**Obituary**

Services were held December 9 for the infant son of Mr. and Mrs. Leslie Grundy, 29495 Hubbard St. The baby was born December 7 at Mt. Carmel Hospital and was named Robert.

Burial was from the Anderson Funeral Parlor on Twelfth Street, Detroit, with Rev. Elmo Tuori of the Finnish Bethlehem Lutheran Church of Detroit officiating, with interment at Evergreen Cemetery.

Besides his parents, the baby left two brothers and two sisters.

The annual distribution of treats

and gifts will be held in the Neighborhood Church next Sunday evening, December 22. It is planned to have the program start at 7 o'clock in order that little folks may not be kept out too late. Bible School pupils are urged to bring their parents and Sunshine Sisters their children to participate in the exercises. Visitors, also will be very welcome.

taxes on cigars, beer, and amusements.

If the legislature were to enact a three-mill property tax, such a levy would take priority within the 15-mill property tax limitation. In other words, so proponents argue property owners in areas covered by a 15-mill limitation would pay the same property taxes as they do now. The constitutional limitation would prevent the adding of a state three-mill levy to the present 15-mill tax.

Lieut. Governor Vernon J. Brown advocates a three mill tax which would finance the state's educational obligations, such as the University of Michigan, Michigan State College and all others.

Dr. Eugene B. Elliott, state superintendent of public instruction, opposes a property tax because he believes it would create a hardship in many communities.

The state's educational building program is a good illustration of what legislators are up against. The 1946 legislature authorized a \$24,000,000 for needed construction. A sum of \$17,000,000 was appropriated, leaving the remainder to be provided in future sessions.

However, costs are higher. For example: Michigan State College estimates that \$10,000,000 will be needed to complete construction which the legislature has authorized to the amount of \$7,500,000 and for which the legislature made an initial appropriation of \$3,800,000. The same picture is true for the University of Michigan.

Two speed work, M.S.C. has authorized a 54-hour work week with 14 hours overtime wages; U. of M. has a 48-hour work week with eight hours overtime.

John A. Perkins, acting budget director at Lansing, is the old, old story of the high cost of living and a resultant need for more funds. Hospitals and institutions which treat mental patients report a need during the next fiscal year of \$23,960,095 as compared with \$15,726,334 actually spent in the past fiscal year (ending June 30, 1946). Budget requests, to date, total \$20,000,000—just \$4,000,000 MORE than was actually spent for the same

Last week we quoted state officials as estimating the prospective tax deficit at \$55,000,000 to \$58,000,000. Perkins' guests: \$70,000,000. The new budget director is secretary of the University of Michigan's Institute of Government. The Lansing chore is his debut in public office.
