WASHINGTON MERRY-GO-ROUND

(Continued from Page Two)
was one letter written to the agriculture department with Thomas's name signed to it regarding the department's egg-price-support program, but Thomas started an official Senate investigation of eggs.

In doing so, Thomas wrote a letter to Sen. Clinton Anderson of New Mexico, whom he placed in charge of the investigation, asking that he call certain people as witnesses. And in hiding them he scrupulously avoided the name of W. D. Termohlen, agriculture department poultry chief, because Dyke Cullum had told him that Termohlen was not cooperative.

Cullum had so notified the poultry division with letters, phone

statements, and circulars. THE ACTS OF CONGRESS OF THE 80TH CONGRESS, PUBLIC ACTS OF MARCH 1, 1928, AND JULY 1, 1928, TITLE 28, U. S. CODE, SECTIONS 223 OF THE Farmington Enterprise published weekly at Farmington, Michigan, for October 1949.

calls and personal visits in which he claimed to represent the senate agricultural committee that Termohlen finally challenged him — bluntly asked whether he was paid by the senate committee.

"I'm one of those who don't get paid!" Cullum retorted.

"Do you work for the agriculture committee?"

"I represent Senator Thomas personally," Cullum declared.

Cullum also wrote, both under his own name and that of Senator Thomas, asking about and criticizing the egg program. He did not at any time reveal, of course, that he had purchased 10 cartons of eggs for the purpose.

Finally Ralph Trigg, agriculture production and marketing chief, wrote back opposing Cullum's ideas. He then received an insulting letter suggesting that "Trigg didn't understand eggs," and that perhaps a special assistant secretary should be appointed to relieve Trigg of his responsibilities.

Edgemoor Items

Just a fortnight or so ago there was nothing at this particular spot but grass and weeds. But today — a two-pump gas filling station, which went up faster than mushrooms after a rain, beckons tourists. The new gas station is operated by Mr. Alfred E. Jean, and his son, of 25010 Hollerest Drive. They also have a farm service and feed store adjoining the station at 12 Mile and Orchard Lake Roads.

Mrs. Julia Stock of Lapeer, 32 year old mother of Mrs. John Stock, of Edgemoor, visited her son and his family on Sunday. With her was her daughter, Mrs. Grace Chance, and son, Robert. The three drove over from Lapeer.

Another lady in her 80's, Mrs. Mary Weston of Lansing, who was a dinner guest of Mr. and Mrs. Raymond Layland of 28223 Grayling Avenue, Mrs. Weston traveled alone on the bus. From Layland's, she continued on to visit her sister in Detroit on Saturday, September 24.

Mrs. Jack Adams, of 30720 12 Mile Road, visited friends in Toronto, Canada, on Sunday, September 25. Television has invaded the Forest Hills subdivision. The first set was bought by Mr. and Mrs. E. R. Warrick of 27651 Stannish Boulevard. Wonder if TV sets would sell faster if they threw in

a hundred-pound bag of unpeppered popcorn.

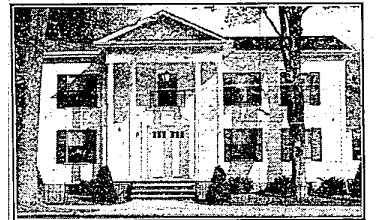

Little Miss Irene Hills, of Edgemoor Drive, attended her "first" farm dance on September 17. She is a student at the Farmington Junior High School, having graduated last year from Bond School. Miss Irene takes piano lessons.

A lady who lived alone in our section adopted a stray pup — a pup whose owner ruthlessly dumped her out on the highway to shift for herself. For two days the pup stayed on the road, waiting vainly for her master to return. Finally, the pup timidly trotted up to the lady to accept a crust of bread. The puppy that was lonely and the lady who lived alone are now happy home companions; the pup recently showed her affection by presenting the lady with eight puppies! Her third litter, if you please!

If water in your tractor battery gets too low, the acid concentration goes up, damaging the plates and shortening the life of the battery. Michigan State College agricultural engineers urge frequent checks to make sure the battery water supply is adequate.

Whatever the Price Class

"Buick's the Buy"

It's part of every street scene—something you see every day. Car owners in three different price classes—all happy about the same thing. One of them drives a new Buick SPECIAL, which you see poking forth its new, bold-look forefront at the left of our picture. Another will tell you there's nothing like the SUPER's "happy medium" of size and comfort, power and easy handling, style and standing.

And if you're looking for prestige, where is your money going to buy so much as in that handsome 18-footer, the ROADMASTER, with its 150-hp performance and really royal bearing?

But all these good folks get together on this: There's no ride quite so soft and cushiony as the Buick ride, whatever the size and series. There's no power quite so satisfyingly lively as Buick's high-compression, high-pressure Fire-ball power. Above all, there's no "buy" like a Buick — no car that gives you such a rich
