

"MICHIGAN AND THE OLD NORTHWEST" —

The Habitant

Most habitants claimed the areas, in order above, of ancestral homeland.

They were "unequaled for their docility, bravery, loyalty"—Vaudreuil.

They had many children. Two were born to Cadillac in 1702 and 1704.

Cadillac's colonists totaled 200 in 1710; Detroit area, only 468 in 1750.

As program chairman for last week's meeting of Farmington Kiwanis Club, John Beard introduced the speaker, Archie Leonard, Oakland County attorney. Mr. Leonard gave a very fine talk on world security, setting forth the theory that before we can hope to attain world security we must have a united, centralized world government. Such a government cannot be attained without some sacrifice on the part of each nation, and all units will have to be educated to achieve a better understanding. Man has now come to the point, through scientific research and development, where he can destroy himself. Only if education is willing to enter into a give-and-take agreement, and to maintain this attitude, will it be possible to ever achieve our goal of world security.

Twelve members of the local Club went to Windsor on Wednesday evening of this week to attend the international meeting between Canada and the United States. Kiwanians are busily engaged in completing arrangements, and selling tickets for the annual Kiwanis year. The show, "Thunderhead, Son of Flicka" will be at the Civic theatre on Tuesday evening of next week, April 30. In addition to the movie there will be radio short features, and instrumental and vocal music. A splendid list of door prizes will be awarded. All proceeds will benefit the underprivileged children.

The May 1 meeting is in charge of Jim Page. It is Ladies' Night, and the speaker will be Miss Mary Woodward, home economist, of the United States Department of Agriculture.

LOCALS

Clyde Greenman of Farmington was recently discharged after 30 months service with the Army Medical Department. His tour of duty included the Asiatic and Pacific Theatre. Mr. and Mrs. L. F. Schroeder visited her sister, Mr. and Mrs. Azell VanDyke of Olivet, Michigan. Mr. and Mrs. Sanbura Smith and son, Lee, of Pigeon, Michigan were the week end guests of Mr. and Mrs. John G. Smith and family.

We Fought Together — Now
Let's Build Together.

Largest of the organizations open only to veterans of this war is the American Veterans of World War II, the AMVETS. The aims and purposes of the group will build "a better America," and a cordial invitation is extended to all Veterans of World War II to visit our Post and learn more about the AMVETS.

The membership of our Post is now 51, and consists of men from Novi, Northville, Plymouth, Walled Lake, Wixom, Farmington and other nearby communities. All World War II veterans are urged to attend our meetings, held every second and fourth Tuesdays in each month.

Our summer athletic program is now getting under way. Baseball and soft ball teams are being organized. The baseball team is under the capable guidance of Bill Hansor Jr., while Don Archambeau holds the reins of the soft ball team. You do not need to be a veteran to play. The only requirement is the desire to play ball. So how about it, all you ball-playing lads? Drop in at Trickey's Standard Service at Novi for the next practice date.

One of Three Cars For Vets, AMVETS Ask

Agreement has been reached with the Ford Motor Co. and our state office that one of every three new cars will be sold to Veterans. Monte Korn, commander of Post 1 in Detroit conducted the negotiations. Korn has also been assisting auto dealers and manufacturers on "The Voice of the Veteran," charging that Vets have been getting the run-around in their attempts to buy cars. Other auto manufacturers will be asked to adopt the same policy, our state office announced. Petitions are now being circulated, asking Congressional allocation of one third of all new

cars to veterans of World War II. Our Post is sponsoring an "Introductory Dance" at the Meadowbrook Inn, Ten Mile and Meadowbrook Roads, Friday, April 26. An excellent entertainment program has been arranged, including two barbershop quartets and an ex-G.I. will be the Master of Ceremonies. All proceeds are to be used for the erection of a local veterans hall.

Our public relations and welfare officer, Wally Doan, recently paid visits to two of our hospitalized members, Larry Syrett in Dearborn Veterans Hospital and Russ Stevens in Mt. Carmel Hospital. Russ has since returned to active duty in civilian life. We hope to see Larry out soon.

Four Detroit veterans have been named by Gov. Kelly to serve on the six man board of trustees for the State's \$500,000 Veterans' Trust Fund. John R. Worden is the representative of the American Veterans of World War II, the AMVETS.

Vance introduced the speaker, Henry Day, for the chairman, Clem Wines, who was unable to be present. Mr. Day, an engineer concerned with securing vegetable oils and rubber from British Honduras and Brazil, gave a most interesting talk on living conditions, labor market and transportation in those countries. Mr. Day is returning soon to South America and will take Exchangee John Crimshaw with him as an assistant.

The Club has selected Gerald Miller to attend Boys' State. Approximately thirty Exchangees enjoyed the opening ball game at Briggs Stadium last week.

Among visitors present at last Wednesday's meeting was Rev. Stevenson, a former Farmington minister, and friend of many members of the Club.

Fat Substitute
Pecans furnish a generous amount of fats and protein, and also B vitamins, together with small amounts of iron and calcium. In pastry, pecans ground fine may substitute for half the fat, say extension service specialists. Mix and bake like plain pastry.

Loses Vitamin
Cooked cabbage held in the refrigerator two or three days and then reheated does not lose as much vitamin C as does that kept standing on the stove for an hour or two.

Cleaning Fabrics
Brushing with a medium-stiff brush is better than rubbing those extra-soiled places on delicate fabrics, when washing by hand, say extension service specialists.

Gwen Dew RETURNS to Japan

Formerly a prisoner of the Japanese, Gwen Dew, Detroit News correspondent, returns to the Far East as a free American, to observe and report the new Japan for The News.

Miss Dew suffered the humiliation of seeing the American flag hauled down in defeat; today she proudly views the defeat of Japan.

Don't miss her vividly related articles.
