VETERANNEWS

From the OFFICE OF VETERANS' AFFAIRS

DEADLINES FOR VETERANS RIGHTS AND BENEFITS, WORLD WAR II

Following is a convenient ready-reference tabulation of the time-limits within which veterans and their survivors and dependents are entitled to exercise certain rights, benefits and privileges to which they are entitled by federal laws, as compiled by Army Times:

10 days after discharge: Report to local draft board.

30 days after discharge: Application for old job.

Until July 1, 1947: Application for \$1600 authorization for leg amputees.

Until July 1, 1947: Veterans discharged on or after May 12, 1945, may enlist in Enlisted Reserve Corps in same grades held at time of discharge, providing such enlistment is accomplished within 6 months of discharge, or before July 1, 1947 (whichever is later).

Until August 1, 1947: Reinstatement of term National Service Life Insurance without physical examination. (After July 31, 1947, insurance may be reinstated without physical examination, provided application is made within three months of date of lapse).

Until August 1, 1947: Veteran may apply for waiver of insurance premiums to which he had been entitled since August 1, 1946. After August 1, 1947, no premium will be waived which becomes due more than one year prior to receipt in the VA of application for waiver.

Until August 1, 1947: Beneficiaries of deceased servicemen, or veterans, may claim waiver of any premium which had become due to the serviceman or veteran. If serviceman or veteran died during total disability, dependents also have until August 1, 1947, to apply for proceeds of policy. After that date they have one year from date of death of veteran to apply.

Until September 1, 1947: Applications for terminal leave pay may be made.

Until August 1, 1948: A beneficiary who has received payment before September 30, 1944, of NSLI, has the right to change option of settlement from Option One to Option Two.

Before 1950: Veterans who did not take out NSLI policies while in service, may apply for such insurance now. Those who make application before 1950 will not be denied a policy by reason of any disability incurred or aggravated in service.

Before 1950: Veteran applying for total disability insurance coverage, will not be denied such because of any service-incurred injury or disability, if he applies before 1950.

Two years after discharge (or end of war, whichever is later): Eligible for Readjustment Allowances under G.I. Bill.

4 years after discharge (or end of war, whichever is later): Eligible to initiate Educational Rights under G.I. Bill, and - or Public No. 16, vocational readjustment.

5 years after taking out National Service Life Insurance (if term policy dated before January 1, 1946): Conversion Privilege to permanent policies.

5 years after end of war*: All Readjustment Allowances end.

8 years after taking out National Service Life Insurance (if term policy dated before January 1, 1946): Conversion Privilege to permanent policies.

9 years after end of war*: G.I. Education must be completed.

10 years after end of war*: Rights to apply for Loan Guarantees under G.I. Bill expire.

15 years after discharge or 15 years after June 22, 1944, (whichever is later): Appeals may be made for Review of Discharge.

Indefinitely: Surplus property priority can be exercised as long as WAA has surplus items for sale.

Indefinitely: Job-finding assistance through USES (or its successor agencies in states).

Lifetime: Insured veteran may change plan of converted insurance, reduce amount of insurance, change beneficiaries, apply for waiver of premium (if totally disabled for six consecutive months). After converted insurance is in effect for one year, veteran may apply for loan or cash surrender.

Lifetime: Hospitalization, medical treatment, domiciliary care, outpatient treatment, prosthetic appliances for veterans having service-connected disabilities and also non-service-connected disabilities under certain conditions.

Lifetime: Application for Disability compensation (pension).

2 years after death: Dependents may apply to V.A. for burial rights.

Any time after death: Dependents may establish right to pension based on disability of serviceman.

*NOTE: End of war is date to be set by Congress or Presidential proclamation. But end of war will not occur for soldiers in Regular branches of armed forces until expiration of first enlistment under voluntary recruitment act of 1945. If such enlistment occurred prior to October 6, 1945, also G.I. rights continue for men inducted or enlisting after that date, but "eligibility time" is calculated only on active service time from date of induction or enlistment, until officially declared "end of war".

Apple Tree Versus Wheat Field

If you ever visit Job Crowell's farm, he'll take you right out on that back porch of his and show you his apple tree.

"There," says Job, "is nature's noblest creation—fifty years, and bearing still the finest cider apples in the county!"

But last fall, when a group of us was there, Bud Denny points across the river to his grain fields and says: "There's an even finer sight! Acres and acres of golden grain, you can make dozens of appetizing things with—including wholesome, sparkling beer."

Both of them got so eloquent on the subject, that the rest of us worked up quite a thirst; so Job goes to the icebox for beer and cider, and when the refreshments come, Bud chooses cider, and Job takes the beer!

From where I sit, that's the answer to most disputes. You can talk all you want, but when it comes to tastes and preferences, there's just no argument.
