Folding tables and chairs belonging to the Community Club have been busily making the rounds of late to showers, weddings, reunions and such parties. Some of these furnishings were in the use of the recently abandoned West Point Bible Church, but have now been

removed from that building. Eleven ladies were present at the last meeting of the Sunshine Sisters, held in the Neighborhood Church last Wednesday afternoon. Following the devotional period and Sunshine program, plans were discussed for holding the annual Mother and Daughter potluck, which, because of unfortunate circumstances had to be postponed several weeks ago. Mothers and daughters from the Sunshine Sisters group and from the Neighborhood Bible School are participants, but there will also be present guests from outside the local community. Tea, coffee and rolls will be provided. Family groups and individuals will bring in food according to convenience. A program consisting of a devotional period, an address and musical numbers is being lined up. The usual presentations will be made.

Since a Mother and Daughter potluck will be held on the regular meeting date for the Sunshine Sisters, their next session will take place until July 30th. Miss Joanne Craig has agreed to provide home-made cake for that occasion. A speaker is expected to be on hand at the next meeting of the Neighborhood Bible School, Sunday, July 13, at 11 a.m. A guest speaker is to be on hand for the 7:30 p.m. service also.

can be **FATAL!**

12,200 pedestrians were killed by automobiles last year—1,340 more than the year before. Two out of every three violated traffic laws or committed unsafe acts which contributed to their deaths.

And believe it or not—many of these fatal accidents actually happened less than six feet from the curb—only a step or two from safety!

Between intersection accidents accounted for more than one-third of all pedestrian fatalities last year. These victims carelessly rushed out from behind parked cars, or simply jaywalked themselves into traffic—and death. Others even ignored the safety of lights and traffic officers at intersections to save a few seconds—and lost their lives.

Never take safety for granted. Cross at intersections within the crosswalks. Wait for the light or the policeman's whistle. Be alert for the inconsiderate driver making a right turn, or the reckless one beating a light. On open highways, allow for the speed of approaching cars. Walk to the left, facing traffic.

Whenever you cross, look both ways. One step can be fatal!
