

## "MORE AUTO ACCIDENTS FORECAST FOR SUMMER OF '49!"

MR. GEORGE WITKOWSKI,  
MML Safety Engineer

Says Mr. Witkowski: "With more cars on the road than ever this summer, it will pay motorists to drive with extra caution. But caution sometimes isn't enough; you may be forced into an accident by another motorist."

So, more than ever, you'll want to enjoy driving peace of mind—the kind of freedom from financial risk that comes with ownership of a Blue Ribbon Auto Insurance policy. This famed policy gives you the most complete protection money can buy... covers you and your passengers wherever you may drive. Stop in or phone for facts now... before the heavy driving season begins.

**DIVIDEND SAVINGS**—Over \$22,000,000 paid to date.  
**COMPLETE COVERAGE**—wherever you drive.  
**PROMPT PAYMENT**—of all just claims.  
**TIME PAYMENT PLAN** with immediate protection.

## SUNSHINE LADY SHUTS PASTOR'S SHUT-IN CHEER

On June 13, the Rev. Fred Fisher, of the First Baptist Church of Farmington, was cited on radio station WKMH as a true friend to all. Miss Kay McCoy, director of the "Sunshine Express" program, especially praised Rev. Fisher for the help he is giving the shut-ins at Glenbrook Hospital, Newburg Road and at the McWilliams home, on Twelve Mile Road. A beautiful Harry Miller orchid was also awarded Rev. Fisher.

On June 12 I found out just what Rev. Fisher's call means. At six p.m., my husband, the Fred Grimms and I made a surprise visit to Glenbrook. It was beautiful out there, but the air had a lonesome feeling. One could feel that something was wrong. Determined to find the trouble, we took two of the shut-ins aside and asked "What is wrong?"

Almost at once, the shut-ins, Mae and Anna, replied, "This has been an awfully lonesome day. Neither Rev. Fisher nor the Grimms were here this afternoon. It's true the folks from the church came, but we all wonder, is Rev. Fisher ill?" Mrs. Grimm saved the day. She told them he would be back next Sunday. Then came the surprise of all surprises. Mrs. Grimm introduced Kay McCoy, whose radio work has brightened shut-in days no end.

Miss McCoy went from room to room. She has a special way with shut-ins. Even Charley Johnson, who was having a very bad day, sat up and told her the story of his life. Driving home, I wondered what would happen if Sunday the folks from the church or the Grimms wouldn't be able to visit them. Perhaps it may seem like begging, but won't some of you folks get into the habit of dropping in at Glenbrook and McWilliams home? Just south of Eight Mile, and McWilliams is on Twelve Mile south of Orchard Lake. If you don't know how to break the ice, just take some flowers.

At Glenbrook say, "Here's some flowers for Anne Gordon." At once, you'll be friend to them all. This past week, Harry Miller orchids were sent to Mr. W. Rytles at Glenbrook to help cheer him. Mr. Rytles is 85, a sweet old man. But he has the feeling that he isn't wanted in this world. Your card or call can help change that.

Mrs. Hatch, at the McWilliams home, was made a bit happier by receiving her Sunshine Orchid.

A special birthday card shower is asked for Mrs. M. Korte at Glenbrook. Mrs. Korte will be celebrating her 92nd anniversary July 3.

Congratulations are in order to the owners of a new house in the Farmington area. Located on 13 Mile Road between Middlebelt and Orchard Lake Road, it opened last week. From time to time we will be telling you of their shut-ins also, with hopes that you will do your best to bring them cheer.

One who has faith that God will bring marvelous changes in her life and that of her sixteen-year-old boy is Mrs. M. Mink. David, her small son, is in Ward 13 of Ford Hospital, W. Grand Blvd., Detroit.

For most of his life he has had T.B. of the hip. Won't you please shower him with cards to keep brighten his days?

To the Editor:

I, Forrest Hart, wish to thank one and all of my neighbors for their kind and generous donations toward the wheelchair which I received a few weeks ago. There was a small sum of cash also, which we appreciate so much.

It seems there is a misunderstanding about the cause of my ailment, could be attributed to the cause and cure for this disease seems to be unknown. At first it was barely noticeable, but now, my ability to get around is very limited.

Forrest Hart.

brating her 92nd anniversary July 3.

## WASHINGTON MERRY-GO-ROUND

(Continued from Page Two)

aside or overlooked. It must be treated. Yet during most of last winter, when Jim Forrestal was under heavy responsibilities and definitely not a well man, the little coterie of newspapermen who now insinuate Jim was killed by his critics encouraged him to stay on. This got to be almost an obsession, both on their part and his, until Mr. Truman's final request for his resignation undoubtedly worsened the illness.

6. The real fact is that Jim Forrestal had a relatively good press. All one need do is examine the newspaper files to see that his press was far better than that of some of his old associates.

Secretary of Labor Perkins, for instance, was one of the most criticized cabinet members of the last decade. She took it with a smile and is still working for her country. Winston Churchill had bitter criticism heaped upon his head and suffered one of the most crushing political blows in recent history. However, he still remains an active force in British politics. Herbert Hoover retired from office one of the most criticized and beaten-up political figures of recent years. Yet he has come back as a definite force for good government.

FBI PROBE

7. It is true that when Jim Forrestal retired, the justice depart-

## State Park Road Speed Limits Enforced

State park roads are not miniature versions of the Indianapolis speedway and if it takes more than a warning to convince rampaging adolescents, park officers are prepared to make arrests. "Hot-rod artists" careening around on two wheels in several southern Michigan state parks have had regulation number eight brought to their specific attention by park officers. Motorcycle and scooter users also are required to abide by the 35 mile an hour speed limit except where otherwise posted.

If we are to withhold criticism of a man because of possible illness or danger to his life, then congressional investigations, a free press, and our entire system of government by checks and balances becomes difficult.

For instance, when the FBI cross-examined the late Lawrence Dugan of the state department during last summer's un-American activities committee probe, they had no idea he would thereafter plunge to his death from a New York office building.

YES—and here's the proof! Latest reports show that Hudson sales so far this year are 38% over the same period last year.

YES—and here's further proof! Hudson owners traditionally buy Hudson again and again. But this vast sales increase is accounted for by the 100,202 owners of other makes—many of them the highest-priced cars—who have switched to Hudson.

Could there be any finer proof that the New Hudson, with its exclusive "step-down" design, is the new measure of motor-car value... so advanced in design it's a protected investment for your motor-car dollars!

"Since the introduction of the 'step-down' designed New Hudson."

**YES!** that's why 100,202 buyers switched to  
**Hudson**  
America's "4-most" car

The modern design for '49!

One Revelation Ride Will Tell You—It's America's "4-most" Car

**1 MOST Beautiful**

A low build is the basis for modern beauty. New Hudson, thanks to "step-down" design, is lowest of all—yet there's full road clearance. Stunning lines flow naturally, even to graceful curves of the Full-View windshield.

**2 MOST Roomy**

Not just "more" roomy, but the most seating room, leg room to spare; amazing head room. The most comfort, as you ride ahead of rear wheels, within the base frame, down where riding is most smooth, most relaxing.

**3 MOST Road-worthy**

Hudson, with exclusive "step-down" design and recessed floor, achieves the lowest center of gravity in any stock car. Result: safest, steadiest ride ever known—plus the advantages of unit body-and-frame construction.

**4 MOST All-round Performance**

High-compression Hudson Super-Six engine, America's most powerful Six, or even more powerful Super-Eight. Center-Point Steering, Triple-Safe Brakes, many more high-performance, low-upkeep features.

In addition, only Hudson brings you... All these advantages: Automatic gear shifting with Drive-Master Transmission\* Chrome-Alloy Motor Block\* Dual Carburetors\* Fluid-Cushioned Clutch\* Monocell Body-and-Frame\*\* • Detachable Individual Fenders • Wide-Are Vision • No-Glare Instrument Panel • Super-Cushion Tires • Safety-Type Rims • Weather-Control Heater-Conditioned-Air System\* \*Optional at slight extra cost \*\*Trade-mark and patents pending
