

LONG TABLES across the entire length of the room make club parties of 1,200 or more possible. It doesn't make any difference whether there are 1,200 or 120, all enjoy good eating and all have fun.

THE GIRLS can pick and choose from all types of dishes at the huge smorgasbord dinners offered at the parties. This shows a happy, smiling group making the rounds and they have good seats for the races too.
