

**Patching Garment**  
If you wish to patch a foundation garment use a tiny cross stitch around the edges of the patch. The cross stitch makes for elasticity. For a patch on a heavy suit of underwear use light weight knit material. It's less bulky.

**Ice Cream Nutritious**  
Ice cream contains many growth promoting nutrients. It provides nature's best proteins and vitamins. A number of other vital nutrients of milk including calcium and phosphorus are provided in the form of ice cream.

## SPORT HIGHLIGHTS

(By Bill Conroy)

Each Sunday afternoon the baseball fans of this area gather at Farmington's athletic field to watch the squads of the area encounter various teams from throughout the state and so far this season the fans have been kept interested in these slugfests except for last Sunday's game which proved to be about as lopsided as they come as the Farmington Senior Legion Nine clipped the Ypsilanti Eagles 23-3. However even though the ballplayers weren't able to furnish the excitement, three accidents which resulted in one broken ankle and a good sized goose egg kept the group alert. The first occurred in the fourth inning when one of the Eagles drove a foul ball into the grandstand hitting an unknown youth in the forehead. The boy was not knocked out but he'll probably remember that incident the rest of his life.

The second accident came shortly after the first inning when Eagle Shortstop Fields slid into third and had the wind knocked out of him. He was soon revived and finished the game. Bob Sonnenburg was the victim of the third accident when he leaped off the bench at the end of the game, breaking his ankle. It was not known at the time that the bone was broken, but later reports from the hospital show that it was fractured.

This is the first time all season that anyone from the crowd has been injured, which is a good record for the attendance that they get at those games.

The winners of the various contests at the picnic were: the two Schneider girls; Sharon Skinner; Mrs. L. McGlocklin; Bob McGlocklin and Daniel Geygan; Mrs. Virginia D'Orazio; Perrie Del Monte; J. Walter Richards Jr. and Louis Ann Davy.

Don't forget the August 9th meeting. Phone 1421 and P.O. Box 274.

Recently receiving discharges from Great Lakes, Illinois, are Robert Reynolds Bacon, S. 1/2, 33436 Shawansee, and R. W. Hamilton, Jr., P. 1/2, 15505 Newburg Road.

## WEST POINT PARK

By  
MISS L. A. AULT

Mrs. and Mrs. Robert Bondard of Redford were visiting in the Folkert subdivision Monday and Wednesday evenings.

Mrs. Margaret Martin is much improved after being seized with a sudden attack of illness ten days ago.

Donald Ross of Hubbard Avenue is enjoying a two weeks' vacation with relatives.

Charles Arthur, from Detroit, is enjoying a vacation visit with Mr. Clyde Buckingham.

Mrs. E. W. Stange and son, Ed., attended a birthday celebration Tuesday afternoon in honor of Mrs. Stange's grandson, Bobby Judd, in Grosse Pointe.

Fredrick Freckles of Redford was the guest for a few days last week at Wallace Buckingham.

Mrs. Howard Mastwood has returned from her vacation.

Mr. and Mrs. Russell Ault enjoyed a fishing trip to Lake St. Clair Sunday.

Mrs. Chas. Davis of the Country Store has her mother from California as a house guest.

Walter Rehahn has returned from a vacation trip of several days to northern Michigan.

The Albert Owens have been enjoying a house party of friends and relatives from Pennsylvania.

Mrs. Edward Stromoski, from Wayne, visited with her mother, Mrs. Margaret Martin, Thursday evening.

Mrs. Gordon Vance and son, Glenn, were visitors in Plymouth Tuesday.

The McVicar, the Buckinghams and many other West Point Park folks were picnicking somewhere Sunday.

Miss Shirley Ault and Miss Yvonne McVicar spent Tuesday afternoon together in Detroit.

The Mallis property on Shadyville Ave. is reported sold again. All new tenants are expected to occupy it within a few weeks.

Mrs. Russell Ault and daughters were visitors in downtown Detroit Friday.

Mrs. Homer Coolman, who was

recently confined to her home two weeks with a sprained knee, was still "under the weather" last week.

Mrs. Gordon Way, who was quite ill several weeks ago, is much improved, and was visiting in Farmington and Redford last week.

As the result of an accidental fall downstairs Miss Marie Bondard of West Point Avenue was feeling "not so good" over the week end.

Bruce Bondard has been having a vacation visit with his sister, Mrs. Loren Ray, of Detroit.

Mrs. Edwin L. Johnson and children from Clarita, were over in West Point Park visiting relatives Thursday evening.

Mrs. Margaret Neade and children from Clarita, were dinner guests of Mrs. M. E. Ault Sunday.

Included as dinner guests at the Stanges Sunday were Mr. Stange's sister and son from Detroit.

An epidemic of a form of intestinal flu is making its rounds in West Point Park.

Mr. and Mrs. Ora W. Sealey of Philadelphia, Pa., were recent house guests of Mr. and Mrs. George Houtz on Farmington Rd. The Sealeys were on their way home from a vacation trip to California, having gone by the southern route as far as Oregon and returning by the northern trail.

They report visiting many points of great interest. Los Angeles impressed them as a most beautiful city. In Yellowstone National Park they enjoyed feeding the bears, whom they found rather shy.

They ascended Pike's Peak to a height of 8000 ft., but decided against climbing the entire 14000 feet since there was only a dirt road and a mere guard rail to protect cars passing one another.

Idaho's roads were found very stony. The Indian children in New Mexico proved interesting. They could make themselves understood only when asking for pennies or candy.

The climate in South Dakota was very hot and dry, but within the Bad Lands the beautiful colored rocks, for which the region is famous, were greatly admired. In Wisconsin, the great dairy farms were visited, and in Minnesota the tourists observed the most beautiful wheat fields in the world.

The Sealeys especially liked Michigan because of its great highways and so many picnic tables and accommodations for tourists. During their stay they visited at Greenfield Village and found many improvements since their last visit in 1940. In Detroit they were met by their daughter, Vera, who accompanied them home by way of Niagara Falls and Watkins Glen in New York.

Our community has become too much populated to permit backyard target practice unless extra precautions are taken. Last Friday evening Gordon Vance and Mrs. E. W. Stange narrowly escaped injury by stray shots. Certain roofs were peppered and automobile windows punctured.

Sincerely,  
T/S John K. Scanlon.

Li. Ray Oldham has returned home after serving with the Army Air Forces in the Near and Far East.
