Early Corporations Corporations were chartered in America as far back as the Colonial period. Banks were among the first businesses to be incorporated. Other early corporations included stage, turnpike, canal, water and insurance companies. Exterior Painting Exterior painting with oil paints never should be done when high humidity causes condensation on the surface to be painted, such as may be the case when fog is present. Short Cooking Time Today, food specialists tell us the shorter the cooking time, the more food values we save. Instead of long slow cooking it's better to keep vegetables at boiling and shorten the time. A True Copy By Mary Cobb, Deputy, May 9-June 20

WALLPAPER MAKES A HOME

The two scenes here show what can be done with wallpaper at small cost to improve the appearance of the typical small apartment, without any architectural changes. With good taste and a few dollars a drab, uninteresting apartment becomes a bright and cheery home. The apartment shown here is typical of the thousands throughout the land which can be made more livable by the same type of wall treatment. A blue and white leaf-patterned united wallpaper was the starting point. New draperies, slipcovers, two new lamps and a change in chairs and tables in front of the window completed the transformation. "Doing over" the place, one room at a time, is an exciting project in which the whole family can take a lively interest.
