# TWO TEACHERS RESIGN FROM STAFF

A regular meeting of the Farmington Township School Board was held on Monday evening at the Superintendent's office in the High School.

The board is continuing to actively work on plans for construction of the new high school.

Two resignations were accepted for two teachers, Mary Koval of the Bond School and Dorothy Bade of Farmington. Margarette Cottrell of Ypsilanti has been hired for a first grade teaching position.

It was voted to again sponsor a New Year's Dance for the students of the school district, to be held at the High School Gymnasium on New Year's Eve. All students are invited to attend this party and see the year 1946 in amid an atmosphere of fun and good fellowship. There will be dancing and refreshments.

The board also voted approval to place an order for a new Dodge school bus to be added to the fleet of buses now operated by the district.

Soap Scraps  
Instead of discarding scraps of soap, put them to good use. Melt bits of toilet soap with water and use the solution for shampoo. It can be stored easily in a bottle or jar and will be ready for use. Leftovers of laundry soap can be put through a food chopper or grater to make soap chips, which can be used in either machine or tub.

# LOCALS

Dorothy and Lois Goss, daughters of Mr. and Mrs. Carl A. Goss, arrived home Thursday from Michigan State College for their holiday vacation.

A housewarming and kitchen shower was tendered Mrs. Ruth Smith, 2335 Grove Street, Saturday afternoon, by Mrs. Elmer Elsenford, Sr., neighbors and relatives presented Mrs. Smith with lovely gifts, and refreshments were served by the hostess. Mr. Smith has recently returned from service in the Navy and his wife, Mrs. Smith, will make their home in Farmington at the Grove Street address.

Good Shoe Shine  
An old toothbrush, an old hand brush and an old cup should be part of the shoe cleaning equipment, especially if there are children in the house. When shoes become caked with mud, use the handbrush to remove the major portion of the dirt, thus saving the shoe brush for polishing. Dip the old toothbrush into a cupful of soda and go around the edges of sole and heel, which need special care on men's and boys' shoes. Then when the shining up is done with polish, you'll have a professional looking job.

Messina Quake  
One of the most disastrous earthquakes ever recorded totally destroyed the beautiful Sicilian city of Messina when it struck early in the morning of December 28, 1908. About 84,000 lives were lost at Messina itself, where damage was chief. As the result of the shock and fires which broke out afterward. Extensive damage was also inflicted elsewhere along the Messina coast by the seismic wave which followed.

Egg Eating  
Egg eating by chickens is a habit usually developed by young pullets. This costly habit can be prevented by providing plenty of nests-one nest for each six birds-so eggs will not be broken by nest crowding at laying time. All nest bottoms can be kept well padded with fine such as hay straw, cottonseed, shavings, so eggs will not be broken as they are laid. If the egg-eating habit has gone so far that some of the birds break the eggs themselves, it may be necessary to remove those birds from the flock for a few days or dispose of them entirely.
