EDNA JUNE LUTZ TO ENJOY HOLIDAYS AT HOME

Miss Edna June Lutz of Farmington, a student at Stephens College, will spend the Christmas holidays at her home. She is the daughter of Mr. and Mrs. John A. Lutz, 28504 Drake Road.

The Christmas vacation at Stephens College will start on December 15 and classes will resume on January 7. A series of formal holiday balls will precede the vacation period, as well as numerous informal residence hall and club parties. The formal Christmas dinner on December 16 will be followed by the traditional Christmas concert presented by students. Climaxing the holiday events will be the twentieth annual Christmas vespers service on the eve of departure, followed by caroling around the giant lighted Christmas trees on the college campus.

Miss Lutz is a member of the Independent Organizations on the campus.

Ice in Sealed Cans
Back again after a wartime absence is an ice chest that doesn't melt, a would keep things cold and still avoid the handicap of melting ice. It is a chemical packed in a by 4 by 2 inch tin can. After 24 hours in the freezing compartment of a refrigerator, the fluid in the can becomes a solid block of ice. Two cans will keep the contents of a food basket cold for an entire day. The chemical can be frozen over and over again, because of a light-tight tin that protects its potency, can be used for several years.
