

FLORAL BEAUTY abounds in Plymouth in the springtime as residents, schools and business firms add their own bit to nature's gift. Among the traditional plantings is this annual tulip garden, complete with Dutch windmill, at West Middle School, Ann Arbor Trail at Sheldon.

WELCOME Spring-- WITH A NEW HONEYWELL PENTAX SP 500

The SP 500 offers the same precise craftsmanship that has made the Pentax Spotmatic a classic, at a lower price. The top shutter speed is 1/500 sec., and the SP 500 does not have a self-timer. All other features that have made the Pentax cameras the world's Number 1 selling SLR are incorporated in the SP 500, including the extremely accurate behind-the-lens exposure metering system. The SP 500 is equipped with a 55mm f/2.0 Super-Takumar lens. This satin chrome camera has the same trim styling and precise handling of the Pentax line that unmistakably identifies it as a fine camera.
