Farmington Midshipman

To Take Navy Cruise

Midshipman William A. Stilson, son of Mr. and Mrs. David Kittle, of 1624 Irving Street, now in his sophomore year in Naval Reserve Officers Training at the Marquette University, will receive practical instruction on active duty aboard the battleship USS Iowa during June, July and August of this year.

Mrs. Edward Stromoski, from Wayne, was calling on her sister, Mrs. M. E. Ault, last Tuesday evening.

Mr. and Mrs. Lee Galloway, from Garden City, were visiting with their aunt, Mrs. Walter Rehahn, last Monday afternoon.

Frederick Schult, who was bitten by a mad dog on May 12, returned home Saturday from a 48 hour period of observation at Wayne County General Hospital. No unfortunate results are anticipated as a result of his encounter with the sick animal, but he is still under a physician's care.

Mr. and Mrs. J. C. Dunaman and Mr. and Mrs. Ralph Cramer, of Farmington Road, were in attendance at the Memorial Services held

GRAND RIVER at ORCHARD LAKE ROAD
FARMINGTON, MICHIGAN

at White Chapel, Sunday, May 16. Arthur Muir was calling on friends in Monroe Thursday evening.

Herman Schult, who has been employed in Florida for the past few months, arrived home Friday morning.

The Edwin Johnsons, of Clarita Avenue, spent the week end with relatives in Grand Rapids.

Mrs. John Mercer, Seven Mile Road, spent Thursday in Detroit. Mr. and Mrs. Tom Roberts and daughter, Beth Anne, from Monroe, spent Wednesday evening with friends and relatives in West Point Park.

Mrs. Vett Cooley, from Hazel Park, spent an afternoon last week with her cousin, Mrs. Clinton Ault. Richard and Gloria Kauranen, Mayfield Avenue, are late mumps victims.

Little Miss Beverly Varhol is reported very ill with mumps.

Glenn Vance spent another week end with his parents, Mr. and Mrs. Gordon Vance.

Paul Hillman, of Detroit, was calling on John Aittama, Jr., Sunday evening. Mr. Hillman formerly lived in West Point Park and was recently discharged from the U. S. Navy.

Mr. and Mrs. Uno Danielson, of Hubbell, Michigan, were Thursday night guests of Mr. and Mrs. John Aittama.

John Roberts, from Monroe, was calling on West Point Park relatives and friends Saturday evening.

Mr. and Mrs. Robert Wilson, from near Children's Home, were calling on Mr. and Mrs. Emerson Ault Sunday evening.

George Welch and Ralph Houtz were fishing at Algonac Saturday. En route from Miami, Florida, where she spent the winter, to her home in Calumet, Mrs. Maria Aittama was the overnight guest in the middle of the week of her son, John Aittama and his family.

Suffering with an injured knee and an arm fractured in two places, J. C. Dunaman, of Farmington Road, has been in Sessions Hospital, Northville, since last Wednesday. Mr. Dunaman was painting a building near Plymouth when the 20 foot ladder on which he stood slipped, causing him to fall.

Mrs. George Welch is reported confined to her bed with arthritis. Mrs. Clinton Ault, who has been ill with pneumonia, is somewhat improved, but will be confined to her bed for yet another week.

This last week police were instructing residents to promptly shoot any stray dog found wandering on their premises. There is the fear that rabies have been spread among animals of the community. Saturday officers were hunting a dog that has been persistently invading chicken yards, devouring eggs and injuring fowls.

As an object lesson, Sunshine Sisters were treated to a sample Bible School session at their meeting last Wednesday afternoon. Their next get-together will be on Wednesday afternoon, June 2nd. "The Bible" is the topic. Mrs. James Simpson will be supplying cake for the occasion.

Freda Ault has been ill several days with flu.

The passing of Frank Gould, Farmington Road, brought regret to many residents of West Point Park where he had lived since some time in the 20s. For a number of years he had been in failing health and an attack of May 11 sent him to an East Side Hospital, where, for several days his condition was

considered critical. However, he improved sufficiently to be brought home Sunday, the 16th, and was believed resting comfortably when he died Monday night. Until Friday the body rested amid many flowers at the Gould residence, where friends constantly called to pay their respects. Services were held in the Grace Church, Friday afternoon. Mr. Gould's wife, Bertha, two sons and a daughter survive him.

While in the company of her parents, Mr. and Mrs. Forrest Ault, fishing at Kipit Lake Sunday afternoon, seven-year-old Marcia Meade, of Hubbard Avenue, slipped upon a heap of broken glass and cut a bad gash in the instep of one foot. She was rushed to the nearest hospital where an anesthesia was administered and a number of stitches taken. It will be at least several days before the young lady is walking around as usual.

Miss Dolores Ault, whose marriage to George Cooke is scheduled for June 3, was tendered a miscellaneous shower by her fellow employees of the Farmington State Bank Tuesday evening of last week. An electric iron, pieces of heavy aluminum cooking ware, handsome china and beautiful linens were among the lovely gifts showered on the bride-to-be.

At the home of Mrs. Harold McVicar, Shadyview Avenue, Mrs. Edwin L. Johnson, Clarita Avenue, acted as hostess to between twenty-

five and thirty relatives and friends of Mrs. Arthur Block of Seven Mile Road and Mrs. McVicar's youngest sister. The guests tendered Mrs. Block a shower of lovely gifts for the little one shortly arriving. A dainty lunch, served at the end of the evening, made the affair quite perfect.

West Point Park was well represented Saturday evening at the recital given by Mrs. Edgar's piano pupils in the gymnasium of Farmington High School. Included on the program from this community were Wanda and Homer Chaman, Alton Vance, Shirley Ault, Kenneth Wagner and Marilyn Wagenschutz. Selections by the very youthful Homer and Wanda Coolman were especially noteworthy. This young brother and sister gave several much appreciated performances. Baskets of gay flowers and the daintily-colored gowns of the girl participants in the recital gave the gymnasium a most attractive appearance.

The play "Cinderella" produced by Pierson School pupils and presented in the Methodist Church last Friday evening gave ample proof of the fact that this growing community is desperately in need of an auditorium accommodating several hundred people. The church was packed to the doors without even standing room available. For graduation occasions and when especially fine programs are arranged by various organizations, it is certainly regrettable that such a limited number can benefit by the intensive efforts necessary to secure outstanding performances.

The Importance of "Stepping Down"

Here is the story of a new
principle of design that has
rocked the industry and given
Hudson unique beauty not
possible in any other type of car.Hudson has a new, all steel Monobuilt
body-and-frame*, part of which is a
rugged base structure that permits low-
ering floors and seats down within the
frame. The sketches below illustrate this
design problem and show how Hudson's
recessed floor provides a low, stream-
lined silhouette, yet preserves head room.

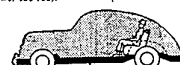

NEW HUDSON

Here is the long, low, gracefully streamlined
Hudson—only feet from ground to top. You
can see how the streamlined roof comes
down over the recessed portion of the seat,
compared to the other type of roof line shown
in sketches to the left. But Hudson floors
are recessed down within the frame, seats are low-
ered, so you get more than ample head room.The "step-down" principle requires years
of engineering work, the development of
new production techniques and equip-
ment, and millions of dollars of highly
specialized new plant investment. Per-
haps this explains why Hudson alone
offers this vital new design principle
today.You'll probably expect the motor car
that is the talk of the nation to offer you
even more than beauty and comfort. And
it does! Your nearby Hudson dealer will
show you the Importance of "Stepping
Down"—also its results in riding and
driving ease, performance and safety.
Hudson Motor Car Company, Detroit 14.

*Trade-mark and patent pending

OTHER CARS

The car above cannot be streamlined because the
seat for head room above the rear seat which is
in the way, and over-all height must be raised,
and this destroys the possibility of a low silhou-
ette, which is the mark of the modern motor car.

OTHER CARS

Of course, it is possible to adopt free-floating
floors without recessing the floor, as sketched in
the car above, but over-all height must be raised,
and this destroys the possibility of a low silhou-
ette, which is the mark of the modern motor car.
