NEXT MONDAY.

The National Democratic Convention opens in Philadelphia. Everybody has been speculating as to what might happen with all the talk about nominating General Disenbower, but that question seems to have been more or less settled by the General himself, even though the "dis-hard" are not willing to take no as a final answer. Most people now seem to think about the only question to be settled by the Convention is who will be President Truman's running mate. At any rate that will all be settled within the week, and then we can expect the campaign to get under way.

are doing their patrol work in a new Pontiac these days, for the new police car for the city is now on the streets, and it looks very fine indeed. If you haven't yet seen it you will probably get a chance to dearly you will not be the city streets with the lief had you want to see the new police car, for you'd probably see it all right, but we don't think you would particularly enjoy to work to see the new police car, for you'd probably see it all right, but we don't think you would particularly enjoy to the following the post office of the carty in July.

SOMETHING UNUSUAL ... and something very lovely is to be found these days at the Fred L. Cook home, where Mrs. Cook reports a Hoya Carosa is in bloom. This plant is perhaps better known to you as the wax plant, or perhaps you are in July. The blossom is a cluster of little flowers. The petals are in light pink in color with a deep pink center, and from each center drop of moisture gathers and appears. The petals are much thicker than on ordinary flowers and they have the appearance of wax. Not, only that, but the leaves, too, look waxy and shiny. It is really a beautiful plant, and we don't wonder that Mrs. Cook is enjoying it so much. We're rather inclined to agree with her that it is worth all the care and patience it requires, just to have it in blossom.

SPEED KILLS!...
The National Safety Council reminds you that driving fast not only increases your risk of having an accident — it also increases the likelihood that the accident you may have will be FATAL! If you crash into an obstruction at 20 miles an hours, it's equivalent to driving off the top of a one-story building. But if you crash at 60 miles an hour. you might as well drive off a ten-story building! . Take it easy!

1948 is more than half over! It does not seem possible that half of this year has already sped by, does 11.7 Why, just a couple of days more than 24 weeks, and Christmas will be here again. When you stop to figure that way the time really flies by. Of course there are lots of beautiful nd probably some Indian summer thrown in for good measure, so we need to think of snow and galoshes just yet, but we'll just be

### Legion Auxiliary To Meet Monday

The next meeting of the American Legion Auxiliary will be held on Monday, July 12, at 8:00 p.m., at the American Legion Home.

Rev. and Mrs. A. Stanley Stone, accompanied by the former's two sisters from England, are on a motor trip to California, where they will visit other relatives.

Helninger was recently elected made to make this a most enfoyr soldent of the Michigan Junior able affair for everyone, and it is hoped a large crowd will attend.

Plans for the picule supper are being made under the direction of election as president, Helninger Mrs. Russell Stephen, and those served as state vice-president as bringing guests should notify her why calling Farmington 0927.

### **Enrollment Continues To Grow** At All Three Playgrounds

Scheduled events and activities for Farmington youngsters began to click this week as the Farmington Area Summer Recreation Program swung into high geor.

First on the list of contests scheduled in the program is the Horseshoe Tournament to take place tomorrow, July 9. Program Director William Nuse announced that a good turnout of boys in all age groups have signed up for the event.

The wadding-pool in the Farmington playground area opened Wednesday afternoon despite the uncooperatively cool weather, and the children splashed around entusits.

Traffic Accidents Six persons were injured in traf-fic accidents in the Farmington area during the Fourth of July week end in what police reported as the heaviest traffic in recent years.

ngton playground area opened Wedoperatively cool weather, and the
children splashed around enthusisatically under the direction of
Playground Leader Audrey Latitrup. The pool will be-open from
1:30 to 3 cach afternoon and will
be supervised by a director during
these hours.

The Midget Softball League, composed of students in the lower age
groups, will feature two games
next week. The Farmington team
will play William Grace and Bond
School Tuesday. Both games will
be played on the Farmington playground.

A croquet Tournament is another
event planned for next week. Students are now signing up for this

A croquet Tournament is another event planned for next week. Students are now signing up for this coutest, which will be held Friday, July 16.

Nuse said that the recreation program had only a slight turnout during the evenings. He emphasized the night pikns of the program, open from 6 to 8 p.m. with supervision. It was originally planned to form a softhail league of the higher age groups, but attendance has been too low to do so, Nuse said.
