ive up to its contracts. Lovett declared that many labor unions, especially those having large nomberships, were controlled by their officers through a handful of delegates and followers much in the traditional manner of a political machine. "State officials would learn a lot from these tactics," he added. This situation is largely, the fault of union members, most of whom are indifferent and do not attend union meetings and hence willing to jet their leaders

whom are indifferent and do not complete the complete the
