CLARENCEVILLE P.T.A. GROUP HEARS TIMELY DEBATE

The regular meeting of the Clarenceville P.T.A. was held Tuesday evening at the Clarenceville High School.

Professor Kieckhefer of the University of Michigan presented members of the speech class in a debate, the subject being, "Should a Federal World Government be Established". By this is meant an organization made up of representatives from all the nations of the world, large and small. Such an organization would have certain powers, especially governing armaments, so as to prevent wars and maintain peace. Each nation would be free to make up its own mind. The League of Nations had no power to enforce its ideas.

The idea of a World Government, as presented by the affirmative appeared very convincing but the negative showed how difficult it would be to form such an organization. After the debate, there was an open discussion. Many good questions were asked, showing that our people are thinking. Mr. DeMontier presented an invitation to all to attend a meeting of the Livonia Civic League at Clarenceville High School March 3.

Mrs. Davis invited everyone to attend a meeting Monday evening at the high school at which time a discussion will be held regarding the proposed new gymnasium.

Miss Haglund's room was awarded the prize for having the largest number of parents present at the meeting. Refreshments were served by Mrs. Earl.
