**Popular Tropical Fruit**  
Rich in vitamin C, of excellent flavor and high in pectin content, guava, a tropical fruit, promises to become popular in the United States within the next few years. Guavas are now being grown in California and Florida and due to their value in jellies and preserves as well as candy making and in seasoning cakes, promise to find a ready market when production has become sufficiently increased.

**Crack Filler in Crayon Form**  
A compound for filling cracks in plaster before painting has now been produced in the form of a crayon, which is drawn along the crack. It can be applied with one hand, hardens permanently in from 4 to 24 hours and can be painted over without a sealer or other treatment. It is used for filling all types of wood joinings, door jams, window frames, bolt heads, etc.
