Why we sell

Frigidaire
Refrigerators
and Only

Frigidaire!

There are several reasons why we sell Frigidaire refrigerators exclusively.

One of these is, frankly, more people want to buy Frigidaire refrigerators... they're easiest to sell.

Another is... we must give the best service possible. And to do this we must sell fine products.

Another reason is, when you select a new Frigidaire refrigerator, you are getting a member of the distinguished "family" of Frigidaire appliances. So when you add other equipment for your kitchen, it can be all "Frigidaire."

But aside from all this, more than 8 million Frigidaires have been built and sold, which is a pretty good indication of just how good they are... and another reason why we sell.

Frigidaire and only Frigidaire
