

**STRICTLY FRESH**

WERE coming through the season of hurricanes and political speeches at fall fairs. The best that can be said for both is that they will soon blow over.

Headline: "Wife Must Be Content if Marriage Is Going to Work." Oh-h-h-h-h!

Using proper manners, a columnist says, will make you stand out at a party? Stand out where?

Businessmen think prices have hit bottom in some lines. This will be of interest to people who haven't yet bet and lost their bottom dollar.

Wind, we learn, is responsible for many reports of sea serpents. Now that is a blow!

**Navy Offers Scholarships**

Young single men between 17 and 21 years of age who are interested in a full four year college education paid for by the government should investigate the Navy's college training program for the fall semester of 1950. It was announced Friday by Lt. Commander A. J. Schultz, Jr., U.S.N., the officer in charge of Naval Officer Procurement in Detroit.

Competitive examinations are to be given in several cities throughout Michigan on December 3, 1949. Applications for these examinations have to be submitted prior to November 12, 1949. Over seventy-five college scholarships are to be given in the state of Michigan. Successful candidates will be enlisted as Midshipmen in the Naval Reserve Officers Training Corps. Part of their training takes place aboard ship in the nature of six weeks summer cruises to European and Mediterranean ports. After graduation from college, students are commissioned as Ensigns and serve two years with the fleet.

Midshipmen are deferred from the draft while in college. Full particulars can be received from the senior advisors in all high schools.

**CUT-AWAY JET ON DISPLAY**—By means of this jet engine, jet-propelled operation of the 4-47 turboprop—which powers the Air Force's largest and fastest jet planes—is demonstrated publicly for the first time at Cleveland, Ohio. The engine is cut away to show the movements of its internal parts, never before revealed except in general terms. Looking on are engineers Richard C. Miller and Albert W. Schabirbaum.

**CHILD SAFETY APPEAL DUE TO ACCIDENT RATE**

The current traffic safety campaign to protect children is the result of child accident records, according to Sergeant Henry P. Kozowicz, of the Detroit post of the Michigan State Police.

"The slogan, 'Watch Out For Kids,' that has been selected for this month in connection with the reopening of school just about tells the whole story," Sergeant Kozowicz said.

"Last year nearly 6,500 children were killed or injured in traffic accidents in Michigan. Of these 4,500 were child pedestrians or bicyclists. This tragic toll must be reduced, and the only way is for the drivers to assume the responsibility of being extra careful whenever they are in an area where there may be children.

"Children are impulsive and they also forget. They'll dash out into the street or the highway and do other, dangerous things without thinking. Certainly they're violating the rules of safety, but that isn't much consolation when there's an accident.

"With the arrival of September more than a million Michigan children are again crossing the streets and highways each day on their way to and from school. It's up to the drivers to protect them from harm by being alert and cautious.

"In other words, watch out for kids."

Schools, police agencies and various organizations have joined in carrying on the child safety program.

**Eight Mile Group Holds Elections**

The Farmington Eight Mile Extension group held their election meeting last week at the home of Mrs. J. Clifford on Hugo. Mrs. Earl Marks was elected new chairman, with Mrs. P. Dickinson vice-chairman. Mrs. Raymond Brent is first leader and Mrs. W. Laehn second leader.

Mrs. F. A. Platz was named secretary, Mrs. Leo Blatter treasurer, and Mrs. C. L. Mortimer dominantly and recreation chairman.

Following the election, leaders instructed the group on making bound button holes and installing fasteners.

**Steel Report Available From Printing Office**

The complete text of the report of the Steel Industry Board is being made available to the public for 30 cents through the Superintendent of Documents, Government Printing Office.

The Steel Industry Board, appointed by President Truman "to investigate and to inquire into the issues in dispute" between the United States Steel Workers of America, CIO, and certain companies in the basic steel industry, was unanimous in its report.

This report contains a summary of the positions taken by the parties on the issues in dispute, together with the Board's findings and recommendations to the parties "as to fair and equitable terms of settlement."

**Tomatoes And Horses At Sportsmen's Sale**

The largest drink of cider to be served in Oakland County this fall — with doughnuts — will be served next Wednesday evening, September 28, at the Oakland County Sportsmen's Club annual country auction.

The OCSA Sportsmen's Hall at Waterford will be the scene of the pouring of 80 gallons of fresh cider, matched by 100 dozen doughnuts, when Harmon Frith, Oxford auctioneer, will place on sale to highest bidders a collection of articles ranging from bushels of tomatoes to a horse.

OCSA members are donating usable articles from their homes and farms for this event, to which the public is invited. The cider and doughnuts will be free. Earl Rhodes, of Franklin Road, president of the Oakland County 4-H Agricultural Association, and an OCSA agent, is donating the cider.

**LOCALS**

Mrs. Bob Moreland, of Randall Road, was called to Crandon, Wisconsin, by the illness of her sister, Mrs. Bob Kellm.

Cadet James E. Patterson, Jr., Son of Dr. and Mrs. J. E. Patterson of 31542 West Nine Mile Road, has left for Staunton, Virginia, where he will resume his studies at the Staunton Military Academy. Mr. and Mrs. Gilbert Musselman, 10 Mile Road, spent a week's vacation at Mackinaw Island and other parts of the Upper Peninsula. Mr. and Mrs. Harvey Musselman spent the week end at Niagara Falls.

Next Wednesday's country auction begins at 6:30 o'clock. Sporting goods, of course, compose a large portion of the articles to be auctioned, but many usable household items and tools are in the collection. The club now has nearly 4,000 active members. All members have been asked to clean their basements and attics to create the auction "store". A committee of 150 men under chairmanship of Don Eakle and representing OCSA members in Oakland, Wayne, Macomb, Livingston, Lapeer and Genesee Counties are rounding up the gifts.

You ought to be driving a **1949 PONTIAC**

**Distinguished by a Beauty All Its Own!**

There's an unmistakable stamp of distinction about the new Pontiac. It's a beauty from the front and it's a beauty from the rear!

Wherever you see its "Silver Streak" styling—in city traffic, on the highway, or silhouetted at the curb—you know immediately that it's a Pontiac and something very special among automobiles.

And Pontiac's performance is equally unmistakable—thanks to Pontiac's great power plants, the straight eight or six, and to the amazing driving convenience of GM Hydra-Matic Drive.

Even though Pontiac is in a class by itself for beauty, for performance and for dependability, it is still the lowest priced straight eight in America!

Why not come in soon and get the whole Pontiac story?

**SAFE-NEW DRIVER VIEW!** Pontiac's wide, optically curved windshield, plus wider windows and slimmer pillars all around, gives you a new driving horizon.

\*Hydra-Matic Drive optional on all models at extra cost.
