October 25, show the team standings as follows:

Blakeslee Chevrolet, 22 points; Farmington Mills, 20 points; Wack's Bar, 16 points; Farmington State Bank, 14 points; Hamlin's Market, 13 points; Farmington Dairy, 11 points; Otis' Police-Cats, 8 points; Conroy's Market, 5 points.

High team game scores are Otis' Police-Cats, three games, 257 and single game, 940; Wack's Bar, three games 522 and single game, 887; Conroy's Market, 2115 three games and 905 single game; Blakeslee Chevrolet, 2561 three games, and 817 single game; Farmington Dairy, 2495 three games and 596 single game; Farmington Mills 2530 three games and 911 single game; Hamlin's Market,

2561 three games and 939 single game, and Farmington State Bank 2879 three games and 920 single game.

The Honor Roll this week carries the names of B. Smith with 218, and Blakeslee with 203.

Custard Sauce
A custard sauce, served at room temperature, tastes sweeter than the same sauce made into frozen custard.

Separate Lettuce
To separate a head of lettuce, cut out the core of the head with a knife. Let water from the faucet flow into the head until the pressure of the water forces the leaves apart.

Restores Skin Tone
A homemade astringent can be prepared by peeling and grating a cucumber, then icing the juice. Applied to the face after cleansing, the juice restores skin tone.

"I have found a
Royal Road to washing"

"It's true—there may be no royal road to learning... but I've learned of a royal road to washing pleasure—my all-electric laundry. I used to dread washday... now all I do is place the clothes in my washer, add soap and turn a switch. As if by magic the clothes are washed, rinsed and wrung, even as I do some of the cleaning upstairs. That isn't all, though—the electric dryer damp-dries the clothes so that they are ready for ironing in about a half-hour. Then comes the real pleasure of washday—ironing with the electric ironer, with a real saving of time and effort. My electric laundry means a minimum of work... a maximum of time for other things."

Electric laundry equipment is not generally available for sale now. Some is being manufactured and distributed. It will be to your advantage to have your name on your electrical dealer's list, so that you will be able to get it at the earliest possible time.
