Mild Laxative for Baby Free

The child of today is the parent of the future, and whether grows up healthy and strong, or puny and weak, depends upon the intelligence of its parents, for most children are born into the world healthy, but thousands become future weaklings between birth and the age of ten, when the parents are still in greatest control.

The prime cause of trouble in the stomach, A baby that is digesting its food seldom cries and always looks cheerful; the little child whose stomach is good keeps up its play and is contented, the growing child learns fast at school and is eager for his food and his work, and the stomach light, and that means if it has no constipation.

The best and safest way to cure any irregularity of the stomach and bowels in children is by the use of Dr. Caldwell's Syrup Pepsin. This is a liquid laxative wonderful in its effect as Mrs. John W. Dunham, Apple Creek, O., Mrs. H. L. Callum, Fairville, Ind., and numerous others can testify who give it to their children with extraordinary results.

A bottle only costs 50 cents or if according to the size you want, and even one 40-cent bottle will do a wonderful amount of good in a family. It can be given to any member of the family in constipation, sour stomach, indigestion, torpid liver, dyspepsia, flatulency, headache and similar digestive troubles. It never gripes or strangles like pills, tablets, salts and powders, which should not be given to children, women or old folk.

If you have a child or other member of the family who needs, but has never used, this grand laxative tonic, send your name and address to the proprietor and a free trial bottle will be sent to your home. In this way you can find out what it will do without personal expense.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor and he will answer you fully. There is no charge for this service.

The address is Dr. W. B. Caldwell, 500 Caldwell Bldg., Monticello, Ill.

All Over the County

The Central bakery at Pontiac, recently deserted by the lessee, will be sold at public auction.

S. W. Smith, the congressman from this district, has written a reply to the recent attack made against him by the Washington Times, and will submit it for publication in a few days.

The county supervisors have again turned down the proposition of placing a clock in the court house tower at Pontiac, and if a clock is placed there the city will probably have to do it.

Daniel Johnson, late janitor of the court house, died suddenly in the building last Saturday, after learning that his successor was appointed. The cause of his death was heart disease, the attack that killed him being caused by his disappointment.

A fire in the swamp at Cass lake Tuesday raged fiercely and it was feared the cottages were in danger, but help was sent out from Pontiac and a trench was dug around the burning portion. The ground is covered with peat, which is still burning, but men are watching it and it is thought there is no cause for alarm.

A meeting for the benefit of the fire sufferers was held at the town hall Wednesday evening to devise some means of applying the money that has been collected, amounting at that time to \$68. The ladies of the cemetery association make a proposition to buy material and make up clothing, bedclothing, etc. It was finally decided to allow T. H. McGee, village president, to use his own judgment in expending the money for supplies.
