WEST POINT PARK
By MISS L. A. AULT
TELEPHONE FARM. 1461-M

Mr. and Mrs. W.H. Winters of Westmore Avenue have returned from a four-months' stay in Florida.

Mrs. Stanley Schilling, Pembroke Avenue, has returned home after spending most of the winter near Plant City, Florida.

Austin Ault was a visitor in Ann Arbor Friday.

The Stanley Chaveys spent Sunday in Bad Axe.

Albert Hardy and family, from near Wayne, were dinner guests of the Rehabs Sunday.

Mr. Rehahn's nephew, Walter Rehahn and family, from Detroit, were also visiting with the Rehabs on Mayfield Avenue.

The Arthur Muirs had Mrs. Muir's parents, Mr. and Mrs. Shorman, from near Plymouth, as dinner guests Sunday.

An 8 pound son was born Sunday to Mrs. Jerry Teschka, from Redford, in Sessions' Hospital in Northville. Mrs. Teschka was Shirley Addis, of Shady Side Ave. Baby Dolores Varhol is convalescing from pneumonia. Her sister, Esther, Pauline, has been suffering with a throat infection, coupled with mumps.

Esther Ann Middlewood is recovering nicely from mumps.

Mumps has appeared in the Rockisses home on Seven Mile Road.

Darla Mae Jennings is back at school after a severe attack of flu.

Mr. Louis Graham and Mrs. Chilton Ault were visiting in Birmingham Wednesday evening.

Ivan, the five year old son of Mr. and Mrs. Jerry Teschka, of Redford, was struck by a car while crossing a street one day last week. Though badly bruised, he was not seriously injured. Ivan is a grandson of Mr. and Mrs. Marvin Addis, Shady Side Avenue, and is a frequent visitor in West Point Park.

A report that what is known as the "White Rat Place" on Hubbard Avenue is to be taken over for use as a dog pound is causing some concern among residents of the neighborhood.

Mr. and Mrs. M. E. Ault spent Sunday with the Tom Roberts in Monroe.

Mrs. Eric Anderson was reported on the sick list last week and a substitute teacher was taking her place in Pierson School.

Mrs. Harold McVicar and her sisters, Shirley and Jean, spent Tuesday visiting in Detroit.

Mrs. McClare, from Redford, and Mrs. Thomas from Northville were recent luncheon guests together of Mrs. John Mercer on Seven Mile Road.

Young Kenneth Gibbons, of Hubbard Avenue, is a mumps victim. The young son of Mr. and Mrs.

Paul Parrinello, Farmington Road, is ill with mumps.

Over the week end, Mrs. Austin Ault, suffered a severe attack of illness.

James Fletcher, of Osmus Avenue, and who was badly hurt in a car smash-up a few weeks ago, is still, though considerably improved, a patient in Veterans' Hospital and has visited with Glenn Vance, another patient, whose home is not far from the Fletchers.

Mr. and Mrs. Henry Chavey spent last week with Mr. Chavey's parents, Mr. and Mrs. Stanley Chavey, on Mayfield Avenue.

Tom Yoeman, of Parker Avenue, is a new newboy in our district.

Mr. Ralph Hoult, Mayfield Avenue, was with other members of the Bell Telephone Company office force of Farmington on a picnic at Cass Benton Saturday afternoon.

Jerry Sidlinker, from Detroit, was calling in West Point Park Thursday.

Residents of Irving Avenue and vicinity were greatly "up in the air" last week over the sudden appearance of a large sign intended to point the way to the nearest dumping ground but which in effect labeled the nice little neighborhood a public disposal place for garbage and refuse. Over night properties decreased in value.

A number of local ladies went out to Farmington Friday and put in some enjoyable time viewing and purchasing interesting articles on exhibit at the Eastern Star Bazaar. Some attended the potluck supper held in the evening.

Successful fishing has been reported by some of our local fishermen. Clyde Buckingham, Forrest Ault and Ed Johnson have been out.

Mild weather has given incentive to many who have been longing to make some week end trips. This last Saturday the Louis Jennings, Wagners, Immons and Kaurnans were all visiting outside the community.

During the last week, the Cronins from Detroit were visiting the Veigle property on Norfolk Avenue. Mr. Cronin's aunt, who was working on her new sewing machine when Homer comes in, draws up a chair, and starts talking: "Don't you think you're running too fast?" he says. "Slow down! Watch out! Be careful!"

When the missus finally turns with murder in her eyes, Homer says goodnaturedly: "I thought you might like a little help, dear—like you help me drive the car."

The missus can't help but burst out laughing—and they settle what might have been a quarrel over a friendly glass of beer. The missus agrees to give her back-seat driving and napping Homer about ashes on the rug. Homer agrees to quit criticizing Sarah's taste for flowery hats and parsley salad.

From where I sit, the key to getting on together is meeting every issue half way—and overlooking any petty differences in tastes—whether these tastes apply to beer or flowery-looking hats!

F.H.S. Band Sections Contend For Cup

There's a contest going on between the different sections of Farmington High School's instrumental group.

The scoring is listed according to a point system whereby one point is given for every hour of practice by any member of the various groups.

At the end of the school year a cup will be presented to the group with the highest score.

As of now the dignitars are leading with 62½ points to their credit.

for a clean cool kitchen

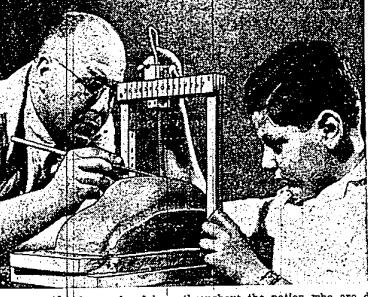

VENTILATION

STUDENT TO CRAFTSMAN

Thousands of boys throughout the nation who are designing model cars in the Fisher Body Craftsmen's Guild competition is Harley Ross, right, a Detroit student who is learning the use of the designer's bridge from his industrial art instructor, Ole V. Olson. The clay model beneath the bridge eventually will lead to a miniature automobile cast in plaster of Paris, sanded, painted, trimmed, and finally entered in the Craftsmen's Guild competition before the July 1 deadline.

A beautiful production of "Cinderella" is being planned. Joanno Willet and Gloria Kaurnan received lovely attendance awards from the Neighborhood Bible School Sunday.

Until cold weather comes again the Prayer Bible Study Group of the Neighborhood Bible School will be meeting in the church Thursday evenings. Children will have their meetings on Wednesday evenings.

The Neighborhood Church will cooperate with day-light saving time in holding its services, Bible school, for instance, will be at 11 a.m. by the clock, even though boys and girls may feel that it is only 10 o'clock.

Homer Does Some "Back-Seat Sewing!"

Homer Bentley's missus was working on her new sewing machine when Homer comes in, draws up a chair, and starts talking: "Don't you think you're running too fast?" he says. "Slow down! Watch out! Be careful!"

When the missus finally turns with murder in her eyes, Homer says goodnaturedly: "I thought you might like a little help, dear—like you help me drive the car."

The missus can't help but burst out laughing—and they settle what might have been a quarrel over a friendly glass of beer. The missus agrees to give her back-seat driving and napping Homer about ashes on the rug. Homer agrees to quit criticizing Sarah's taste for flowery hats and parsley salad.

From where I sit, the key to getting on together is meeting every issue half way—and overlooking any petty differences in tastes—whether these tastes apply to beer or flowery-looking hats!

The experts go overboard

"This time it's Hudson"

the only car you step down into!

SEE THIS AUTOMOTIVE TRIUMPH AT THE HUDSON DEALER NEAREST YOU!

28001 GRAND RIVER TAVERN AUTO SALES FARMINGTON, MICH.

An auto-wise Detroit editor writes, "Hudson... will still be in a seller's market after the buyers' market returns!" A Cleveland motor-car writer, "The public is in for a thrill!" From a San Francisco auto editor's column, "Hudson has really hit the jackpot!"

And so it goes—right around the nation! Men who have "seen everything" in automobiles go for the New Hudson.

It is the only American-built motor car you step down into when entering, not up out!

This new development brings you sensational advantages—among them, newly streamlined beauty that would otherwise be impractical.

This new kind of motor car is only five feet from ground to top, yet by stepping down, you get more head room and roomier seats than in any other mass-produced car built today—and there's good road clearance, too!

Because you step down, Hudson's new, all steel Monohilt body-and-frame completely encloses you, even outside the rear wheels, with a rugged, box-steel foundation frame—and this brings you a new measure of added safety.

You ride within this frame—cradled between axles—not on top of a frame as in the past. Hudson's new, lower center of gravity and rugged basic structure give this car delightful roadability—a "hug-to-road" way of going, especially on curves, that is so safe, so serene, so smooth, it is unlike anything you've known before!

See the new motor car the experts cheer. The nearest Hudson dealer will show it to you now! Hudson Motor Car Company, Detroit 14.
