

"MICHIGAN AND THE OLD NORTHWEST"

Strife and Intrigue

Cadillac asked friendly Indians to settle nearby for trade and security.

During a Miami-Ottawa feud Fr. del Helle, Ste. Anne's pastor, was slain.

Jealousy, disloyalty and corruption were rife among Cadillac's followers.

His Detroit property seized, Cadillac in 1710 was named Governor of Louisiana.

... AMBULANCE ...

Kiwana Club members saw a most interesting movie, and explanation about the Birds Eye Frosted Foods processes at their meeting last Wednesday evening, the program having been secured by Reno Carter.

The movie showed the farm's processing plants, how the food is cleaned and prepared, the actual freezing process, with the explanation that has been done to determine the most successful methods of freezing, and finally how the frozen foods are distributed by refrigerated trucks and cars to the dealers, who have them ready for you.

Peter Kosman was received into membership of the club at this meeting.

Next week, April 24, is the annual international meeting between Canada and the United States, to be held in Windsor.

Twelve members of the Farmington Kiwana Club are planning to attend, and for those who do not go, a round table will be held at the Evangelical Church.

"How Interpret Economic Trends to Safeguard Own Business in Farmington" was the theme of a discussion directed by Lloyd Gulien at Exchange Club on April 10. Several concrete suggestions, as a guide to local business men, were pointed out in the discussion.

During the business meeting, George Dewey was granted a leave of absence from the Club. Frank Weaver was welcomed back to the meetings after a short stay in the hospital.

Letters of appreciation are to be written by the Club to the Walker Sign Company for the attractive signs posted at the approaches to Farmington.

The Club voted to contribute \$100.00 to the High School Band Uniform fund.

Eugene Hutton, Towns, Tatler, gave his usual enjoyable report on news, philosophy and humor.

Edward Mosure will be in charge of the program on April 24. His speaker will be J. M. Leonard, who will attempt to answer the question, "Where is Detroit Headed?"

Obituary

Alma Large Wiles
Mrs. Alma Wiles died Monday, April 15, at Pontiac General Hospital.

Mrs. Wiles was born February 20, 1877, the daughter of Nohemi and Clara Cramer, at Argentine, Michigan. She was married to Cornelius L. Wiles on November 15, 1899. Her husband preceded her in death about ten years ago.

Mrs. Wiles is survived by her seven children, Mrs. John Voorhees, Mrs. Ethel Wadsworth, Mrs. Cline Callan, William N. Luther D., Edward C. and Thomas A. Wiles with whom she made her home at Wisom. Also surviving are 17 grandchildren and one great grandchild, and a host of friends, as she had lived around Wisom for the past twenty years.

The body remained at the Spencer J. Heeney Funeral Home until Thursday morning, and lay in state at the Baptist Church in Wisom from 11 a.m. until 2 p.m. when funeral services were held. Burial was at North Farmington Cemetery.

Cheese Ages Faster

Methods discovered by research workers in the bureau of dairy industry of the department of agriculture cut the time of producing "aged cheese" of excellent flavor and quality to about three or four months, instead of the six to eight months previously needed. In the new process, cheese is held at a higher temperature and made from excellent quality, pasteurized milk.

BUILDING COSTS HAVE INCREASED!

How about the increase in replacement value since you last arranged your insurance?

Stop in or phone for a copy of the Handy Building Value Chart, and make your own estimate—it's easy.

FROM THE FARM-BELT CIVIC ASSOCIATION.

We were doing some snooping during the week and discovered that there is to be refreshments at the meeting of May 11th in the Clarenceville High School. We couldn't find out what they are to be though. All we got was a sly smile and a whispered "Wait and see."

We managed to find out a few things however. One was that Charlie Davis of Davis Country Store, is going to donate the coffee. Another is that the sugar situation is not too good. If there are any of you who might have an extra sugar stamp, and would like to donate it, we are sure that it would be appreciated by all.

Someone remarked the other day that among the members of our association one can get any service performed. So Mr. DelMontier has started to prepare a list of all the tradesmen among our membership. So when you have a job to be done, whether it's plowing your garden or painting your ten house, why not call Mr. DelMontier and get the name of a fellow member?

We have had several calls lately by members who have some specific complaint, which they fear warrants the attention of the association. Our constitution calls for a definite procedure in these cases. First, a letter should be written giving all the details. Second, it should be signed by several of those who are affected. Third, it should be given to one of our directors or mailed to the association at box 274, Farmington. This is but one of the many items covered by our constitution and we know that when it is presented to the membership for approval, you will want to be present so that

your vote will be included. Copies will be provided for all.

All of this will take place on the 11th of May. So mark it down in your little black book. Ask for 1986J when you have any questions about the association, or write to box 274, Farmington. A healthy interest in our association will insure its growth, and protect your interest.

Slicing Carrots
Slice large carrots crosswise in thin slices. Chill thoroughly in refrigerator, placing in ice water unless very fresh. Spread with peanut butter. A delightful addition to your canape tray.

Radar Crew Fast
Barely existent before 1940, the radar industry had delivered nearly three billion dollars' worth of equipment to the army and navy by the Japanese surrender date.

"Back From Europe"

A New Series by
Philip A. Adler

Back at his newsroom, typewriter after reporting from Poland, Czechoslovakia, Austria and France, Mr. Adler is busy reviewing his experiences while abroad.

In this new series, Adler tells many interesting facts about Warsaw, Poland's food situation, conditions in Denmark, travel in Europe today and other incidents and experiences not covered in his regular dispatches.
