

## Around The Block

**FEBRUARY 14**... first and foremost in the hearts of all the young and gay, St. Valentine's Day and it rightfully should. Remember not very long ago when Valentines were perfectly beautiful creations of hearts and flowers, all lacy and ribboned, with all sorts of intriguing decorations that fanned out into something that we thought was simply out of this world. Very different than the saucy, perky little Valentines of today... but the sentiment is still the same, and it means the same in any language. February 14 also marks the anniversary of Oregon's admittance into the Union in 1859 and Arizona in 1912. It was on this date, too, that Bell and Gray patented the telephone in 1876. These dates are purely coincidental, however, when considered along with St. Valentine's Day.

**SHROVE TUESDAY**... is next week, with Mardi Gras being observed in Alabama, Florida and Louisiana. Can you imagine anything nicer than going south for the Mardi Gras season? Particularly while we are still suffering and shivering around in the ice and snow, to say nothing at all of being "snowed in". Several local residents had the unusual experience of being practically isolated this week, and some instances were most unpleasant, even to the point of being serious. Anyway, old man winter can't hang on much longer and soon spring will blossom forth, and all the birds will be back with their gay spring songs.

**A CONTEST**... that will hold particular appeal to the young master of the house is going on at Hutton's Hardware. In the window of the store you will find a jar of agates. All one must do is to guess the number of agates contained in that jar and he will be rewarded with a prize of 1,000 agates. All you have to do to enter the contest is to buy a nickel bag of agates - and you may enter your guess as to how many agates are in the jar practically here, as we have said before, what young man would not be thrilled to pieces to have in his possession the sum of 1,000 agates? He could take the whole neighborhood, to say nothing of being able to "stake" his little chums. Of course mother and dad would have something on their hands, too, with 1,000 agates at the young man's disposal! How about it, gang - want to make a guess?

**OUR CONGRATULATIONS**... to the Christian Science Society of Farmington who have just obtained a new church home at 2701 Cass Avenue, at the corner of the city. Service will be held there this Sunday at 11:00 a.m. and again at 4:00 p.m. You are invited to attend. The Society is wished much success and prosperity in their new location.

**WE HOPE**... that you took the time to inspect the Boy Scout display in the window of Hutton's Hardware this week. Such a fine display gives one an excellent picture of the work that is accomplished by the Boy Scout organization. We are indeed proud to have such a splendid group in the community, and we are indebted to the leaders and workers in the Scout movement for all that they are doing for our boys and girls. Farmington can well afford to be Scout-conscious, for in such groups as the Boy and Girl Scouts lies the future of our community.

**ASH WEDNESDAY**... and the beginning of Lent is next Wednesday, February 19. The Lenten season comes early this year, bringing Easter of the first Sunday in April, the 6th. It is hard to realize that Lent is here so soon, for it seems as though the holidays are only just over. Lent always passed so quickly, and that means Easter will be here before we know it.

**THE PRE-LENTEN**... card party that the ladies of the Altar Society of Our Lady of Sorrows Parish give each year, is to be held on Friday, February 14, beginning at 8:30 p.m. It is a most enjoyable affair, and all are invited to attend and each and every one of you is invited to attend. You'll find a good time awaits you. The party is to be held at Farmington Town Hall, and this Friday is the date.

**MANY A CHUCKLE**... may still be heard, as an aftermath of the "stories" told Monday evening at the Jaycee Charter Banquet. Most of us are only too familiar with the usual brand of stories related by after-dinner speakers, but these Jaycees really have something to offer including after-dinner stories that are really tops. The dinner was one of the very best of the program was tops - all of which means it was a swell evening that everyone enjoyed.

**BOY SCOUTS**... of Troop 45 have had a most interesting exhibit of Scout equipment and handicraft at the Civic Theatre this week. Troop members were present at the theatre on Sunday all day, and also on Wednesday evening, and theatre patrons could inquire about anything they wished regarding the display. It was a most interesting exhibit and should help interest other boys in the community in Scouting.

**MANY WERE THE CUSTOMERS**... that dashed over to the bank on Wednesday to make their daily - or at least weekly - bank call. The bank, only to find the doors were locked. It was a legal holiday, of course, and even though we may have had it in mind just the day before, it is so easy to forget all about it - and just the most inopportune moment, too. There is another holiday coming up soon, too, the 22nd - and on a Saturday, which might be regarded as a good thing. Wednesday for merchants and others, so you'd better mark that day right now.

## Social Security March Of Dimes Survey Released Response Is Good

Res. A. C. Atwood, Oakland County Social Security Administrator, announced yesterday that a recent survey reveals that 196 persons in the Farmington area are receiving monthly social security payments.

The total amount of benefits paid per month in Farmington is \$403.72. During 1946, lump sum payments in the amount of \$2949.20 were paid to residents of Farmington who were survivors of deceased wage earners but not eligible for monthly payments. Many of the persons, however, will later receive such payments.

Atwood stated that 4899 individuals in Oakland County were receiving \$102,245.00 in monthly social security payments.

The Social Security Administration office at Pontiac is making a determined effort to provide better service to residents of the smaller cities and villages of its area. Accordingly, regularly scheduled visits are being made to convenient points in each locality. Residents of Farmington may contact their representative at the City offices in Farmington on the 2nd Thursday of each month during the hours of 1:00 p.m. and 2:30 p.m. Atwood urged that anyone who desired information concerning possible benefits should contact the representative of his office during this monthly visit. Applicants for social security account numbers should be mailed to the Pontiac office as in the past.

Farmington residents were most generous in their contribution to the March of Dimes campaign which ended Saturday. It was only through the generosity and cooperation of various local organizations and individuals that the splendid results were possible.

Richard H. Taylor, Farmington chairman of the March of Dimes, announced Tuesday evening that a total of \$387.69 had been collected to date. It is probable that this amount will be slightly increased, inasmuch as some checks may still be contributed to the drive, although it has officially ended and the campaign was picked up from the various stores and business places in the City and Township last Saturday.

The box collections, totaling \$140.82, and collections from the City Theatre amounted to \$168.57. The balance of the contribution was given by the Exchange and Kiwanis Clubs, the Auxiliary of the Veterans of Foreign Wars and checks were also contributed by Dr. R. A. Schenck, Miss Anna Thayer and Ed Pierce.

Of the amount collected, 50 per cent remaining in this community to be used for any local infantile paralysis victim, and the balance portion to the National Foundation, where it is used not only for the direct relief of those having infantile paralysis, but also for research and study of treatment.

## \$30,000 Increase Necessary For School Operation

### Board To Secure Bids For New Bus

Superintendent O. E. Dunkel stated Monday night at the regular meeting of the Board of Education of the Farmington Township School District that the estimated increase of \$30,001 over the 1945-46 budget was necessary to operate the Farmington schools for the current year.

In the discussion that followed, Dunkel pointed out that this increase in revenue was necessary to meet the rising costs of instruction, operation and maintenance of the Farmington Schools. In a breakdown of these expenses, Dunkel added that instruction, including teachers' salaries, supervision and increased costs of supplies was estimated at an increase of \$17,000; repair of buildings at an increase of \$4,000 and building improvements at an increase of \$3,800, just to include the three largest expense increase items.

With these estimated increases, Dunkel stated that the total operating revenues of the Farmington School District were estimated at \$190,575 of which \$70,533 are expected from local taxation.

To meet these current needs a tax rate of 9.1 mills on the equalized valuation was allowed by the Oakland County Tax Allocation Board. Representatives of the American Warming and Ventilating Company met with the Board to discuss the modernization of the heating system in the Farmington Elementary and High School buildings. It was pointed out that the present heating plants are in very poor condition and would have to be replaced. At present the system is inadequate to heat the buildings at a uniform temperature. The Board authorized the company to draw up plans and submit proposals at the earliest possible date.

The Board also authorized Dunkel to secure bids on a new 60-passenger school bus for delivery during the 1947-1948 school year. It was emphasized that this transportation is badly needed to handle the increased number of students. At present the School District has seven busses in operation, which include three old busses, two of which are small busses. Plans call for the extension of transportation to areas involving hazardous traffic conditions as rapidly as facilities permit.

Miss Winifred Oldenberry was in Farmington on Tuesday, and had luncheon with Mrs. Lou Pauline. Miss Oldenberry is staying in Detroit with Mrs. Elta Ballard.

## Kiwanians Will Give Scholarships

Students in the Farmington High School Music Department were given this week to learn that the Kiwanis Club of Farmington has arranged to present two summer scholarships. These scholarships will be awarded to the two outstanding band members for the year 1946-1947.

One scholarship will send an outstanding musician to the National Music Camp at Interlochen and the second scholarship will send a promising musician to Michigan State College for a three week summer band encampment. Lloyd Smith, director of the band, reports that already students have been turning in many hours of home practice, so that they might improve their present rating, and qualify with sufficient points to win one of the scholarships.

The winning students will be members of either the Junior or sophomore classes, and will be chosen on the basis of effort, attitude, cooperation and ability. School administrators are particularly pleased that the scholarships have been offered, for they feel that should do much to promote the rise of culture and to

## P.T.A. To Observe Founders' Day

Parents of children in the Farmington School District and adults who are interested in the welfare of the school system, are cordially invited to attend the potluck supper, and program, to be held at the Farmington High School Gymnasium on Tuesday evening, February 13, beginning at 6:30 p.m. Parents attending the potluck dinner are asked to please bring their own dishes.

A fine musical program under the direction of Mrs. Sill, local teacher in the high school, will immediately follow the supper. Special numbers by Mr. and Mrs. Sill will be presented and community singing will be led by Mr. Sill.

Mrs. Robert N. Hickson, of Pontiac, will talk on the subject, "Your Part in the P.T.A.". Information of particular interest to parents will be discussed at this time. Everyone is cordially invited to attend this Founder's Day Program, and make it a real fun night for the P. T. A.

Miss Winifred Oldenberry was in Farmington on Tuesday, and had luncheon with Mrs. Lou Pauline. Miss Oldenberry is staying in Detroit with Mrs. Elta Ballard.

## Jerry McSafely To Entertain In Farmington

Jerry McSafely, the toothy, grinning, quick-witted ventriloquist's dummy and his master, Sgt. Fennell, of the Detroit Police Department, will make two appearances in Farmington, Tuesday, February 18.

Jerry will present his entertaining, educational safety program to the elementary students in the 7th grade of the Farmington school at the Farmington High School gymnasium in a special assembly program at 12:40 p.m. After his performance at the school, Jerry will make a public appearance at 3:00 p.m. at the Novels Motor Sales, 21506 Grand River at Orchard Lake Road. Jerry will distribute autographed post cards as an added feature of his program. The public are invited to attend the 5 p.m. performance at Novels Motor Sales. There is no charge for admission.

Jerry and Sgt. Fennell have been making these safety talks before school audiences since September 1938. Future plans indicate that the pair will tour the entire country as part of a program to teach safety to America's children.

Jerry's fame has been growing by leaps and bounds, since his birth in 1938. With his engaging grin, giggling ears, and a line of witty patter and songs, "Patrolman" McSafely has been "laying his law down in the streets." He attracts the children like the modern counterpart of Pied Piper. When his "safety lecture is over, the children hear for more. He is beseeched for his autograph and followed by crowds of eager fans as he makes his exit.

The credit for this startling hero in Sgt. Fennell, who decided in his first year as a safety lecturer with the Detroit Police Department, that he could make his talks entertaining as well as informative. So Jerry was created, and dressed in a jump size regulation police uniform with shiny black hand-cuffed revolver. Sgt. Fennell designed his safety talk into a fast moving dialogue in which he modestly gives the dummy all the best lines.

A city-wide contest was held in Detroit, and the child who submitted the name "Jerry McSafely" won a cash prize. Since that time Jerry has been making famous and happy with the children, but in adult circles. He has appeared regularly before school audiences and to adult groups at lodges, churches, and other civic and social clubs, and has made a number of radio broadcasts. During the war, Jerry and Sgt. Fennell joined a USO group and toured 20,000 miles to entertain the troops throughout Europe. On the return trip to this country Jerry made a mid-night performance for a plane load of convalescent troops thousands of feet above the dark swirling waters of the Atlantic.

## CHARLES HANNAN HONORED BY CIVIC CENTER

CHARLES H. HANNAN

Charles H. Hannan, architect, of 3665 Howard Road, Farmington, and member of American Institute of Architects, has been named the tenth architect of this area to be honored by Kern's Civic Center for Home Planners in its "Architect of the Month" series of home designs.

Hannan's design will be on display during the month of February along with other home planning material on the ninth floor of the Kern Civic Center.

Kern's Civic Center, for Home Planners, open to the public during hours, provides opportunity for would-be home owners to plan to study listings of properties for sale, houses to build, floor plans, and literature on all types of building material as well as the latest magazines on home planning.

## Falcons Defeat Northville 27-26

For the second time this season the Farmington Falcons defeated the Northville high school basketball team in a close, fast stepping overtime contest, 27 to 26.

Northville has lost only two games so far this season, both to Farmington. On December 20, the Falcons squeezed out a two-point victory in the first overtime game against Northville.

In the game Friday night, both teams fought hard all the way and it was anyone's ball game until the final whistle blew. The lead switched back and forth throughout the contest.

With three seconds left to play in the final period and with Northville leading 23 to 23, Ernie Tyler, Falcon center, sunk one off the backboard to tie the score.

Northville, sunk a free throw to put his team out in front. The Falcons came right back, however, with Bob Neft and Harold Lawton both sinking free throws to put the Farmington five back in the lead.

The Falcons kept the Northville team in check for the remainder of the 3 minute period, holding their one-point lead and winning 27 to 26.

Coach Bob Hutton started Bob Neft, Jack Hiberna at forward; Ernie Tyler at center; John Greco at forward; and Harold Lawton at guard. Bob Neft was high point man for the Falcons with 8 points to his credit.

Pottinger led the Northville team with 10 points. The Falcons won the game by a 27 to 26 margin.

The Falcons will journey to Wallbridge this Friday, in the Inter-Lakes Conference game. The game will start at 7:15.

## Birmingham Soloist To Be At Clarenceville

Mr. George Mullen, soloist at the St. John's Episcopal Church of Birmingham, Michigan, and former member of the Ford Symphony Chorus, will be the guest soloist at the Clarenceville Methodist Church on Sunday evening, February 16, at 7:30 p.m. The public is invited to hear this fine vocalist.

## Heavy Vote Is Anticipated In Township Primary Election

### Girl Scout Troop 3 Visits Shrine Circus

Girl Scouts of Troop 3, of which Mrs. Sam Kosmynsky is leader, attended the Shrine Circus in Detroit on Tuesday. The girls went and had a wonderful time. The Scouts were given the tickets by Mrs. Cecil Beebe, one of the committee women.

## Tax Deadline Is Drawing Near

Tax collections in both the City and Township of Farmington have been coming in very well, according to City Treasurer Avis Jamison and Township Treasurer Clayton Goers.

At the present time approximately 66 per cent of the Township taxes have been paid. No estimate was available in the City, but the percentage is good.

Taxes must be paid before March 1. If they are to be paid without penalty. The Township Office in the Farmington Town Hall is open daily from 9:00 a.m. until 4:00 p.m. and on Saturday from 9:00 a.m. until 12 noon. City offices are open daily from 9:00 a.m. until 5:00 p.m. and until noon on Saturday.

After March 1, tax rolls are returned to the Oakland County Treasurer, and those desiring to pay taxes must do so at Pontiac. A 4 per cent penalty is added after the first of March.

Residents are also reminded that dog taxes are now due and payable. Both in the Township and City the number of dog taxes paid has been very small. You may pay your dog tax at the same time that City and Township taxes are paid.

After March 1, a higher rate is charged for dog licenses. A dog warden will call upon those people who are keeping dogs but who have not paid for any license for them, and either they will have to get a license or forfeit the dog.

It is expected that there will be a rush period in the first days of the collection period to pay taxes before a penalty is imposed, and that a high percentage of collection will be established in both the City and Township.

Interest in the election has been stimulated by the activity of various groups in the Township, both to get the voters registered, and to get the voters in the polls.

Election polls will be open 7:00 a.m. until 8:00 p.m. Residents of the City of Farmington and those residing in Precinct 1 of the Township will vote at the Farmington Town Hall. Residents of Precinct 2 will vote at the Macabee Hall in Clarenceville. Members of the two election boards were named at a meeting of the Township Board.

## Many Attend Jaycee Banquet

Approximately 120 persons attended the Farmington Junior Chamber of Commerce Charter Night Banquet which was held Monday evening at the Farmington Methodist Church.

Paul Bagwell, state president of the Michigan Junior Chamber of Commerce was the guest speaker. He outlined the main objectives of the Junior Chamber of Commerce movement which is service to the community and the building of leadership in the young men of tomorrow.

Bagwell emphasized the importance of young men have held in the history of our country. He pointed out the tremendous job that was yet to be done to bring our social order up to the level of our scientific and industrial progress.

Bagwell cited numerous activities that have been undertaken by Junior Chamber of Commerce chapters throughout the state and the nation, to aid their local communities. He pointed out what Michigan chapters were doing to aid veterans at Percy Jones Hospital in Battle Creek.

He also pointed out the importance of young men to aid local officials in getting out the vote in a recent state election and what they had accomplished in building leadership among the young men of Michigan.

Thor Marsh, national director of the Michigan Junior Chamber of Commerce, presented James Tagg, Farmington president, with the chapter's charter. Charles Hutton presented the Farmington scroll to Al Jones, secretary of the Farmington chapter. The presidents plan to be presented by Norman Martin, vice-president of the state organization.

James Warner, general chairman of the program, furnished the guests with some very interesting information in the form of a quartet and Gene Hynes and his musical saw.

The second accident occurred about 8:30 p.m. Monday, when Winston G. Clark, 23405 Sherwood, hit Mrs. Mary Ann Clark, 23405 Sherwood, just in front of the first stand on Grand River in Farmington. Officer Carpenter drove Martin to Pontiac to await arraignment the next day, and it was, while he was away that a second accident call came in. The police car being in use, and no other car available, Chief DeVrient hailed a cab, and hence arrived at the accident scene in a very few minutes.

### Contest Exists For All But One Nomination

It is anticipated that a large percentage of the registered voters in the Township of Farmington will go to the polls in the Primary Election to be held Monday, February 17. A Primary is also being held in the City but it is expected that, voting will be light, inasmuch as there is no contest, and balloting will be for the three Circuit Judges only.

There has been considerable interest displayed in the Township election this year, and there is a contest for all but one office on the Republican ticket. No petitions were filed for any nominations on the Democratic ticket.

The incumbent supervisor, Ernest V. Blanchard, is being opposed by John W. Keith. Harry McCracken, present Township Clerk, has two opponents in Mrs. Clara W. Gossett and Fred G. Menke. Township Treasurer Clayton Goers is the only official who has no competition. He has filed for re-election.

With two Justices of the Peace to be elected for full terms, five candidates have filed: George H. Dempsey, Chester A. Menard, Robert E. Miller, Thomas Hardy and incumbent Harry Schaff. Ward Eagle is just completing a term as Justice of the Peace. He did not file for re-nomination.

With one member to be elected to the Board of Review, Charles Hesse, incumbent, is opposed by Clyde A. Denbo. Six candidates have filed for the office of Constable, with four to be elected. They are Norman E. Moore, Godfrey Gagnon, William LaForte, Ralph E. Marino, James Fainst and John W. Squire.

Interest in the election has been stimulated by the activity of various groups in the Township, both to get the voters registered, and to get the voters in the polls.

Election polls will be open 7:00 a.m. until 8:00 p.m. Residents of the City of Farmington and those residing in Precinct 1 of the Township will vote at the Farmington Town Hall. Residents of Precinct 2 will vote at the Macabee Hall in Clarenceville. Members of the two election boards were named at a meeting of the Township Board.

## LOCAL POLICE RESORT TO TAXI SERVICE

The Farmington Police Department will be on the job where needed - even if it is necessary to employ a taxi cab to do so - and such was the case on Monday night.

At about 5:30 p.m. David Martin, 1929 Bentley Blvd., Walled Lake, rammed into the rear of the LaSalle Cab, driven by Floyd Meador, just in front of the first stand on Grand River in Farmington. Officer Carpenter drove Martin to Pontiac to await arraignment the next day, and it was, while he was away that a second accident call came in. The police car being in use, and no other car available, Chief DeVrient hailed a cab, and hence arrived at the accident scene in a very few minutes.
