We Have Always . . .

prided ourselves on our ability to think and act for the best interests of our country. If we hadn't of had that confidence we wouldn't have built the country we have today.

Of course there have been exceptions, but these have always been present throughout our history. It has never stopped us from progressing. Is there any reason why we can't iron out difficulties among ourselves now? Is there any reason why we have to have millions of federal agencies checking on us, telling us how we must run our business?

The answer is NO. Whether you are a manufacturer, a small business man, a laboring man or a house wife, you should know how to run your affairs. If you don't then something is wrong with our system of education and government. The answer is you do know how to take care of yourself and your business!

We have developed a policy of distrust. Too many governmental officials feel that we as a people seek only to better ourselves at the expense of others. They may have some basis for that feeling, but it is far from the majority. It should not be used as an excuse for control to the extent of hampering progress.

Who knows more about automobile production—an economics professor or an automobile manufacturer? Who knows more about milling wheat—a social worker or a miller? Yet we can't take an automobile manufacturer's word for it—we can't take a miller's word for it, because he is looking out for himself. Then again he might be trying to help out, too.

We are paying millions of dollars to keep people on the pay rolls of the government for the express purpose of telling us how to run our individual businesses, whether it is buying or selling. Is it necessary?

Why are we short of products today in every branch of business? Is it because we don't have the raw materials? Is it because we don't have the manpower? It is because we have tied ourselves up with theories. It is because we don't want to accept the experience of men who know their job. It is because we have a complex of distrust for everyone who has successfully promoted his industry or his business.

There are shortages because in many cases raw materials cost more than retail ceiling sales price allows. Farmers aren't going to raise hogs if it costs more to raise them than they can sell them for. Manufacturers aren't going to put washing machines on the market if they can't sell them for what it costs to make them.

Supply and demand is still the measuring stick of economy. Men skilled in the art of production and companies in competition with one another will put products back on the market at a level everyone can afford. Extension of complete governmental controls only puts off progress that could be had now.

Farmington's Quota . . .

In the 1946 Red Cross Drive is \$6,000. You are asked to give, as Farmington has always given in the past. You are asked to keep up the slogan, "Farmington always goes over the top."

Your Red Cross must carry on. It has a job to do now—a job as important as its job in war. Thousands of hospitalized veterans must be taken care of—Red Cross blood banks must be continued.

Let's not forget these men who gave so much. The war is over but their fight goes on. Help them fight back through the Red Cross.

Give to the Red Cross during March. Make this 1946 campaign Farmington's biggest.

Churches

SALEM EVANGELICAL CHURCH
"The Church on the Park"
Rev. Carl H. Schultz, Pastor
Ruth Hick Hammond, Organist
Morning Worship service, 10:00 a.m.
Sunday School 11:15 a.m.
OUR INVITATION
I love to come to this still place,
Where deeper peace is always found.
To kneel as though on holy ground
And feel my Master face to face.
I do not know how I could live
If there were not this refuge sweet
Where I could linger at His feet
And He to me sweet healing give.
WELCOME

CLARENCEVILLE METHODIST CHURCH
Cambridge and Grand River
Farmington, Michigan
Elsie A. Johns, Pastor

Sunday School at 10:00 a.m. Interest is fine and attendance is growing.
Morning Worship at 11:15 a.m., the pastor preaching.

Young People's meeting Thursday, 8:00 p.m.
Prayer meeting Friday at 8:00 p.m.

CHRISTIAN SCIENCE SOCIETY
New High School Auditorium
Farmington

"Christ Jesus" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, March 3.
The Golden Text (Jeremiah 23:5-6) is: "Behold, the days come, saith the Lord, that I will raise unto David a righteous Branch, and a King shall reign and prosper, and shall execute judgment and justice in the earth. . . . And this is his name whereby he shall be called, THE LORD OUR RIGHTEOUSNESS."

Among the Bible citations in this passage (John 1:14): "And the Word was made flesh, and dwelt among us, (and we beheld his glory, the glory as of the only begotten of the Father,) full of grace and truth."

Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p.173): "Jesus is the name of the man who, more than all other men, has presented Christ, the true idea of God, healing the sick and the sinning and destroying the power of death."

FIRST BAPTIST
"The Friendly Church"
Rev. Fred B. Fisher, Pastor

Morning Worship at 10:30 a.m. Observance of the Communion, with a Communion meditation by the Pastor.
Sunday School at 11:45 a.m. Practical instruction in Christian living.

Michigan has its own "pick-up" girls this winter.

The war-time GI find, the aged recognition of feminine beauty as a masculine ideal, is a colorful and eye-festive feature of winter sports festivals in that sparsely populated part of Michigan known as the "North Country."

Youth reigns at winter sports. There is a traditional queen, some pretty and winsome lass of the community, who receives a glowing coronation crown at a splendid glorified as the "coronation ball."

Somewhat visiting dignitary from out-of-town presides at the ceremony. This Michigan royalty is created amid Hollywood glitter and pomp.

The youngsters like it, and the grown-ups do too.

As a guest of the East Michigan Junior and Senior Youth Groups at 6:30 p.m.

Evening Prayer Circle at 7:00 p.m.

Evening Service at 7:30 p.m. Congregational singing and music by the volunteer choir. The Pastor will speak on the subject, "What To Do With the Problem of Doubt."

Monday, Boy Scouts at 7:00 p.m. Wednesday, Midweek Prayer Service at 8:00 p.m.

Friday, Choir Rehearsal at 7:45 p.m.

ST. PAUL'S LUTHERAN CHURCH
Middlebelt at Eight Mile Rd.
E. L. Stumpff, Pastor

Morning Worship 10:45 a.m. Sunday School and Bible class at 9:30 a.m.

Luthean Hour, with Dr. Walter A. Maier, at 12:30 over CKLW and 5:00 over WJBK.

Looking Back Through The Enterprise Files

TWENTY FIVE YEARS AGO (March 11, 1921)

Robbers Active At Newburg

On Thursday, March 3rd, at twelve thirty o'clock in the town of Newburg, Michigan, located four miles from Plymouth, an old man who runs a general store was accosted by two men who came in with the proprietor was behind the stove. They struck him over the head with a weapon and took one hundred dollars in currency and fled.

Fire From Spark Endangers Home Of Joe Young

A small home was burned through the roof of Joe Young's home located on Power Road. Mr. Young discovered the fire about one o'clock Thursday and with great presence of mind carried buckets of water and extinguished the blaze before the Fire Department arrived.

Ford Garage Makes An Addition To Their Shop

Olin Russell has partitioned off one end of his garage in order to provide space for a machine shop. Expensive machinery has been installed which will make repairing and rebuilding of automobiles quicker and more efficient operation, and hence will reduce the cost to the owner.

TEN YEARS AGO (March 12, 1936)

Our Lady Of Sorrows Church Plans Banquet

A St. Patrick's Day Banquet will be held at Our Lady Of Sorrows school, Grand River at Farmington Junction, Sunday, March 15, from one o'clock in the afternoon until seven o'clock in the evening under the sponsorship of the ladies of the parish.

Novi Firemen Solicit For Well

At a regular monthly meeting of the Novi Fire Department, held Thursday, the matter of securing an adequate water supply for use in case of a large fire was discussed. It is a well known fact that during certain seasons of the year, the water in private wells is too low for effective fire fighting.

"Boy Scout Night" Is Planned

A "Boy Scout Night" in which all six troops of this area will participate, is being planned for Farmington in the latter part of April. The event is intended, in addition to raising money for scout activities, to acquaint the adults of this area more fully with the benefits obtainable from scouting by the boys and the community in general.

FIVE YEARS AGO (February 27, 1941)

Precise Tool Co. Gets \$23,500 Defense Contract

The war department in Washington, D.C., announces that the Precise Tool and Manufacturing Company has been awarded a national defense contract of \$23,500 for gauges.

"Magic Varieties" Well Received

Over 500 persons attended Magic Varieties, presented at the Farmington High School Gymnasium Monday night, and came away pleased with the two hours of fun, magic and mystery. The Magic Comedy lited up to its reputation of presenting the best in magic and providing enjoyment for both young and old.

Dr. Paul Popowice, "Family Expert" Is Town Hall Guest

The problem of how to keep marriage happy in a world of war, crime and general unrest will be discussed by Dr. Paul Popowice, clinical authority on marriage and heredity, when he speaks before the Detroit Town Hall in the Fisher Theatre, next Wednesday, March 5, at 11 a.m. "What is Happening to the Family?" will be his subject.

Tourist association, we journeyed on a recent week-end in a chartered bus to winter sport centers in the northeastern section of the lower peninsula. And then to obtain a state-wide round-up of winter sports activities, we wired friends for additional information. Here's the 1946 picture as we see it.

The winter sport boom is fairly new. Grayling's million dollar park is only a few decades old. Caberfae and Silver Valley are by-products of the land depression when C.C.C. camps were located in federal forests. Other recreation developments are, for the most part, still in their swaddling clothes.

While winter sports appeal primarily to youth, they offer a colorful appeal to older people from the viewpoint of spectators. The gay, bright colors of winter sports attire, for one thing, constitute a tonic for the blues.

Handicapped by Michigan's short summer seasons, resort promoters see an opportunity to extend the season past fall hunting.

Take Grayling, for example. This sports park, readily accessible by train and highway, was developed and popularized by the Grayling merchants and citizens. Without solicitation of Grayling promoters, the state conservation commission appropriated funds one year for the Grayling park maintenance, and it has been going on ever since. Harry J. Whiteley of Dowagiac, a veteran member of the conservation commission, made the motion.

We suspect that some Michigan communities, now trying to promote winter sports, have yet to sell themselves on the value of

time into an otherwise dull and unproductive snowbound period.

Our first observation, after visiting half a dozen winter sports parks, is this: Sell yourself before you try to sell others.

Winter sports should be justified in the beginning, as a recreational asset to the local community for use of its own people. The investment cost should be as practical as possible.

WHY YOU SHOULD HOLD YOUR WAR BONDS TO MATURITY (and how to do it)

WAR BONDS return an average of 2.9% interest annually throughout their ten-year life. But the interest is graduated—low in the early years; over 4% annually in the final five years. You lose the best earnings, if you cash in your Bonds.

DO THIS. Start a bank account here. Build it up. It will provide cash for emergencies, and you won't need to touch your valuable Bonds.
