Students Appreciate Change Of Atmosphere

The Farmington boys and girls owe the Board of the Methodist Church a debt. The atmosphere changes, aside from Mr. Maatla's jokes.

The students have an appreciation for the church and enjoy the change from the school atmosphere which they have been accustomed to since they first began attending. The new surroundings are refreshing and stimulating. They are now anticipating History, English and Economics with pleasure.

HIGH SCHOOL BAND GIVES COLORFUL PERFORMANCE

Members of the Farmington High School Band are to be complimented for their performance at the Detroit Lions game on Sunday. The program depicting the history of the United States Marine Corps was most colorful, as uniforms of the period were used by the Marines in staging the program. Also very impressive was the re-enactment of the flag raising on Mt. Serabotch.

The majorettes of the band performed nicely, and the Farmington band looked very well as they took part in the various formations.

A large crowd was on hand to witness the event.

High Schoolers Appear On Crutches

A few people around high school have been hobbling around on crutches the last week or two, with a sort of "grin and bear it" countenance. They have been nursing broken toes and a fractured ankle bone.

Many of the injured's friends grab a crutch and fool around with them, but we'll bet you they wouldn't really smile if they were disabled.
