**NOTICE OF SALE**  
2488  
TWENTY-EIGHT THOUSAND DOLLARS SPECIAL ASSESSMENT BOND, FARMINGTON TOWNSHIP, OAKLAND COUNTY, MICHIGAN.  
Notice is hereby given that sealed bids will be accepted for the purchase of the Township of Farmington, Oakland County, Michigan, at the office of the Township Clerk, by a certificate of sale on the 20th day of December, 1949. The bids will be publicly opened, read and considered at the meeting of the Township Board of Trustees, held at the Township Office, on the 20th day of December, 1949, at 10:00 o'clock in the forenoon. The Township Board of Trustees reserves the right to purchase the bonds for the purpose of constructing a well, pumping station and water lines in Woodstock Township and within the Township of Farmington. The bids and credit of the Township will not be given. Such bonds will be dated September 1, 1949, in the denomination of One Thousand Dollars (\$1,000) each, and numbered 1 to 28 in direct order of their maturity, and are as follows:

One Thousand Dollars (\$1,000) on the first day of November, 1950, payable from 1951 through and including 1952.  
Two Thousand Dollars (\$2,000) on the first day of November of each year from 1953 through and including the year 1959.  
The bonds shall bear interest at the rate bid by the purchaser, but not less than 4 1/2 per cent, per annum with interest payable on the first day of November of each year. The bonds shall be for all said bonds and shall state the date of maturity of each bond, and the rate of interest to be paid on the bonds at the time of delivery. The Township reserves the right to call in direct payment of the bonds and all such bonds for redemption before maturity at the rate of eight per cent of the face value thereof, plus interest thereon to the date of such redemption. The bonds shall be subject to redemption prior to each redemption date by publication in a newspaper published in Farmington, Michigan, and carrying as a part of its issue a notice of the date of maturity of the bonds. The bonds will be payable at the bank or banks in the State of Michigan.

For the purpose of awarding the bonds the lowest cost of each bid will be computed by determining the rate of interest therein, the total dollar value of all future bid interest on the bonds from November 1, 1950, to their maturity, and deducting therefrom any premium or discount on the bonds. The bidder whose bid on the above computation results in the lowest interest cost to the Township of Farmington, Michigan, shall be the successful bidder. The successful bidder will be furnished without expense the unqualified approval of the Township Board of Trustees, and the law firm of J. H. C. Clark, Detroit and Grand Rapids, Michigan. The Township will pay the cost of furnishing the bonds.

She prays that she be authorized to sue and be sued, and to do all other acts and things which may be necessary or proper to carry out the duties of said office. She prays that she be authorized to execute all necessary instruments and to do all other acts and things which may be necessary or proper to carry out the duties of said office.

**LEYTE BATTLE BLUNDER**  
It was the battle of Leyte, where carriers also played an important part, which convinced many navy men that unification was necessary. Divided American command and a Japanese almost proved disastrous for U. S. ships.

The command in the battle of Leyte was divided as follows. General MacArthur commanded not only the army but the western fleet under Adm. Tom Kincaid. It was Kincaid's job to protect the landing of MacArthur's troops. The rest of the fleet was under Admiral Nimitz who had delegated the immediate command to Admiral Halsey.

Halsey was supposed to keep Kincaid advised at all times of his own fleet's movements, but not take orders from him. His telephone lacked enough range.
