Farmington Area Playground Notes

FARMINGTON PLAYGROUND

By James Brewbaker

The children of Farmington Playground are having a very good time under the supervision of Audrey Lathrop and Mr. William Nuse. This is the sixth week of the eight week program. Last Friday there was a Treasure Hunt and many fine prizes were found. Friday, August 6th, there will be a summer playground school picnic at Cass Lake. Two buses will leave one from Farmington playground and the other from William Grace. Both will load at 10:30 and leave at 10:45. They will go directly to Bond School and then leave for Cass Lake. All children who are going will bring their lunches and 25c for lockers or wear their bathing suits. As soon as the buses arrive at the lake, the children will eat their lunches. During the next hour softball, croquet, checkers and horseshoes will be played. These games will be followed by swimming. The small children will play near the beach, while the older children will have organized swimming and water games.

Buses will return to the playground at 5:00. There will be no night program that night.

BOND SCHOOL

By Jean Allen

Many interesting things have been happening at Bond Playground the past week, so now I'll let you know what has been happening by giving you a glimpse of the week's events.

One day last week the weather fooled us and a surprise shower came up just when we weren't expecting it. Nevertheless, we didn't let the weather dampen our spirits. We were waiting inside for the shower to stop, we had a whistling contest. We had contests for the shrillest, loudest, softest and most beautiful whistles. Some very good talent turned up in the group.

Last Wednesday many of the children from Bond went on the boat trip to Cedar Point. They all said that they had a wonderful time. One exciting part of the trip was watching the Navy plane (the ship) race for land and take off on the water.

Last Friday all the children arrived right on time at ten o'clock, for that was the day of the Treasure Hunt. Prizes, including a soft ball, marbles, model airplanes, paper dolls, pencils, bubble gum, suckers, balloons and many other articles had been hidden all around the school yard. Everything that the children found their code sheets. Larry Gorman was the lucky one who found the softball.

Bond Playground's midgeet softball team was defeated last Thursday by Farmington by the score 15 to 4. The starting lineup for Bond was:

Catcher, Guy Eymon; pitcher, Tim Thomas; 1st base, Ralph Porter; 2nd base, Dick Gamate; 3rd base, Mickey Gentile; shortstop, George Walters; Center field, David Stewart; Right field, Paul Kosmonsky; left field, Ray Porter.

Everyone at Bond is anticipating the trip to Cass Lake Friday. A big crowd is expected for this day of picnicking, swimming and fun.

BOND SCHOOL

By Betty Branhom

This is the second week at Noble. The boys and girls like to go to the Farmington wading pool on Mondays and Wednesdays. The children and their parents liked the trip to Cedar Point Wednesday.

We had a treasure hunt Friday. There were prizes. They were a soft ball, two sets of jacks, candy, a little car, two boxes of clay, a book and an airplane.

There is going to be a bird house contest. You can start building your houses now.

Remember August fifth we are going to Cass Lake. Bring your bathing suits because there is going to be swimming.

Lots is a very nice supervisor. Lots has lots of games and stories to keep us busy.

Let's make it easier for Lots by not riding our bikes on the playground.

False Convictions Alleviated

False ideas about mental illness help keep patients in mental hospitals who ought to be cured or discharged, increase the amount of mental illness and waste millions of tax dollars, Stephen Thiermann, writes in the health magazine of American Medical association.

The false conviction that "mental illness is a disgrace," he says, makes people hesitate to consult mental health clinics before their illnesses become severe. "This boycott of clinics, of course, increases mental illness, puts more patients in hospitals and takes more tax dollars out of our budgets more rapidly than in any other branch of medical science except obstetrics, expenditures for mental hospitals are so inadequate that many of them are not modern treatment centers, but mere custodial units."

"One authority has estimated that public neglect of our mental hospitals means that 20 per cent of all persons admitted to a state mental institution are doomed to life imprisonment, when with adequate care and treatment they could be saved," he writes.

IN MEMORIAM

In loving memory of our dear wife and mother, Hazel B. Shaw, who passed away one year ago on July 28, 1947, sadly missed by her husband and children.
