From where I sit... by Joe Marsh

We All Need Fun!

Nobody in Our Town is exactly lazy (even though Pete Swanson's A.M.). But the hardest working man of all is Doc Hollister—on call, morning, noon and night.

Funny thing, Doc's favorite prescription to his patients is: You ought to have fun. The pace of modern living, even on the farm, demands some relaxation.

And as Doc says—fun is a personal thing. For the missus it may mean a movie or a good book; for Dad, a mellow and refreshing glass of beer; and for the kids, purchased or the radio. Doesn't mean everybody has to like the same thing—so long as they relax, have fun, together, in the home.

Doc doesn't have much time himself. After a hard day, he'll relax before the fire with a glass of beer—and wait for the phone to ring again. And from where I sit, Doc deserves each well-earned minute of that relaxation.

Mrs. William McDonald of Long Avenue has returned from undergoing surgery in Sessions Hospital, Northville, and Mrs. Robertson is home from Detroit Osteopathic Hospital, where she underwent surgery. A speedy recovery is wished for both.

The sympathy of the whole community goes out to Mrs. Breckenham and her family of Lathers Avenue, on account of the death of Mr. Breckenham, who passed away last Wednesday after a lengthy illness. Also to Mrs. Gordon Moore of Ne-gaunee on account of the sudden death of her father, Dave Strachen of Dearborn.

Our graduates of '46 and '47 are settled in the respective colleges of their choice for the fall term.

Obituary

Mrs. Ida Forester

Mrs. Ida Forester, a resident of Farmington for 23 years at 31725 Nine Mile Road, passed away Monday morning, September 22 at the age of 84 in the Pontiac General Hospital. Mrs. Forester had been at the hospital for three or four days and was ill since last summer. She is survived by her nephew, George Valentine of Detroit. She was known by many friends in Farmington.

Funeral services took place Wednesday at 2 o'clock. Burial was in the Edwood Cemetery.

Historical Food

MILK is one of the oldest known foods. Records exist of cows being milked in 8,000 B.C. The Bible contains many references to milk, one of the best remembered from Exodus 9:8—"milk and honey." Sanskrit writings 6,000 years old tell milk is one of the most essential of all foods. Hippocrates recommended milk as a medicine five centuries before Christ. In Ur of the Chaldees a frieze depicts a dairy scene in 3500 B.C. showing milk containers and strainers.

Blankness of Mind

Blankness of the mind is not usually sought by most people—at least during the day. At night, however, it is one of the best ways to get to sleep. It is easiest to keep the mind blank, all worries pushed aside, when mattress, springs and pillows are comfortable, gently encouraging sleep.

Drug treatment, even though effective, is only a help in controlling mastitis; no dairyman should consider it a substitute for proper sanitary practices and management.

Mrs. Manley Kelly of St. Francis entertained at a luncheon card party on Wednesday of last week for the benefit of Edgewood Mothers Club. Mrs. George Lawerson assisted Mrs. Kelly.
