Playground Participants Tell Their Own Story

The folks most interested in the Farmington summer recreation program are the youngsters involved. Just what they think of the program, and just how they spend their time, is told in the following letters. The letters are printed verbatim, as they arrived at The Enterprise office.

FARMINGTON

By J. Brewster and R. Goulet

The children of Farmington playground are having a very good time under the supervision of Mr. William Nuse and Miss Lois Goers.

Last Friday the children took a trip to the Detroit Zoo. They saw the Jo Mendi chimp show and took a ride on the train.

Included in last week's activities was a horsehoe pitching contest. The winner of the singles was Richard Mattinas, and of the doubles were Richard Mattinas and Gordon Ayres.

The Farmington Apes won their second straight game in the Junior softball league. The final was 10-5.

Included in this week's activities are a trip to Greenfield village and a picnic to Kensington Metropolitan park.

These are only a few of the activities carried on at the Farmington playground.

BOND SCHOOL

By June Duquet

We have all sorts of fun at Bond school. There is all sorts of things to play with such as baseball, football, croquet, checkers, and horsehoes. George Walters is the winner in horsehoes, which was held last Thursday. We will have a croquet game. We will wait to see who the winner will be. The group went to the zoo last Friday. They saw the Joe Mendi show and had a ride on the train and ended seeing the animals.

NOBLE

By R. Demmel and L. Kelly

Last week on Thursday about 30 children went out for a picnic and swimming from Noble. We played softball and had a sand-castle contest. William Landers won. Wednesday we went to Kent lake for our regular swimming instructions from the Red Cross. The advanced class learned to do the crawl. The butte learned several different floats and the fluterkick. The Red Cross teachers thought we were quick to learn. Tuesday we all played games like basketball, horsehoes, and croquet. We also painted and colored to keep our minds off the heat. Wednesday Robert Pettifor caught six bull heads and brought them home in a paper cup. Thursday we got four new horsehoes, one hardball, and four bats and a rubber basketball and a small football and Friday we had a rest week at the zoo the others had hand lessons and learned to play jacks.

Lovely to Look at... AND THEY'LL ALWAYS OPEN AT A FINGER TOUCH

Fenestra STEEL CASEMENTS

You'll like the beauty of their slender steel frames and fine hardware appointments. Finger touch operation is permanent — steel doesn't warp, shrink, swell, splinter. Narrow steel frames provide larger glass areas, that admit more daylight. You get better ventilation—the casements reach out to catch breezes from three directions. They provide safer cleaning, better screens, superior weather-tightness.

\$5.00 to \$8.00 in Southfield.

These rates would apply until such time as the Commission issues an order on the application for higher rates which the company filed last December.

Saxton said that although the monthly rates for business customers subscribing to the new extended-area service would be increased, the new service would make possible substantial savings for those who make calls to the areas included in the plan.

He emphasized that the new service would not be offered on calls from suburban business customers into the Detroit zone.

BY GUM!

We were yappin' cause it was so cockeyed hot an' then it gits cool and now we sleep so hard it takes us till noon to wake up and git over bein' so stupid. What say?? OK, we know what you're thinkin' — but if you think we're stooipd you should see Aunt Hattie — she's bent way over! What bent her over was don't her washin' the hard way — but if you'll use HUM you won't be stooipd. Besides, what other soap has a money back guarantee — and we ain't paid out a nickel yet. We really want cha to try it. Somethin' else, we wish you'd try it Todds bacon. It's Hickory smoked in Virginia. Now cause it's smoked in Virginia it aint any better than some what was smoked in Michigan in Conroy's smoke house, but it's almost as good. You can git it by the slab or by the hunk at 65c a lb. While we were shoppin' around the country we picked up some chere liver sausage in Milwaukee. It's Weissels and comes in three lovely flavors — bacon — goose liver and braunschweiger. It's all rolled up so you can keep it fresh. You guys what like really fine tastin' stuff wanna git around here and grab off some of them thar liver sausages.

Have you got corns? We got 'em. A whole No. 2 can of little kernels of Blue and Gold and some of Mother's Choice (without the cob) at 2 cans fer 29c. Now if you're interested you could git a whole case of corns fer \$3.45. If you'd take a case we wouldn't have to mess around with it again and we'd be mighty thankful. Then there's some Hill's coffee at 49c a lb. You should really stock up on that cause we kinda heard via the grapevine that coffee is gonna go up. Now don't say we didn't warn yuh — and we're givin' yuh a chance to save some money at that price. You can even have a case and it'll keep on your shelf jest as good as on ours.

Jest you don't forget we're still dressin' poultry fer locker customers. If you like chicken now's a good time to put some away — the market is low and we'll fix 'em up and you can rent a locker and be all set fer this winter. Then you could put away some Birds Eye peas, too. Last call at 25c a box or if you wanna git 'em by the dozen boxes they'll cost \$2.95. You can't pick your own peas fer that price — can yuh???
