LAS VEGAS, NEV. — Disabled American Veterans officials lead the caravan to the old west as they plan 26th national DAV convention scheduled here August 17 through 23. National Commander Lloyd F. Olson (left) and National Adjutant Vivian D. Corby announced delegates from more than 1300 Chapters are expected to plan year's program for four million wartime disabled veterans.

## WEST FARMINGTON

By MRS. IRVIN KNAPP  
TELEPHONE FARM. 0594-J3

Several from here attended the closing services conducted by Rev. Richard Nyberg at the Walled Lake Baptist Church on Sunday morning. He spoke on "Past, Present and Future" and for the evening service his topic was "When We Meet Again". Rev. Nyberg has been at Walled Lake for the past four years. He will witness the interment of The First Baptist Church at Temperance on August 3.

The class of Walled Lake Consolidated School of 1941 will have their annual class picnic at the home of Mr. and Mrs. William Knapp, 35324 W. Thirteen Mile

## Specialist Gives Advice On Planting Of Alfalfa

Farmers who intend to plant alfalfa should be making plans now, advises Dr. S. T. Dexter, Michigan State college farm crop specialist.

Tests over Michigan show the best stands come from late July and early August seedings. There's an adequate supply of alfalfa seed in most localities and with a good supply of reserve moisture, it looks like a splendid year to get a stand. Since much of the land was not put into crops this spring because of the cold weather and heavy moisture, the alfalfa research specialists believe it an excellent time to plant for hay or pasture crops. Land seeded in late July or August will be ready to produce good crops of hay and pasture during 1948. Since seedlings of alfalfa last spring and summer resulted in poor stands because of drought, Michigan has dropped behind in its seeding of legumes. Now, Dexter believes, is the time to catch up.

## REXALL DRUGGISTS SPONSOR NEW PROGRAM

The Rexall Theatre, an exciting new dramatic series, co-starring Pat O'Brien and Lynn Bari, made its debut Wednesday, July 2nd, over station WWJ through the facilities of the coast-to-coast NBC network, according to Mr. Bradley, of the Smith - Bradley Rexall Drug Store. Mr. Bradley is one of the more than 10,000 independent Rexall druggists who sponsors Rexall Theatre.

"This is the first in a series of 13 programs which will be heard every Wednesday night through the summer," Mr. Bradley said. "Pat O'Brien plays the role of a druggist in a small American town, and Miss Bari is cast as the leading nurse in the town's hospital." The cast also includes other members of the druggist's family as well as a group of regular patrons of the drug store.

Musical background for this new dramatic series is provided by Roy Rogers' Orchestra. Howard Tetz handles his usual duties as the Rexall announcer.

Rexall Theatre is written and directed by True Boardman, one of Hollywood's leading radio dramatists.

On any occasion, your portrait expresses more personal thoughtfulness than any gift you can make. Do you owe yourself and your friends a modern photograph.

## Report Completion Of Cut-Off Resurfacing

Highway Commissioner Charles M. Ziegler reports completion of two state highway projects, bituminous resurfacing of 1,866 miles of the Farmington cut-off on US-16, near Grand River Avenue east of Farmington, and 5.1 miles of gravel resurfacing on M-106 from Stockbridge easterly to Gregory in Ingham County. Detroit Asphalt Paving Co. did the US-16 work and A. L. Dyer, McBride, the work on M-106.

The State Highway Department reports it has begun 6.58 miles of widening and resurfacing on the Dort Highway (US-10) southerly from its junction with US-23 north of Flint. The highway will be increased from a width of three and two-lanes to a full four-lane width and the old section of the highway will be bituminous resurfaced.

The widening will extend from the junction with US-23 south to about one-half mile north of M-21 where it will join the present four-lane section of the Dort highway. When the work is finished US-10 will have a minimum width of four lanes from Detroit to Saginaw.

Work also is under way on resurfacing of the 30-foot south lane of M-43 between Lansing and East Lansing, a distance of 1,253 miles. Traffic will be maintained during the work which is expected to be completed in about two weeks. Detroit Asphalt Paving Co. is the contractor.

## RED CROSS NOTES

Because of the large number of lakes in Oakland County and the many individuals swimming during the summer months, some knowledge of water safety is important to those individuals participating in this form of recreation, according to Mark Smith, chairman of the Red Cross water safety committee of the Oakland County Chapter. Although much has been accomplished in safeguarding the lives of those who bathe in our lakes and a system of rescue has been worked out to aid those who get in difficulty, a knowledge of individual safety in the water is an important safeguard. The following rules, set up by the Water Safety Service of the American Red Cross, observed, will prevent many serious water accidents: Do not swim in water which is too cold; do not swim less than an hour and a-half after eating; if you are a non-swimmer, do not go out beyond your depth; when swimming distance, swim parallel to the shore; never swim in deep water alone; do not dive into unknown territory; know
