employment be attained? They really mean to say this: Only by nationalization of industry can the profits of the employer be converted into higher wages for labor—the dream of socialists for many centuries, the ultimatum of Utopia itself. England is turning to nationalization simply because it has exhausted its financial resources, and it is the owners' worst case to exist. A workers' republic would take over control, and private enterprise would be supplanted by state socialism. This is the ultimate showdown—the third post-war phase.

We cannot help but wonder if the laboring man, as represented by C.I.O., have read their American history. The United States has been a workers' government since 1776. Rail splitters have become presidents, privates have become admirals, shoemakers have become senators, and newboys have become governors. It was the farmer, butcher, baker or candlestick maker, the gunsmith, potter, and button maker who told Hamilton, Adams and Jay to get the Constitution adopted and how to maintain it. Under the free enterprise system the price of an electric bulb has been decreased from \$1.50 to 10 cents. The automobile has become the property of the masses. The refrigerator has become a household convenience. Refrigerators are commonplace, and so are bathrooms, radios, hot water and gas stoves—things which are almost unheard of in Soviet Russia!

What political system announced a \$5 minimum wage? Henry Ford did it. It was private enterprise. The living standards of the American worker to enviable heights. Why do peoples of every other land want to emigrate to America? We the downtrodden, frustrated, exploited people? Is our economic system obsolete, decrepit, broken-down and in need of replacement by a glorious totalitarian state? Andrey I. Vishinsky, soviet deputy foreign minister, said on May 15: "The soviet principle is based on democratic dictatorship. A dictatorship can be democratic when it acts in the interest of the people." In our opinion, the nations present consider inequality and class are leading us down the road to another D-Day: "Democratic dictatorship." There is still time to save our American liberty and freedom. The price of liberty is eternal vigilance.

OAKLAND COUNTY RED CROSS NOTES

Mrs. Shedon Noble, chairman of Home Service of the Oakland County Chapter American Red Cross, Home Service to all veterans of all wars, as well as to men in service. Mrs. Noble states that many of the men returning from overseas in World War II have had malaria or have been exposed to the disease. Many of these men have been known to experience the disease upon return. It is important that every man who has had an attack, either overseas or upon return, file a disability claim with the Veterans Administration to establish service connection for this disability. While malaria is not a serious disease and has become well controlled by physicians it can cause loss of time from work and serious discomfort. It is also important that veterans suffering from malaria keep a record of all attacks and treatment received. Once a claim is established, periodic physical examinations will be made by the Veterans Administration and the Home Service officers of the chapter are glad to interview veterans who have questions regarding this or any other matter. The offices are located at 419 Pontiac State Bldg., Pontiac, telephone 4-2275 and at 321 W. Sixth St., Royal Oak, telephone Lincoln 2-6700.
