

Replace your old stove with a beautiful Corning easy-care range.

Cleaning is simple with a beautiful glass-ceramic rangetop. Spatters and spills stay on the surface where you can clean as you go. And the pyrolytic self-cleaning oven saves hours of drudgery.

Baking is a joy in an automatically timed oven that's large enough for three 8" cake pans on one rack.

Model R-30EB

\$499

Model R-30DB Gourmet

\$599

Cooking is better with a controlled cooking system from Corning. Special smooth-bottom Cookmates® cookware is matched to the smooth rangetop. Under the surface are four special heating units... each with its own thermostat. You get precise temperature control to keep a simmer from turning into a scorch.

Tuesday, March 22, 6 to 9 PM

GOURMET MODEL R30DB

This one has all the features of the Model EB and then some. Take automatic cooking. Set the controls and the oven cooks a meal and turns itself off all automatically. There's a timed appliance outlet, too. Oven and surface unit settings are brightly lit and the entire control console is angled for easy reading. A fluorescent light illuminates the cooktop. A six-piece Cookmates® cookware set is included.
