Scouting Finances

(Continued from Page One)

leaders should be consulted as to the most acceptable means to raise these funds. During the past year the funds were raised by the calendar sale, contributions, silver teas, and presentation of "Rumpelstiltskin" by the Wayne University Players.

It is necessary for the finance chairman and his committee to seek opinions, advice, reactions to plans and recommendations regarding financial policies, money-raising drives or projects, distribution of funds, and to consider the relationship of scouting and its activities to the community.

Mrs. Dargan announced that plans for the coming season are now being considered. They include the calendar sale, cookie sale, encouraging contributions, securing the services of the Wayne University Players, the Wayne University Marionettes, Silver teas, and asking Farmington civic organizations and clubs to remember the Girl Scouts in their budgets.

Girl Scouting is one of our most valuable activities, and it deserves our individual support as well as whatever aid we can give through our local organizations.

MEMO: TO OUR CUSTOMERS

THIS IS **FROZEN FOOD LOCKER WEEK - Nationwide**

This week, November 10-15, 1947, locker plants throughout the country are celebrating. The locker industry has been firmly built. It has grown tremendously. And that's reason enough to celebrate.

But we're happy for another reason, too. We KNOW we've been able to help in America's Food Saving Program!

You — our patrons — have realized this all along. By using the frozen food locker method of food preservation, you've been able to use locally grown foods, goods produced in your own garden. And because of this, it has been unnecessary to delve into the Nation's marketable food supplies. At the same time, you've been able to save money — and eat better — and we've all made the best use of our local surpluses.

In America today, over 4,000,000 thrifty families are patrons of over 9,000 locker plants. Each of these families is helping tackle this food problem with its worldwide significance. More plants, more patrons every day are proving the value of the "locker way".

You — our patrons — are to be congratulated for pioneering in better living through better eating. Let's continue talking over our food plans together — for you and your friends. It's worth it!
