CLARENCEVILLE NEWS

Lela Baker of Florida, who has been visiting her sister, Mrs. Udel of Antago Road, has left for Grand Rapids, before returning to Florida in August.

Mr. and Mrs. Arthur Coleman of Western Avenue have sold their home here and are going to live in Jackson, Michigan, where Mr. Coleman has been transferred by the Kelsey Hayes Company.

The Band Boosters Club presented Mrs. Edna Coleman with a handsome card table prior to her departure for Jackson. Mrs. Coleman is a charter member of the club and has been one of their most willing workers. Band Boosters helped defray the cost of uniforms for Clarenceville High School Band among other worthwhile projects and Mrs. Coleman has always been ready to help on every occasion, and will be greatly missed by Club members, her many friends and neighbors.

Charles Vilos of Lapeer, Michigan, was a week end guest of Mr. and Mrs. Arthur Mann of Resurrection Road.

Friends of Mrs. Timke, former resident here, will be glad to know that a recent operation on her arm which she fractured several months ago, has proved most successful and Mrs. Timke will recover full use of it again.

Little Kathie Lee Scanlon, daughter of Mr. and Mrs. Con Scanlon, is staying with her aunt, Mrs. R. Dennis of Dresden Avenue. Baby Kathie's mother is now in Henry Ford Hospital, suffering from acute anemia, and is being given blood transfusions.

Mr. and Mrs. C. Pare of Seven Mile Road have returned from a ten days vacation with his parents in Moira, New York. They also made a trip to the home of his sister in Owls Head in the Adirondacks, reputedly the coldest spot in New York State. Sixty degrees below zero is the usual winter reading there.

Anne Marie Stevens of St. Francis Hospital and Mary Jane Jarman, a Grace Hospital student nurse, are taking a week's vacation at Island Lake.

Mrs. Lahti of St. Francis Road was a weekend guest of Mr. and Mrs. McCowan in Detroit. Mrs. Lahti and Mrs. McCowan were both stationed at Percy Jones Hospital with the WAC hospital unit.

Tunja Vroegedewey of Los Angeles, California, with his wife and daughter, June, visited his sister, Mrs. Maud Schultz of Inkster Road, and family, last Sunday. Mr. Vroegedewey has been staying with his brother, Abe, of Lansing, who was also a visitor at the Schultz home, together with Bernard Barnes of Grand Rapids and S. J. Edward Schultz, on week end leave from Great Lakes. Mrs. Schultz and her brother, Tunja, had not met for 17 years previous to Sunday and they are regretting the limited time and an unfortunate amount of car trouble pre-

vented a longer visit at the Schultz home before he returned to Los Angeles. Later in the day the party of nine were dinner guests of brother Abe at the Sea Road Grotto on Seven Mile Road.

Mrs. Schultz of Inkster Road was in Lansing for a week recently, when she attended the funeral of her sister.

S. J. Edward Schultz of Inkster Road will be home again on Friday for thirty days leave, after which he expects to go overseas in the near future. He has signed to serve in the Navy for two more years.

Mr. and Mrs. Myers of Norfolk Road had her brother, Robert Hill of Kirkville, with his wife and son Robert Jr., last Monday. Madeline Munro and Irma Hill of George were also in the party.

Kenney of Ontario Avenue, with his wife and family were in Yalc, Michigan, on Sunday, visiting their sister, Mrs. Everett Williams.

Gloria Fellows of Howell, Michigan is the house guest for a week of the Chester Pelmans of Ontario Avenue.

P. Lester Hoffmann of Antago Avenue and his wife, Evelyn, are in Georgia, awaiting Lester's AAF discharge.

Mr. and Mrs. Berg of Detroit Road have news from their son, Carl, and family formerly of Wayne, Michigan, that they are now on their way to Los Angeles, where they plan to establish their home.

Mr. and Mrs. Bolitho and family of Waldron Avenue have been spending two weeks vacation at Skull, St. Marie. Mr. and Mrs. Anderson were with the party also. They are expected home on Sunday.

Mr. and Mrs. Joseph Marsh and family, Irene and Ronald, have been staying at the Bolitho home until their new home was available. They are happy to announce they are now at home at 21135 Antago.

Mrs. Satterfield of Lathers Avenue is leaving for a two weeks visit with relatives at Union City, Tennessee.

Residents on Wilson Avenue who know Robert Kuhlman, now living in Merrill, Michigan, will be sorry to hear that he has sustained a fractured hip. Despite his 90 years, Mr. Kuhlman is one of those good men that can't be kept down, and he was standing on a 15-foot step ladder, picking cherries, when the ladder moved.

He is progressing well and hopes to be around again. His daughter, Mrs. George Stadler, with whom Mr. and Mrs. Kuhlman are staying, says his main worry was about the cherries left unpicked. Mrs. Pohn, Redford Township clerk, is another daughter of the Kuhlmans.

The Clarenceville Mothers Club turned out for the long planned boat trip to Bob-Lo on Wednesday. In addition to club members, several friends joined the party, including Mrs. Harris, Mrs. Lahti and Gloria Fellows. After meeting at the cafeteria for chicken dinner, the groups went their various ways, ending up at the dance casino before returning home. Everyone had a good time and the weather was perfect.

Mrs. Lemuel Irving spent from Thursday until Saturday with Mr. and Mrs. Maynard Young at Howell, while there celebrating

Mrs. Young's birthday anniversary. Mrs. Young was a schoolmate of Mrs. Irving.

Mr. and Mrs. Lemuel Irving called on Mr. and Mrs. James Conklin, formerly from Seven Mile and Grand River. Mr. Conklin has been confined to a bed for an accident, but he is slowly recovering.

Mrs. Mattie Bachelor visited her mother, Mrs. Edith L. Graham, one day last week.

Mrs. Laurence Giegler, Mrs. Lee Giegler and children and Mrs. David Long and baby called on relatives in this vicinity Friday.

Save Vitamins

As air touches the cooking vegetables, it oxidizes vitamins A and C. Since research has shown that modern cooking science says put a lid on the pan when you cook all vegetables.

The Atlantic swallower heads the list of fish remarkable for their eating. It has such an expansive stomach, compared with its size, that it can swallow fish larger than itself. The stomach stretches until it is so thin that it becomes transparent.
