"MICHIGAN AND THE OLD NORTHWEST" — St. Joseph Closed

In 1702 the priests at St. Joseph mission reported the Miami-English trade.

Refusing to come to Detroit, the Miami moved to Indiana (Ft. Wayne area?)

From 1690 to 1708 Ft. Claude Avenue ministered to Miami at St. Joseph.

Fr. Chardon labored there among Potawatomi, 1705-12, until the Fox war.

We Fought Together — Now Let's Build Together.

Our fifth regular meeting was held last Tuesday and there was a fine turnout, with over fifty members present. New members who were signed up are David La Fond and Andy Kozak of Novi; Bill Ayers, Harvey Taylor, Jr., Don Rowley and John Smith of Walled Lake; Roy Rudberg and Dick Palmer of Farmington; and Dan MacDonnell and Earl Holmes of Northville. Our next regular meeting is Tuesday, June 11.

The baseball team has been fitted with some really sharp looking uniforms and to break them in our team won a well-kept game from the Farmington Hawks last Sunday at the Novi School gym.

Ben Lister pitched the full nine innings, giving up five hits, no runs and striking out fifteen.

Church Banquet Honors Graduates

"That old black magic had them in its power" as the seniors and faculty watched Waldo Hostetler in a performance following a banquet given in honor of the class of 1946 at the First Baptist Church of Farmington on Monday, May 27.

Table grace was given by David Carley before a delicious chicken and biscuit dinner.

Treasurer Virginia Erickson introduced Bill Dalnes, Al chow Bob Miller and Mr. Lloyd Smith, Jr. who directed the group singing; Eleanor Scharchburg, soloist; and the magician, who concluded the program by illustrating a few outstanding illusions and connecting magic with the wonder of every day living. "The Friendly Store That Enjoys Serving You"

These 5 Men May Save the World

This group of 5 distinguished Americans was closest together by Uncle Sam for a long weeks. They had a supply of midnight oil to burn. And the toughest problem of the century to lick. The problem? To draw up a plan by which mankind can conquer, not be conquered by, Atomic Energy.

Now that their plan has been drawn up, it's being hailed both here and abroad. But it still lacks a most important element.

That's the job "This Week" Magazine has set for itself. We've invited Mr. Lillenthal to give you the plan in our pages, just as he might describe it to his next-door neighbor.

Here's an article that affects the lives of every man and woman in the land. Written in your language... so that you'll read it Sunday in "This Week" Magazine... and help America do something about it... before it's too late.
