NOVI NEWS

By
MRS. GEORGE WAITE

The Gus Zessone entertained at a five o'clock dinner on Sunday honoring the Arthur Powers of Farmington who are soon leaving to make their home in Denver. Guests included Mr. and Mrs. Art Power and daughter, Jean; Mr. and Mrs. Elmon Rutledge and two sons of Franklin Hills and Mr. and Mrs. Howard Thayer and son of Farmington.

Mrs. Ella Thompson is seriously ill at the home of her daughter, Mrs. George Kehrl on Sunday Road. Mrs. Helen Olivich, who has been ill for the past week, is able to be out.

Mrs. Radcliffe entertained at a dinner party on Sunday honoring her mother on her 70th birthday anniversary.

Hadley Bacht was home from

Percy Jones Hospital over the week end. His wife, sister-in-law and brother-in-law, the George Attkinson, accompanied him back Sunday evening.

The Dave O'Leary's are moving into their new home at Commerce Lake this week.

Victor Rix, wife and son have arrived home from Coral Gables and are spending a few days with his folks, the Luther Rix's, before leaving for his position in Washington. He was just discharged from the Navy.

As we go to press we learn of the passing of Mrs. Burton Munro.

Charles and Loree Trickey held open house on Sunday from two to five o'clock, honoring their father and mother on their 25th wedding anniversary. Ice cream, cake and coffee were served. The table was laid on a lawn cloth and a huge wedding cake, surrounded by silver bells, was the centerpiece. The coffee, cream and sugar were served from a silver service. Mrs. Trickey's wedding of 25 years ago poured its. They received many lovely gifts, among them being a lovely bouquet of red roses in the shade of a tree with a silver dollar, dangling from each limb. Guests were present from Lapeer; Vassar, Pleasant Ridge; Royal Oak; Grosse Pointe; Utica; Birmingham; Farmington; Walled Lake; Brighton and other area hometowns. The guests departed wishing them another 25 years of happiness and declaring Charles and Loree ideal as sons and mothers.

The Rebekah Lodge are having a Mother and Daughter banquet at the hall on Thursday, May 9. Mrs. Anna Ostrove is kitchen chairman; Mrs. Lil Trickey has the dining room and Mrs. Doreen Snow is in charge of tickets. Dinner will be served at 6:30 p.m.

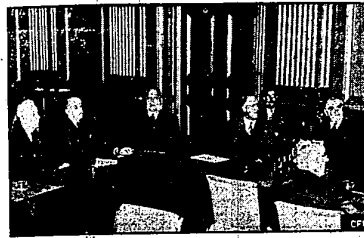

Roller Bearings

More than 30 million complete ball and roller bearings were made each month during the last two war years by the anti-friction bearing manufacturers for U. S. military equipment. Approximately 100 million ball and roller bearings of all types were made during the last war year for U. S. military aircraft alone.

Trap Rabbits

During the 1944-45 season nearly 40,000 rabbits were live-trapped throughout the state of Pennsylvania in areas where they were causing crop damage or where hunting is prohibited and transferred to sections where public shooting is allowed.

COAL MINERS AND OPERATORS NEGOTIATE

WASHINGTON, D.C. — Soundphoto — The deadlocked negotiations between John L. Lewis and the mine operators were resumed last week in Washington. Photo shows Paul Palmer, Conciliator, Edward F. McGrady, Special Conciliator called in by the Labor Department; Ezra Van Horn, Chairman of the Conference; John T. Jones, Secretary of the Conference; John L. Lewis, head of the miners and across the table facing Mr. Lewis, Charles O'Neill, head of the operators.

FARMINGTON SPORTSMEN

The Farmington Mixed Bowling League have completed their 1945 season, with play-offs being held on Sunday between Team Two and Team Four, the latter winning. The entire league was present at the play-offs, cheering the contestants on. Both teams had won 50 games during the year, and lost 46.

Bowling on Team Four, the winners are: M. Harkett; J. Alexander; M. Hamilton; D. Goodrich and J. Hogg. Bowling on Team Two are D. Plummer; E. Catheman; J. Montgomery; M. Bradley and J. Hamilton.

Howard Oamus ended the season with the highest average for the men and Dora Montgomery ended the season with the highest average for the women.

The Mixed Bowling League is holding their annual banquet on Thursday evening, May 9, at the Huron River Hunting and Fishing Club. Next year they will be having at Delta Hotel's Club bowling center, rather than at Northville as they have this year.

Though Orchard Lake, Oakland county and Shiawassee Lake, Jackson county, are stocked with trout, they are not designated trout lakes and are not open to fishing until June 25.

Dog lands of Proud Lake state recreation area near Milford may yet be the first in Michigan to be dedicated as a plant sanctuary, according to a party of botanists surveying the area this weekend.

Representatives of both the Michigan United Conservation Clubs and the Michigan Wildflower Association, led by Marjorie Blighman of Cranbrook Institute of Science, are participating in the survey of this little known Oakland county spot. Rare Michigan orchids are found here, as well as a great variety of native plants in a scenic setting. The area is valued for its scientific and educational qualities, as well as for its natural beauty.

Recommendations by the committees will be presented to the parks and recreation division of the conservation department which is now developing a chain of recreation areas in southeastern Michigan. Dedication of the area to be preserved will require formal action by the state conservation commission.

The move to preserve the few remaining unspoiled "islands" of native Michigan plant habitat began four years ago.

Anglers fishing Sundays this season in the state's three major "test" trout streams are quite likely to meet one of the conservation department's three-man crews, creels, rods, but on the trail of the No. 1 trout in Michigan's trout management program: the proportion of wild to hatchery trout in the creel.

All hatchery trout planted in these streams this season will be fin-clipped. Plantings will be plentiful: 60,000 brooks, browns and rainbows in the Au Sable, 19,500 brooks, browns and rainbows in the Rize and 5,000 brook trout in the Fox. All will be legal size and stocking will continue periodically until August 15.

Creel census teams will consist of one man from the institute of fisheries research, one man from the fish cultural operations section of the fish division and one conservation officer. Only catches examined by all three will be counted but they will check all sections of the river, planted and unplanted, and all fishermen, lucky or unlucky. They will work between stream banks and from boats. Teams rather than single census takers are being used to insure a fair sampling of the census area.

Object of the census is to compare conditions on major trout streams with those on smaller streams already studied in detail. Next year's plans call for fin-clipping all hatchery fish so that every fisherman will know just what proportion of his catch was furnished by the stream, and what was planted.

Can The School Board
Present A Program?

The Public Is Entitled to Know the Facts And the Plans
BEFORE Election Day.

IF the Board HAS A Program for Our Schools, the People
Should Be Informed.

For Example:

WILL OUR CHILDREN BE EDUCATED IN GARAGES?
HOW WILL SCHOOL FUNDS BE SPENT?
WILL OUR TEACHERS HAVE SECURITY?

These Questions and Many Others Should Be Answered
BEFORE Election Day.

Are You a Registered Voter?

Registration hours between 9 a.m. and 5 p.m.
only at the Farmington High School

This weekly message is sponsored by a group who are interested only in a clear-cut constructive program. We feel that this can be accomplished in but one way—the public OPENLY and without obscured tactics.

CLARENCEVILLE

The Clarenceville Schools Council meeting will be at Central School on Tuesday, May 14, at one o'clock. This is the last meeting of the current school year, and members are urged to attend.

Vernon Woodcock of Deering Avenue is in Detroit Osteopathic Hospital recovering from a spinal operation. He expects to be home some time next week.

Mr. and Mrs. Stevens of St. Francis Avenue have word from their son, Eric Harold Stevens, USMC, that he is on his way home from Tinian, China where he has been for six months (following 14 months of Pacific service, including the Okinawa campaign). Harold is the last member of the Stevens family to come home. William was released from the Army in August after four and a half years service and the Stevens daughter, Felicity, was released from the WAC hospital unit at Percy Jones Hospital in January this year and is now living in Milwaukee.

Mr. and Mrs. G. Carhart have sold their home on Angling Road and left on May 1 by plane for Grand Marais, Minnesota, where they will make their home.

Residents of this locality are shocked to hear of the sudden death of Mrs. Viola Fuhrmann of Nio, Michigan, on May 1. Mrs. Fuhrmann lived on Angling Road for many years before leaving to live in Mio a year ago, after many friends here. She suffered a brain hemorrhage two days before her death. Burial was in Grandview Cemetery, Detroit, on Saturday, May 4. She leaves her husband and one son, Marvin, at present in the Navy.

Another family to leave Angling Road in the near future is the Labanacan family who will leave shortly to live in Detroit.

Farmington Garden Club

Offers our Community an index of the Greenhouses and Nurseries of this section . . . We have visited each of these and are confident that the nursery stock and plant material are of high quality — carefully chosen for adaptability to Farmington climate and needs.

ALDRICH'S NURSERIES	29215 Grand River Avenue
BROOKSIDE GARDENS	26800 Grand River Avenue
FARMINGTON GARDENS NURSERY	35620 Grand River Avenue
JOHNSON'S GREENHOUSES	7395 Drake Road
KELLER'S GREENHOUSE	28822 Eight Mile Road
MCFARLAND GREENHOUSE	28915 Grand River Avenue
SCHAFFER, CARL — GREENHOUSE	32410 W. Seven Mile Road
SPRING BROOK GARDENS	23614 Power
STEINKOPF, FRED — NURSERY	20815 Farmington Road
VAN HULLE NURSERY	22080 Farmington Road

For Your Garden Equipment, Sprays, Seeds, Trellises, etc., we recommend the below dealers, who have a surprisingly complete stock, considering present restrictions.

DICKERSON HARDWARE	33405 Grand River Avenue
EVERETT IMPLEMENT CO.	31200 Grand River Avenue
FARMINGTON LUMBER & COAL CO.	32800 Grand River Avenue
HATTON'S FARMINGTON HARDWARE	33316 Grand River Avenue
L. & H. WOOD MFG. CO.	33119 Grand River Avenue
ROBERTSON'S HARDWARE	Grand River at 8 Mile Road

Representative material from each of the above firms is to be given at a drawing of door prizes at the Farmington Garden Club Spring Card Party SATURDAY, MAY 18th, 1946 at one o'clock

A Limited Supply of Tickets is Available at \$1.00 each (incl. tax) from Mrs. Richard Lancaster, 35353 Nine Mile Road and Mrs. P. A. Henault, 35339 Nine Mile Road.
