

When small areas of a rug's surface have been crushed by furniture or the shuffling of feet, you can bring the pile back to normal by applying a hot iron on a damp cloth. Brush the pile briskly after this, suggests Ruth Peck, extension home economist at Michigan State College. Rug corners which curl can also be remedied by applying a hot iron on a damp cloth to both sides of the carpet.

Robert Fernin came here to attend the funeral of his cousin and is staying with his aunt, Miss Ruth Saratus. He is working for the railroad, and came in Saturday night unexpectedly.

Coffee stains on table linen should be spotted with warm water, advise textile specialists at Michigan State college. If the stain remains, apply warm glycerine. Let stand for 30 minutes and launder.

From where I sit... by Joe Marsh

Never Too Late To Learn

Cappy Miller's young son, Squint, is forever coming up with new ideas. Now they're not all world beaters, but Cappy is usually willing to give them a try.

That's why things go so well at the Miller farm. Cappy is open-minded, tolerant of new ideas and new ways of doing. He doesn't think his way is the only way.

Joe Marsh
