

Clarenceville Continues School Lunch Program

Hot lunches are again being served in the grade schools of the Clarenceville School District under the Government Subsidized Program, it was announced this week.

Children of the Central and Edgewood Schools are now being served a well balanced hot lunch for only 13 cents, including milk. The menus are being planned by the cafeteria supervisor, the home-making teacher and the three mothers who are doing the cooking.

Emphasis is being placed on getting a well balanced nutritional menu at an economical price.

City Commission

(Continued from Page One)

The adoption of changes in the present traffic ordinance which advocates the leaning of bicycles against the buildings.

The commission also took this matter under advisement. Police Commissioner Kenn Loomis stated he thought it would not be wise to pass such an ordinance. "I just don't want to have the police chasing kids," he stated. "It wouldn't do any good for either of the parties concerned."

Further investigation into the bicycle parking problem will be done by the commission.

Twenty-one guns comprise the national salute to The Flag.

Recreation Party Set For Saturday At Clarenceville

The first of a series of fall and winter dances and parties will be held Saturday evening, September 24, at the Clarenceville gym under the sponsorship of the Clarenceville Recreation Commission.

Proceeds from the parties will be used to finance the summer recreation program. The dance is scheduled to begin at 8:45 p.m. Dancing and cards will make up the entertainment for the evening.

The dances and parties, started last summer, furnish entertainment for the community as well as assist in financing the summer program. Tickets may be secured at the Clarenceville High School.

Bible School Rally To Be Held Sunday

The Farmington Baptist Church will be the scene this Sunday morning of the annual Sunday School Rally Day, when all departments of the Sunday School will meet at one place.

The 11-15 program will feature again this year the Grand Reps Children's Bible Hour. This program is made up of youngsters who sing, perform skits, and recite. "Aunt Bertha", her three "nieces" and four "nephews" will participate. This group is regularly part of the Bible Hour broadcast from Flint every Sunday morning.

The program, at which diplomas and awards will be given, will last until 12:30.

Open Letter

Dear Friends:

We are now celebrating our 5th Anniversary in Farmington — We wish to extend our sincere appreciation to you who have made this anniversary a happy one. Many thanks to you, young and old.

The Civic Theatre is your meeting place. In it we want you to find relaxation from hours of care and work. Let us try to make you feel at home. Only the best in motion picture entertainment is offered, and every thought of our employees is for your particular comfort and enjoyment.

We thus are at your service, constantly. Please be assured that every possible effort will be made to see that you are comfortably and favorably seated at any performance.

The Civic Theatre's standards are built upon sincerity — the sincere conviction that only by giving the public the best in motion picture entertainment under conditions favorable to its enjoyment, can we expect to have your continued and frequent patronage. We work hard at that conviction.

What is the brightest spot on Grand River in Farmington? It's a place where hearts beat faster, where our community becomes a living unit of happiness. This bright spot is the Civic Theatre, which we try to make a recreation center for all.

Service and friendliness is our aim, and we hope our achievement. So, for the year ahead of us, we will endeavor to hold your patronage, and to attract more, by the standards of operation. They are your guarantee, our pride.

Once again, the management and employees join in saying, "Thank you for your splendid patronage. May we serve you often!"

Signed,
Eddie Hohter

Music Arranged For Garden Club Party

"Fall" will be the motif for the annual Benefit Card Party, the Farmington Garden Club decided last week. The 100 table bridge session is being planned by Mrs. Rolfe Smith, chairman of the event.

Tickets for the party were distributed to club members at its meeting last week by Mrs. O. E. Rockwell. All members now are engaged in the ticket-selling work. They report no difficulty in disposing of the tickets, as the party will be limited to 100 unreserved tables.

Music, provided by an accordionist, will be presented during the dessert luncheon. Favors for the party, to be held in the high school gymnasium, have not been determined.

Mrs. Otto Simulich will be in charge of decorations for the October 8 party.

Leaves To Take Navy Scholarship

James C. Heaphy, Jr., son of Mr. and Mrs. James C. Heaphy of Tule Lake Avenue, left Sunday by plane for Moscow, Idaho. He has won a scholarship to the University of Idaho awarded by the United States Navy under the Naval Reserve Officers Training Corps.

He will receive four years of university training, and then serve two years of active service as Ensign.

He had previously completed one year at Wayne University. He is a graduate of Clarenceville High School, and has attended St. Mary's of Redford High School.

It's an old American Custom

Hardware

Buying Hardware and Farm Needs at your Hardware Store

has been the American way since before your grandfathers' day — for good reasons: You deal with individuals who have been your neighbors for years... who have grown up in your community... who know your needs in selecting merchandise for you... who give the right balance between quality and price in the tools, equipment, supplies and household items that have real work to do for you... The hardware retailer who serves you today in so many cases is the grandson of the hardware man your grandfather knew and trusted. It's good business to buy at the hardware store. It's practical and it ensures satisfaction.

This is the Sign of Personal Service — a sign of thousands of independent hardware retailers throughout the nation. It's a symbol of friendly service in keeping your needs supplied.

Mrs. James Manning, Youth Activities Chairman of the Ladies Auxiliary to Farmington Post 4033, Veterans of Foreign Wars, opened her home Wednesday evening, September 14, for a business and social meeting of the Girl Youth Group sponsored by the V.F.W. Dorothy Lind, president of the auxiliary, presided over the meeting. The next meeting will be held on Saturday afternoon, October 15.

Plans for the Country Store, a project under the direction of Mrs. William Fairley, Rehabilitation chairman of the Ladies Auxiliary, are progressing. On Wednesday, October 19, the Farmington Town Hall will be transformed into an old-fashioned country store with cracker barrel where such merchandise will be sold to the public as: fresh garden vegetables, pickles, canned fruit and vegetables, home and jellies, fresh eggs, comb honey, hand-made pot holders, embroidered pillow cases, aprons, sugar cookies and taffy. A rummage sale, where bargains in new and used items can be found, will be included. At 6:30 p.m., the dinner bell announced the home-cooked dinner served by the ladies. After dinner a Cake Walk will be staged.

Gordon Lint In Marine Band

Pfc. Gordon W. Lint, USMC, son of Mr. and Mrs. Alfred D. Lint of 2124 Roosevelt Street, Farmington, was a member of the combined Washington, D. C., Marine Drum and Bugle Corps and the Quantico Marine Band, which recently flew to Chicago to play for the fourth annual Armed Forces Relief benefit football game between the Chicago Bears and the New York Giants.

Proceeds from the annual professional football classic went to the Navy Relief Society and the Army Mutual Aid Society, which furnish emergency financial aid to servicemen and their dependents.

Pfc. Lint, who plays the bass horn in the Quantico Marine Band, has been a member of the organization for 44 months and has served in the Marine Corps for 47 months. The Quantico Marine Band and the Washington Drum and Bugle Corps often form a combined unit when playing for major engagements.

Injured Girl To Recover

Marie Fern Marsh, 4, daughter of Mr. and Mrs. Harold Marsh of Rhonswold Avenue, is recovering from the injuries received last week when she was struck by a stake rack that hopped from a moving truck.

The girl's parents, appreciative of the aid offered by the family doctor and neighbors, have stated the girl will be out of the hospital in a short time, perhaps a week or ten days.

Marie Fern was injured last Tuesday when a passing truck struck a bump and threw its side stake rack. She was taken to St. Joseph's Hospital in Pontiac, where she remained in "critical" condition until Friday.

However, after surgery for a ruptured spleen, internal bleeding and other injuries, the girl will recover.

Township Roads

(Continued from Page One)

The Board stated that such complaints should be filed with the County. Blanchard stated that several changes have been made through the Road Commission at the request of residents where they did not conflict with other street names.

Another complaint was registered regarding the fact that no hours have been set aside when the Township offices are to be open nor has a person been designated to be at the office during certain designated business periods.

The Board also stated at the regular meeting that arrangements are now being made to confer with a plumber and electrician in preparation of the Building Code. The Board has already approved its intent to draft a Building Code for the Township. A special meeting is expected to be held sometime this week to work out the details of the building code.

Food Inspector Closes Restaurant

State Food Inspector Carl Williams closed the restaurant on Grand River Avenue operated by the Richters Monday. Williams ordered the "Brass Rail Dining Room" to remain closed until the sanitary codes had been complied with.

The restaurant remained closed Tuesday and re-opened Wednesday. The restaurant was leased to the Richters by Leo Wasserman, proprietor of Buck's Cafe. It is located in the same building.

Odds On Striking Oil Now 13 To 1

The odds on locating a producer in Michigan wildcat oil well drilling in 1949 were once 13, according to the annual summary of oil and gas field operations just released by the conservation department's geological survey. Oil production increased for the second year, with gas production went down 10 per cent compared to 1947.

Of the 312 wildcat wells, 10 tapped new fields and nine extended existing fields. Five opened new gas fields.

Drilling in both wildcat and proven territory in 1948 totaled 2,120, 000 feet of hole, a slight increase over 1947, and an average depth of 2,216 feet compared to 2,370 feet last year. The lesser depth is accounted for by intense activity in westward and southern Michigan where producing depths range from 1,000 to 2,500 feet.

The department issued drilling permits for 318 oil and gas wells over 1947, and an average of 184. Oil production of 16,871,046 barrels, an increase of four per cent over 1947, ended a five-year period of declining production. Total average production for the year was 46,222 barrels.

Gas production was 21,869,587 cubic feet, a decrease of 10 per cent over 1947. This is the first time in the history of Michigan's petroleum industry that gas production declined from the preceding year.

The amount of brine produced with the oil in Michigan fields increased in 1948, but operators continued their excellent record by reducing 28 per cent of the brine underground.

The Pentwater field in Mason and Oceana counties was the most important of the 1948 discoveries in adding new reserves. Isabella county, discovered last October, promised development of important new reserves.

Michigan's 12th "strike" of 1949, Casco township, Allegan county, was made early this month. The department has issued 866 oil and gas wildcat drilling permits through July of this year.

Protest Meeting

(Continued from Page One)

perver and Board of Farmington Township to formulate a road building program of immediate action. Respectfully submitted, The Committee.

During the meeting, individual complaints of road failure were brought to the attention of Mr. Brooks. Some, he said, could receive attention from the county department. However, most required reparation of the road through local funds or legal obligation.

31 Picked Up In Roadhouse Raid

Thirty-one people, some of them Farmington citizens, were picked up by Sheriff's officers and State Police Saturday night on a raid on a roadhouse operated by Willard Buchanan and located on 10 Mile and Howardsbrook Roads.

The 31 were released Monday morning pending the arraignment of Buchanan on a State liquor regulations charge.

Potatoes, one of America's principal crops, are grown in every state of the Union.
