### SOUND MOVIE SHOWS LIFE IN WAR TORN COUNTRIES

A sound motion picture entitled, "My Name is Han", will be shown at the Methodist Church next Sunday evening, May 1, at 7:30 o'clock. This picture has been expertly produced by the Protestant Film Commission and is an outstanding religious film. It is a dramatic story of a Chinese family returning to their war-torn home and how the Christian Church helped them in their readjustment. It is a vivid presentation of the relationship of the Church to uprooted, scattered families of war-torn areas. The public is cordially invited to attend.

### How We Licked The Parking Problem

For a while it looked like we'd have to put up parking meters. Folks working in town—including some of the store owners—were taking up all of the space along Main Street.

Farmers coming in to shop never found a place to park, and sometimes had to lug stuff a half mile or so. Some started to do their buying in other towns. Finally, store owners and farmers had a get-together—with the result that the empty field near the depot was fixed up for all-day parking.

Now farmers get their shopping

done comfortably, and the merchants have a better place to park than they had before. Just took a little friendly co-operation to make everybody happy.

From where I sit, most differences can be found out by just talking things over—maybe with a cup of coffee or glass of beer—and seeing the other person's side of it. Next time you have a problem or a little difference to settle, why not try that?

## and you'll see Roadmaster!

LITERALLY or figuratively it still holds true.

That great and gracious carriage swinging past you, flashing its four gleaming Ventiports as it goes, what's that but a Roadmaster?

And that car you've got your sights set on—the big, roomy, lively, sweet-riding thrill-maker you mean to own "some day"—what's that but this gorgeous travel-mate you see on the roads right now?

You can even go beyond that.

Look ahead—and you'll see that Buick has already met the growing trend toward more for your money.

On the liveliness of its time-proved valve-in-head power plant—on the unequaled smoothness of Dynaflow Drive—on the level-going luxury of its matchless ride, ROADMASTER doffs its bonnet to no one.

Yet look around, check the

prices (including what's in them!) and you'll find that this one costs less than you think, gives more than you expect.

As for delivery—just drop in and get the facts. With factory production increasing, you may well find it another reason for getting a firm order in right now.
