

In the last 19 years, during which records of gunshot accidents occurring in Michigan deer seasons have been kept, 489 persons have lost their lives and 1,438 have been injured.

Eggs should not be washed until just before they are used. The dull, velvety "bloom" on the shell is a protective film which helps prevent bacteria and odors from getting through the porous shell.

Saving all pigs farrowed is important with the high prices for feed and grain. Saving an extra pig or two per litter can often spell the difference between profit and loss on the hog enterprise.

By MRS. ALBERT KELLY

Mr. W. J. Prisk took four birds to the Greater Detroit Bird Show last week and was very successful in having won a beautiful trophy for the best Yorkshire Canary in the show. Mr. Prisk will be competing again in a few weeks at the International Canary Show to be held in Windsor for the Maxwell house Trophy. Mr. Prisk had already won this trophy twice, but it must be won three times for permanent possession. His many friends are hoping he will win again this year.

Mr. and Mrs. Maurice Fredericks spent the week end with his parents, Mr. and Mrs. August Fredericks, at Vernon, Michigan.

Mrs. H. C. Watson returned home last Thursday from Courtland, New York, where she had spent two weeks visiting with Mrs. Josie Skinner, and other friends.

Mr. and Mrs. Matthew Gibb and family spent the week end with friends and relatives at Niagara Falls, Ontario.

Mr. and Mrs. Albert Kelly and family attended the wedding of his niece, Miss June Tapp, of Dearborn, who became the bride of Gordon Cole of Redford, on Saturday evening. The wedding was held at the First Methodist Church in Dearborn.

### Delusions About Lightning

One popular belief, that lightning never strikes the same place twice, has been disproved definitely. Still another, that lightning is a single flash of high-voltage electricity between cloud and earth has been found erroneous. Photographic studies of lightning show that lightning consists of as many as 10 separate strokes to the ground.

Poultry production is often cut when birds are in poor condition. Disease and improper feeding can often account for a slump in production when the birds are really capable of doing better.

## Deer Hunters Get Chance To Test Guns At Ranges

Fort Custer officials are offering deer hunters an opportunity to "light in" their rifles on the post range near Battle Creek.

A phone call to the provost marshal at the Army base will assure shooting time either for November 8 or 9 from 2 to 4 p.m. If there is sufficient demand more days will be added. The Army will provide supervision and targets.

The target range in the Pontiac Lake state recreation area opened by the conservation department for the first time this season can be used by hunters through the second week of November. Nearly
