"Dedicated To Serve You Better"

"MICHIGAN AND THE OLD NORTHWEST" — Battle At Menominee

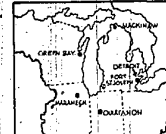

June 5, 1728: 450 Frenchmen leave Montreal; 1,200 reds join them enroute.

This army routed Menominee at Menominee, Aug. 24 it reached Green Bay.

There they burned the fort and 5 Sauk town, killed a few prisoners.

In 1730 Fox remnants were surrounded at the ancient village of Maramech.

FROM THE FARM-BELT CIVIC ASSOCIATION

The regular Board of Directors meeting was held on Monday evening, July 8, at which time further plans for the picnic and quarterly meeting were discussed. From all reports we were quite a turnout on each occasion. Also discussed was a road and drainage plan which is now being drawn.

For the benefit of those who might overhear Roy Senger loud, by proclaiming his mastery of his own home, we should like to report that Mrs. Senger is away for a week.

Mr. B. Baummier has been on vacation and now must return to the grid.

Anyone wishing to submit copy for a whole column, or an article or two, is urged to do so. This is your column and it will be more interesting for the members to write of their own activities, each one according to his taste, to give variety and pep to the column in general. Write P.O. Box 274, or phone 1121.

The U. S. Army Recruiting Station has very graciously accepted our open date of August 7 to put on an interesting program of movies for Farmington Post 4033, V.F.W., their families and friends.

Our own comrade, Corporal Royal McCormick, has been assigned by his commanding officer in Pontiac to take charge of the arrangements and he has promised to make it worth your while to come and bring your friends. The picture at 8:00 p.m. if possible. Don't forget the date — August 7 — at the American Legion Home.

LOCALS

Mr. and Mrs. B. G. McIntyre, Mr. and Mrs. H. A. McIntyre, Mr. and Mrs. John Post and children and Mr. and Mrs. Parent were callers on Mr. and Mrs. W. J. Banfield near Milford on Thursday.

Mr. and Mrs. Earl Streling are spending the week in northern Michigan.

Mr. and Mrs. C. W. Wilbur are spending the month at Mullet Lake.

TEN VACATION COMMANDMENTS ARE SUGGESTED

William DeKleine, M.D., Commissioner Michigan Department of Health, has issued the following ten commandments for the benefit of vacationers.

1. Do the things you enjoy most; provided your doings are safe and sane. Avoid hazards to mind and body.
2. Eat sensibly — choose a balanced diet — avoid overeating. Eat lots of fresh fruits and vegetables.
3. Choose clean eating places when dining out. Avoid insanitary ones — always.
4. Exercise moderately in the open out-of-doors. Take advantage of the invigorating influence of fresh air and sunshine.
5. Peel off some of your clothes and gradually develop a coat of tan. Avoid long exposure to the sun and prevent severe sunburn.
6. Drink only pasteurized milk and only water that is known to be safe.
7. Sleep a third of the hours every day in comfort and quietude.
8. Bathe only in waters that are known to be safe. Avoid sewage-contaminated streams and lakes. Do not swim alone in deep water nor dive in shallow places.
9. Children set your age! Do not attempt anything that will tax your physical endurance.
10. For your peace of mind, avoid arguments and unpleasant situations. Spend only within the limits of your vacation budget. Be moderate in all things. Observe these commandments and keep them wholly; herein lie physical, mental and spiritual values.

Cooking Utensils
As far back as 1800, there were more than a dozen concerns with manufacturing aluminum cooking utensils, either spun or cast, and it was during this period that aluminum steam-jacketed kettles were first produced.

SPORT HIGHLIGHTS

(By Bill Conroy)

In last week's column I told of the good luck of Burdeth Olson of Farmington who has so far this year landed three muskies from Lake St. Clair. One point that was not mentioned in last week's story was that this 51 inch, 31 pound fish had swallowed a 3 pound 14 inch pike mortally before he grabbed Olson's hook.

Whether it's the tennis court, basketball, baseball diamond, swimming pool, or some bridge each you can always find some activity in the field of sports around Farmington.

Although the population is small for town is high in athletic interest. Golf, tennis, swimming, baseball and horse back riding are only a few of the many activities that go on throughout this community. If you are not one who is active in these things get busy and enjoy the fun.

The highest class competition in the history of Michigan harness racing came definitely into prospect for Northville Downs July 15 — August 3 meeting today as stall reservations passed the 200 mark.

Included among the horses on the reservation list are the great pacers in America — Blue Again, winner of the \$50,000 Santa Anita Race; April Star, which subsequently conquered Blue Again; Anton Lang, Prince Yakima and Charming Scott.

Northville's meeting is planned as one of the stand-out seasons of the summer racing season. Nine races will be staged each night, with post time for the first race set at 8:30 p.m.

Parimutuel betting, a daily double on the first and second races, an electric camera for recording the finishes, and a colorful parade to the post with each race are among the features of the Northville operations.

Sam Wiedrick, general manager of the flood lighted half-mile oval, pointed out that the influx of star campaigners assures Northville of the finest racing of its three year old career.

"The great group of pacers coming here will make the Michigan Pacing Derby one of the finest week of action."

St. Joseph's Hospital To Hold Open House

St. Joseph's Hospital, Pontiac, will play host Sunday, July 14, to young women interested in nursing, with a tea and open house.

Next week, July 14-20, is Nurse Career Week. Teas, open houses and hospital inspection visits, to which prospective nurses are invited, are planned as celebrations to make Nurse Career Week outstanding.

Nurse Career Week will also climax a campaign, sponsored by the Michigan Council on Community Nursing, to enroll 1,000 girls in the schools of nursing in the state.

"Celebration of Nurse Career Week is of particular significance," said Miss Thelma Scratch, R.N., Secretary of the Council. "We feel that the great progress which has been made in the nursing arts and the high professional status achieved by the nursing profession should be marked by special recognition."

In addition, the critical need for nurses and the advantages to be gained by a career in nursing should be brought to the attention of alert young women who must make a decision on their life work."

Miss Scratch pointed out that invitations to next week's festivities may be obtained by contacting the Director of Nurses at the hospital in which the prospective nurse is interested.

"Hospitals planning to hold teas and open houses for prospective students will have folders, booklets, and complete information available for interested young women who attend," she said, and "girls who attend the activities and obtain the literature will, of course, be under no obligation to the hospital."

Four hospitals — St. Joseph's Hospital at Ann Arbor, Mt. Clemens and Pontiac, and St. Mary's Hospital at Saginaw — will open the week's celebration on Sunday, July 14.

Clear Barrels

Always be sure that the barrel and axle of guns are clear of obstructions.

harness races ever staged." Wiedrick predicted. The Pacing Derby, carrying a \$5,000 purse, will be raced during Northville's third week of action.
