**Sunshine Sisters
To Have Weiner Roast**

A well-attended meeting of the Sunshine Sisters was held in the Neighborhood Church on Wednesday afternoon, June 30. The topic was "How Celebrate Holidays?" The thought was brought out that by common practice these days holidays, regardless of their significance, are devoted to fun and frolic, more often than not interfering with Sabbath-keeping.

After enjoying tea and cookies together, the ladies adjourned to the yard outside the church and devoted themselves to constructing a flower bed, which, it is hoped, will brighten up things in the immediate locality.

The next Sunshine meeting will take the form of a weiner-roast and is to be held on the grounds of the Ira Wagner residence Wednesday afternoon, July 14, at 12 o'clock. Ladies will bring with them sufficient rolls and hot dogs for themselves and any invited guests.

Following the lunch hour, there will be the usual Sunshine program. The topic is: "How Face Misunderstanding and Criticism?"

Atomic Research Plant
When equipment for the University of Chicago's institute of metals is completely installed, metals will be tested at temperatures ranging from several thousands of degrees to virtually absolute zero. It will be possible to take x-rays and pictures of the metals under these conditions. The institute of metals is one of three institutes in the university's new 12 million dollar peacetime program for atomic research.
